## TODAY

**Another Happy Day.**
**Mr. Brown and Mr. Winter.**
**Lucky Japanese Baby.**
**He Bid Seven Hearts.**

By ARTHUR BRISBANE.

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

Another brisk and happy day in the stock market. Money was cheap—if you had collateral—stocks were dear and going up. Wheat jumped six cents, when Spain sent in an order for 2,000,000 bushels. Many stocks beat their high records for the year, including railroads.

The broker, homeward plodding his weary way, defied anybody to say this isn't a pretty country. He even stepped in to buy something for the "Little Lady."

A. B. Storey, president of the Santa Fe, dropped into the Wall Street section for a few hours, and comforted inquirers about the southwest, as the lovesick gentleman in the Bible wished to be comforted with apples.

The drought in Kansas, Oklahoma and Texas is definitely broken. Kansas will ship about 125,000,000 bushels of wheat, and the pessimist is a donkey.

Are you one of the many convinced that we should keep out "the foreign element" reserving our land and opportunities for the native born?

Consider Frederick Brown, of New York. He came here from Czecho-Slovakia with his father, not long ago, bringing no wealth, except brains and character. He has just given $1,000,000 to charity, promising $50,000 a year more as long as he lives.

The old Talmudic writer said: "What you give in health is gold; in sickness, silver; after death, lead." Mr. Brown is healthy. May he remain so.

How many of the native born can you mention, off-hand, that have made and given away a million, in a few years, adding a promise of $50,000 a year more?

Vincent Astor, very much "native born," has sold his big New York house in Fifth avenue at a price that [illegible] a good single taxer sheds tears of fury. Benjamin Winter, buyer of the house, was not born in America. He will tear down the Astor residence and build in its place a huge apartment hotel that will keep hundreds of mechanics busy and provide homes for hundreds of Americans.

Isn't the man that builds as useful to this nation as the man that inherits? Don't we need a building class more than an inheriting class?

If so, don't keep out the good men from Europe. Such men came here and built this nation. There are more in Europe like them.

Japan's prince regent, Hiro Hito, tells the empire officially, that his wife expects an heir. The princess cancels all engagements. She will devote her time, before and after, to that new little "son—or daughter—of heaven," and will think herself well rewarded for all her care when the baby smiles at her.

No one will persuade her that "in justice to your own health, and looks, my dear, you must not think of nursing the baby." And, she won't be smoking cigaretes in bed three days after it is born. Both things happen quite often, among the prosperous in our superior white civilization.

In Japan, if you raise your hand to a little child, frowning, and threatening, the child will laugh, knowing that you pretend. No one there ever strikes a child. That's one reason why the Japanese fight so well, when they do fight. The Japanese spirit is not broken in childhood.

This will interest millions. Dr. Jenney of the learned Triangle club at the Chicago university, held 13 hearts at bridge, bid "seven hearts," and of course, made his bid.

The extraordinary thing is that the holding of a "perfect hand" has, within a short time happened twice at the same club, although the mathematical chances, calculated by the university mathematicians, are six hundred billions to one against it.

Don't hope for such a hand. Playing five hours a day, dealing 10 hands to the hour, in the ordinary course of events, you would have to play bridge a great deal longer than three hundred thousand years to get 13 hearts.

# EAST END SITE FOR PROPOSED JUNIOR HIGH SCHOOL SOUGHT

### Board of Education Calls For Offers of Property.

### DEFER BUILDING

### Plan Action May 21 on Religious Training Suggestion.

Steps looking toward the purchase of a site in the East End, "centrally and advantageously located, and suitable ultimately for junior high school purposes," were taken at the semi-monthly meeting of the board of education last evening.

**Brookes Offers Resolution.**

In a resolution, submitted by Attorney Jason H. Brookes, the board invites property owners in East End to submit offers to Emmet J. Gaston, clerk-treasurer. Should there be no offers of sites which are favorable for school purposes, the board will "proceed to acquire such a site by purchase, if possible, or by condemnation if necessary."

The resolution, adopted by a unanimous vote, follows:

"Resolved, That it is expedient for this board to secure immediately an additional school site in the East End, centrally and advantageously located, and suitable ultimately for junior high school purposes; that owners of available sites be invited to submit their offers for the same to the clerk of the board; and that we proceed to acquire such a site by purchase, if possible, or by condemnation if necessary."

"Our East End schools are crowded to overflowing," said Mr. Brookes, in submitting the resolution. "We have erected two portable buildings at the Garfield school and yet every room is filled. We are imposing on our teachers, many of them being forced to take care of some 50 children.

"Ultimately we are going to need a site for a school building in that section of the city, to take care of children from that part of town. Should a new industry come to East End, it would be impossible for us to properly educate children who would accompany their parents here. This does not mean that we are going to

## 22,000 Riffs Hammer French Army; Call For Reinforcements

LONDON, May 8.—Twenty-two thousand fanatical Riffian tribesmen spurred on by racial and religious hatred and exaltng in their victory over the Spanish army in Spanish Morocco, have forced the French army of 12,000 to send a hurry call for reinforcements, dispatches from Morocco today said.

French troops under General Columbat have been halted in their advance in the hills of Bibane, and French outposts cut off by Abd-El-Krim's hordes are badly in need of food, a dispatch to the Morning Post related. General Columbat's forces were trying to revictual the isolated outposts when they encountered resistance from the enemy.

## ANOTHER "BABY FARM" DEATH

NEW YORK, May 8. — Another death of a baby was added today to the list of infants who, it is alleged, have died at the "baby farm" conducted by Mrs. Helen Augusta Geisen-Volk in East Eighty-sixth street.

The baby, an unidentified 10-day-old boy, had been hurriedly removed from the infantorium after charges had been made that babies were being starved there. The baby died this morning in the Metropolitan hospital.

## OHIO BISHOP TO VISIT HERE

Rt. Rev. Warren Lincoln Rogers, bishop coadjutor of the Episcopal diocese of Ohio, will pay his first visit to East Liverpool on Sunday, June 7.

# BISHOP ROGERS WILL CONDUCT SERVICES HERE

### Prelate Plans Tour of Northern Part of State.

In a swing around the northern part of the state, Rt. Rev. Warren Lincoln Rogers, bishop coadjutor of the Episcopal diocese of Ohio, will visit East Liverpool on Sunday morning, June 7, when he will conduct services in the St. Stephen's church, it was announced today.

He will come here from Youngstown, where he will conduct services on June 5. He will also visit St. Stephen's church in Steubenville in the evening of the day he is to appear here.

Bishop Rogers was consecrated at St. Paul's Cathedral, Detroit, last week. He is a personal friend of Rev. Lionel C. Difford, rector of St. Stephen's church. He was elected to succeed Bishop Frank De Moulin, who resigned because of ill health.

## Salineville Man Tangled in Wire By Mule; May Die

Patrick Maher, aged about 75, Salineville farmer, is in the City hospital in a critical condition, as the result of injuries sustained while erecting a barbed wife fence Thursday.

Maher was using a mule to stretch the wire on the fence when one of his feet was entangled. The aged man was badly cut before the animal was halted.

He was brought to the hospital last evening. Dr. C. H. Bailey attended him.

## Young Tennessee Farmer is Killed In Revolver Duel

KNOXVILLE, Tenn., May 8. — A primitive duel today at Taxwell, Tenn., near here, resulted in the death of Oscar O'dell, 22. Carl Cole, 23, was held charged with the shooting.

The two men, sons of farmers of Claiborne county, met, an argument ensued and they both pulled revolvers and fired almost simultaneously.

**Ohio Suffragist Is Dead.**

CLEVELAND, May 8. — Mrs. John Nelson Stockwell, 49, one of the leading suffragists of the United States, is dead at her home here.

### TWO QUALIFY

### June 12 Dead Line for Municipal Primary Declarations.

With the re-organization of the Columbiana county board of deputy state supervisors of election last night, steps were taken for the biennial municipal primaries which will be held on Tuesday, August 11.

J. S. Hilbert, Republican, of East Liverpool, whose re-appointment was announced last week by Secretary of State Thad H. Brown, was re-elected chief deputy, while John W. Moore, Democrat, East Liverpool, was chosen clerk.

The oath was administered by C. A. Cavanaugh, Democrat, of Salem, who, with Mr. Hilbert, was re-appointed by the state's election chieftain for a two-year term.

Other members of the board are R. N. Chamberlain, Republican, of East Palestine, and C. N. Brananan, Democrat, of Wellsville.

Attention of candidates seeking nomination at the municipal primaries was directed to the fact that the dead line for filing declarations is June 12.

Registration days in East Liverpool for the primaries will be designated by Chief Deputy Hilbert and Clerk Moore.

# CHURCH HONORS DR. J. H. SLOAN

### Nazarene Conference Re-elects Local Pastor Superintendent.

Dr. J. Howard Sloan, of East Liverpool, was unanimously re-elected superintendent of the Pittsburgh district, Church of the Nazarene, at today's session of the 18th annual assembly, being held in the First Church of the Nazarene, corner St. Clair and Lincoln avenues.

This is Dr. Sloan's seventh successive year as superintendent. Since assuming the office, the membership of the some 50 churches in the district has almost trebled. He was cheered when his election was announced. A glowing tribute to Mrs. Sloan, the district superintendent's wife and co-worker, was paid by Dr. J. W. Goodwin, general superintendent, who presided. Other officers will be named at the afternoon session.

Rev. O. L. Benedum, pastor of the local church, announced that the services tonight and Saturday evening and Sunday would be transferred to

## REVIVAL MEETS AT CALCUTTA

Evangelist Harry G. Kaye of Pittsburgh, is in charge of a series of evangelistic meetings being held in the town hall at Calcutta.

Oliver Johnson, of this city, who is directing the music, gives solo selections at each meeting. A special sermon in honor of mothers will be delivered Sunday evening.

Services will be held every evening with the exception of Saturday.

## Half Holiday Plan For Mail Carriers Effective Saturday

The Saturday half holiday for mail carriers in the residential district will become effective tomorrow, Postmaster Edwin McClure announced today.

The weekly half holiday plan for summer months was adopted here last year.

The arrangement will not affect mail deliveries and collections in the business district.

## HUNDREDS DIE IN SHIPWRECK

LONDON, May 8.—A hundred persons were believed drowned in the wreck of the Japanese steamer Toyo Maru in a storm near Saschokyushu, according to a news agency dispatch from Tokio today.

## SHE IS "MOTHER" OF MOTHERS' DAY

Mrs. Anna Jarvis.

Observance of Mothers' Day annually all over the United States is due to Anna Jarvis, of Philadelphia. She inaugurated the custom, and she also chose the carnation as the Mothers' Day flower. She now is president of the Mothers' Day association.

# PLAN MOTHERS' DAY SERVICES IN CHURCHES

### Tribute Will be Paid Living and Dead Next Sunday.

### WEAR CARNATIONS

### Governor's Proclamation Calls for Observance in Ohio.

In keeping with a proclamation issued by Governor A. V. Donahey, "Mothers' Day" will be observed in East Liverpool churches next Sunday.

Special sermons, in memory of mothers, living and dead, will be delivered by the pastors. In most cases, special services will be conducted in the morning, although a few churches have arranged programs for the evening service.

Carnations will be worn during the day.

Governor Donahey's proclamation, calling upon churches and other religious organizations to honor "the one who gave us birth," follows:

"By virtue of the power and authority in me vested, as governor of Ohio, I hereby proclaim Sunday, May 10, 1925, as Mothers' Day, asking that it

## Rabbi I. E. Philo At B'Nai Israel Temple on Sunday

Third anniversary of the dedication of the B'nai Israel synagogue, West Fifth and Monroe streets, will be celebrated at 3:30 o'clock Sunday afternoon. Rabbi I. E. Philo, of Youngstown, will speak. The public is invited.

# BASKETBALL PROMOTER OPTIONS BUILDING FOR AMUSEMENT AUDITORIUM

### Frank D. Allison, Organizer and Member of Original East Liverpool Cage Team, Takes Steps to Acquire Home for Quintet to Represent City in 12-Club National Circuit.

### MODERN STRUCTURE IN BUSINESS DISTRICT SOUGHT AS SPORT CENTER

### Sponsor Plans to Give Boxing Shows and Operate Roller Skating and Dancing Pavilion in Project Involving Immediate Investment of Approximately $150.00 by Company.

The acquisition of one of the biggest building plots in the heart of the business district of the city in a deal, which, if closed, eventually will involve an expenditure of more than $150,000; the incorporation of a company capitalized at $250,000, and the opening of an auditorium, basketball court and exhibition hall are steps in the proposed plans of Frank D. Allison, for putting East Liverpool back on the sport map in major league style, he announced today.

Allison, who is the backer of the proposed East Liverpool entry in the American Basketball league, a 12-club loop now being formed from the cream of the countrys cage talent, said he had obtained an option on a business plot within a stone's throw of the Diamond.

It is expected that the completion of the deal for the outright purchase of the plot may be announced within the next week or 10 days.

**Two Cage Games Weekly.**

According to present plans, the Frank D. Allison Real Estate company, Inc., will be formed following the purchase of the plot, with a capitalization of $250,000. At least 60 per cent of the company's stock will be held by Allison, and the remainder, it is said, will be financed by New York and Pittsburgh capital.

East Liverpool's club in the American Basketball league will have first call on the proposed auditorium. At least one game a week, and possibly two, it is said, will be played on the floor, providing officials of the cage circuit grant a franchise to East Liverpool. As evidence that this city is one of the most likely candidates for a berth is the fact that Allison's $1,000 cash membership fee has been accepted by the league and has been placed in its treasury.

In addition to basketball, provisions will be made for roller skating, dancing, boxing bouts and public exhibitions such as auto shows, etc.

## "Eternal Triangle" Case Bombshell to Washington Society

WASHINGTON, May 8.—An "eternal triangle" in which all the principals are youthful and socially prominent startled the capital today.

Henry N. Lamar, 19, college athlete and present holder of the amateur heavyweight championship of the country, was sued for absolute divorce by his 19-year-old wife, Phyllis Moore Lamar. She named Norma Vemeyer, 20, as corespondent.

Lamar and his youthful wife eloped Sept. 9, 1923, and were married secretly. Their families live across the street from each other in Riggs place. Since their marriage they have lived mostly in their respective homes while they finished their educations.

## Athletic Director Held for Misconduct At Knoxville, Tenn.

KNOXVILLE, Tenn., May 8.—John R. Bender, former athletic director of Knoxville public schools, was bound over to criminal court again today by a magistrate's court, after his second trial on six complaints charging misconduct toward six school girls, ranging in age from 10 to 13 years.

Julia Brannen, 11, was Bender's accuser today, and he was bound over in the sum of $3,000 bail. Yesterday's charge, preferred by Evelyn Whitson, 11, resulted in Bender being held under $2,500 bond.

Four similar cases still confront Bender.

# RURAL LANE JOB GETS O. K.

### City Acts After Engineer and Server Inspect Work.

After a thorough inspection by Engineer John George and Service Director A. G. Ellis, the Rural lane improvement job, in charge of George B. Patterson, Wellsville contractor, was approved by the city today.

Reports made to council recently were to the effect that the concrete surfacing was faulty at several places along the alley. The engineer and service director carefully examined the job and found but one place, near Jefferson street, where the concrete was not smooth.

This, it is claimed, was caused by Salt water allowed to flow into the street and also by a steel-tired motor truck which had driven through the alley before the concrete had been seasoned. This piece of concrete, about 10x15 feet square, is being replaced today. Heavy sledge hammers and steel wedges had to be used in digging out the concrete.

"Every batch of concrete that was used in the job was carefully examined and tested before it was placed in the mixer," said Engineer George. "The alley was built according to specifications, and reports that the concrete is so soft that it has been loosened with a garden hose, are absolutely without foundation and untrue."

## ACQUIT WIDOW OF HOMICIDE

PITTSBURGH, May 8.—Mrs. Elizabeth Ladinsky, 34, charged with having slain her husband because she feared that he intended to have her committed to an insane asylum was adjudged not guilty by a jury of seven women and five men here today.

According to testimony adduced at the trial, Ladinsky, a wealthy jeweler, was killed in his home just before or just after his wife fled from the house to escape from his attack.

## Southern Portion Of Philippines is Rocked by Quakes

MANILA, May 8.—The southern portion of the Philippine Islands continued to be rocked today and last night by earthquakes. Considerable damage has been done, partially wrecked buildings and homes having been reported from many localities.

The quakes were reported as originating in the Pacific Ocean.

## Cloudy Weather May Delay Start Of Polar Flight

COPENHAGEN, May 8.—Cloudy, snowy weather today made the start of the polar flight unlikely.

Captain Roald Amundsen, Arctic and Antarctic explorer, and Lincoln Ellsworth, Ohio flyer, who will accompany him, were waiting at Spitsbergen with their amphibious airplane for favorable weather.

# STORAGE HOUSE EMPLOYE INJURED IN FALL DOWN ELEVATOR SHAFT

### Frank O'Hanlon, 55, Grant Street, Plunges 15-feet When he Steps Into Space in Darkness in Sturgis Building.

Frank O'Hanlon, 55, Grant street, narrowly escaped serious injury at 5 o'clock last evening in a 15-foot fall down the elevator shaft at the Sturgis storage warehouse, Dresden avenue, where he is employed. He sustained a deep scalp laceration and was badly bruised about the body.

O'Hanlon, who has charge of the storage in the building, accompanied by another man, started for the elevator, intending to go to the basement to get an automobile. He lifted the elevator gate, and, presuming the elevator car was on the floor level, stepped off into space. He fell to the bottom of the elevator shaft and was rendered unconscious.

His companion summoned help and O'Hanlon was taken to the City hospital in the Sturgis ambulance. He regained consciousness on his way to the hospital. He was attended by Dr. R. J. Marshall.

George Conkle, Seventh street automobile mechanic, sustained fractures of two vertebrae and other injuries in the same kind of an accident at the Sturgis building about eight weeks ago. Conkle has been discharged from the hospital, but has been unable to resume his work.

# AIR-TIGHT BLOCKADE OF RUM SHIPS OFF U. S. SEABOARD CONTEMPLATED

### Admiral Billard Maps Out Plan by Which all Shores Can be Protected Against Liquor Smugglers.

WASHINGTON, May 8.—With the government's spectacular drive against rum runners in full swing off the New York coast, coast guard headquarters here today disclosed that an airtight blockade of ship surrounding America's entire seaboard is contemplated.

Admiral F. C. Billard, commandant of the coast guard, who organized the present rum offensive, has mapped out a plan by which all shores of the country can be protected against liquor smugglers.

Increased appropriations will be asked of congress to carry on the campaign.

With the initial attack at the heart of rum row virtually completed, the coast guard is now faced with the slow, tedious task of wearing out the rum fleet, not only off the New York coast, but at the hundreds of other ports of entry for liquor.

**Anticipate Change of Tactics.**

Officials anticipate a change of tactics of the rum runners and that some of the liquor ships will transfer their activities to other points along the Atlantic and Gulf coast.

No intimation of other concentra

With the re-organization of the Columbiana county board of deputy state supervisors of election last night, steps were taken for the biennial municipal primaries which will be held on Tuesday, August 11.

J. S. Hilbert, Republican, of East Liverpool, whose re-appointment was announced last week by Secretary of State Thad H. Brown, was re-elected chief deputy, while John W. Moore, Democrat, East Liverpool, was chosen clerk.

The oath was administered by C. A. Cavanaugh, Democrat, of Salem, who, with Mr. Hilbert, was re-appointed by the state's election chieftain for a two-year term.

Other members of the board are R. N. Chamberlain, Republican, of East Palestine, and C. N. Brananan, Democrat, of Wellsville.

Attention of candidates seeking nomination at the municipal primaries was directed to the fact that the dead line for filing declarations is June 12.

Registration days in East Liverpool for the primaries will be designated by Chief Deputy Hilbert and Clerk Moore.

# CHURCH HONORS DR. J. H. SLOAN

### Nazarene Conference Re-elects Local Pastor Superintendent.

Dr. J. Howard Sloan, of East Liverpool, was unanimously re-elected superintendent of the Pittsburgh district, Church of the Nazarene, at today's session of the 18th annual assembly, being held in the First Church of the Nazarene, corner St. Clair and Lincoln avenues.

This is Dr. Sloan's seventh successive year as superintendent. Since assuming the office, the membership of the some 50 churches in the district has almost trebled. He was cheered when his election was announced. A glowing tribute to Mrs. Sloan, the district superintendent's wife and co-worker, was paid by Dr. J. W. Goodwin, general superintendent, who presided. Other officers will be named at the afternoon session.

Rev. O. L. Benedum, pastor of the local church, announced that the services tonight and Saturday evening and Sunday would be transferred to

Mrs. Anna Jarvis.

Observance of Mothers' Day annually all over the United States is due to Anna Jarvis, of Philadelphia. She inaugurated the custom, and she also chose the carnation as the Mothers' Day flower. She now is president of the Mothers' Day association.

# PLAN MOTHERS' DAY SERVICES IN CHURCHES

### Tribute Will be Paid Living and Dead Next Sunday.

### WEAR CARNATIONS

### Governor's Proclamation Calls for Observance in Ohio.

In keeping with a proclamation issued by Governor A. V. Donahey, "Mothers' Day" will be observed in East Liverpool churches next Sunday.

Special sermons, in memory of mothers, living and dead, will be delivered by the pastors. In most cases, special services will be conducted in the morning, although a few churches have arranged programs for the evening service.

Carnations will be worn during the day.

Governor Donahey's proclamation, calling upon churches and other religious organizations to honor "the one who gave us birth," follows:

"By virtue of the power and authority in me vested, as governor of Ohio, I hereby proclaim Sunday, May 10, 1925, as Mothers' Day, asking that it

# BASKETBALL PROMOTER OPTIONS BUILDING FOR AMUSEMENT AUDITORIUM

### Frank D. Allison, Organizer and Member of Original East Liverpool Cage Team, Takes Steps to Acquire Home for Quintet to Represent City in 12-Club National Circuit.

### MODERN STRUCTURE IN BUSINESS DISTRICT SOUGHT AS SPORT CENTER

### Sponsor Plans to Give Boxing Shows and Operate Roller Skating and Dancing Pavilion in Project Involving Immediate Investment of Approximately $150.00 by Company.

The acquisition of one of the biggest building plots in the heart of the business district of the city in a deal, which, if closed, eventually will involve an expenditure of more than $150,000; the incorporation of a company capitalized at $250,000, and the opening of an auditorium, basketball court and exhibition hall are steps in the proposed plans of Frank D. Allison, for putting East Liverpool back on the sport map in major league style, he announced today.

Allison, who is the backer of the proposed East Liverpool entry in the American Basketball league, a 12-club loop now being formed from the cream of the countrys cage talent, said he had obtained an option on a business plot within a stone's throw of the Diamond.

It is expected that the completion of the deal for the outright purchase of the plot may be announced within the next week or 10 days.

**Two Cage Games Weekly.**

According to present plans, the Frank D. Allison Real Estate company, Inc., will be formed following the purchase of the plot, with a capitalization of $250,000. At least 60 per cent of the company's stock will be held by Allison, and the remainder, it is said, will be financed by New York and Pittsburgh capital.

East Liverpool's club in the American Basketball league will have first call on the proposed auditorium. At least one game a week, and possibly two, it is said, will be played on the floor, providing officials of the cage circuit grant a franchise to East Liverpool. As evidence that this city is one of the most likely candidates for a berth is the fact that Allison's $1,000 cash membership fee has been accepted by the league and has been placed in its treasury.

In addition to basketball, provisions will be made for roller skating, dancing, boxing bouts and public exhibitions such as auto shows, etc.

## "Eternal Triangle" Case Bombshell to Washington Society

WASHINGTON, May 8.—An "eternal triangle" in which all the principals are youthful and socially prominent startled the capital today.

Henry N. Lamar, 19, college athlete and present holder of the amateur heavyweight championship of the country, was sued for absolute divorce by his 19-year-old wife, Phyllis Moore Lamar. She named Norma Vemeyer, 20, as corespondent.

Lamar and his youthful wife eloped Sept. 9, 1923, and were married secretly. Their families live across the street from each other in Riggs place. Since their marriage they have lived mostly in their respective homes while they finished their educations.

## Athletic Director Held for Misconduct At Knoxville, Tenn.

KNOXVILLE, Tenn., May 8.—John R. Bender, former athletic director of Knoxville public schools, was bound over to criminal court again today by a magistrate's court, after his second trial on six complaints charging misconduct toward six school girls, ranging in age from 10 to 13 years.

Julia Brannen, 11, was Bender's accuser today, and he was bound over in the sum of $3,000 bail. Yesterday's charge, preferred by Evelyn Whitson, 11, resulted in Bender being held under $2,500 bond.

Four similar cases still confront Bender.

# RURAL LANE JOB GETS O. K.

### City Acts After Engineer and Server Inspect Work.

After a thorough inspection by Engineer John George and Service Director A. G. Ellis, the Rural lane improvement job, in charge of George B. Patterson, Wellsville contractor, was approved by the city today.

Reports made to council recently were to the effect that the concrete surfacing was faulty at several places along the alley. The engineer and service director carefully examined the job and found but one place, near Jefferson street, where the concrete was not smooth.

This, it is claimed, was caused by Salt water allowed to flow into the street and also by a steel-tired motor truck which had driven through the alley before the concrete had been seasoned. This piece of concrete, about 10x15 feet square, is being replaced today. Heavy sledge hammers and steel wedges had to be used in digging out the concrete.

"Every batch of concrete that was used in the job was carefully examined and tested before it was placed in the mixer," said Engineer George. "The alley was built according to specifications, and reports that the concrete is so soft that it has been loosened with a garden hose, are absolutely without foundation and untrue."

## ACQUIT WIDOW OF HOMICIDE

PITTSBURGH, May 8.—Mrs. Elizabeth Ladinsky, 34, charged with having slain her husband because she feared that he intended to have her committed to an insane asylum was adjudged not guilty by a jury of seven women and five men here today.

According to testimony adduced at the trial, Ladinsky, a wealthy jeweler, was killed in his home just before or just after his wife fled from the house to escape from his attack.

## Southern Portion Of Philippines is Rocked by Quakes

MANILA, May 8.—The southern portion of the Philippine Islands continued to be rocked today and last night by earthquakes. Considerable damage has been done, partially wrecked buildings and homes having been reported from many localities.

The quakes were reported as originating in the Pacific Ocean.

## Cloudy Weather May Delay Start Of Polar Flight

COPENHAGEN, May 8.—Cloudy, snowy weather today made the start of the polar flight unlikely.

Captain Roald Amundsen, Arctic and Antarctic explorer, and Lincoln Ellsworth, Ohio flyer, who will accompany him, were waiting at Spitzbergen with their amphibious airplane for favorable weather.

# *STORAGE HOUSE EMPLOYE INJURED IN FALL DOWN ELEVATOR SHAFT*

### Frank O'Hanlon, 55, Grant Street, Plunges 15-feet When he Steps Into Space in Darkness in Sturgis Building.

Frank O'Hanlon, 55, Grant street, narrowly escaped serious injury at 5 o'clock last evening in a 15-foot fall down the elevator shaft at the Sturgis storage warehouse, Dresden avenue, where he is employed. He sustained a deep scalp laceration and was badly bruised about the body.

O'Hanlon, who has charge of the storage in the building, accompanied by another man, started for the elevator, intending to go to the basement to get an automobile. He lifted the elevator gate, and, presuming the elevator car was on the floor level, stepped off into space. He fell to the bottom of the elevator shaft and was rendered unconscious.

His companion summoned help and O'Hanlon was taken to the City hospital in the Sturgis ambulance. He regained consciousness on his way to the hospital. He was attended by Dr. R. J. Marshall.

George Conkle, Seventh street automobile mechanic, sustained fractures of two vertebrae and other injuries in the same kind of an accident at the Sturgis building about eight weeks ago. Conkle has been discharged from the hospital, but has been unable to resume his work.

# *AIR-TIGHT BLOCKADE OF RUM SHIPS OFF U. S. SEABOARD CONTEMPLATED*

### Admiral Billard Maps Out Plan by Which all Shores Can be Protected Against Liquor Smugglers.

WASHINGTON, May 8.—With the government's spectacular drive against rum runners in full swing off the New York coast, coast guard headquarters here today disclosed that an airtight blockade of ship surrounding America's entire seaboard is contemplated.

Admiral F. C. Billard, commandant of the coast guard, who organized the present rum offensive, has mapped out a plan by which all shores of the country can be protected against liquor smugglers.

Increased appropriations will be asked of congress to carry on the campaign.

With the initial attack at the heart of rum row virtually completed, the coast guard is now faced with the slow, tedious task of wearing out the rum fleet, not only off the New York coast, but at the hundreds of other ports of entry for liquor.

**Anticipate Change of Tactics.**

Officials anticipate a change of tactics of the rum runners and that some of the liquor ships will transfer their activities to other points along the Atlantic and Gulf coast.

No intimation of other concentra

## Japanese Burglars Getting Noisy; Wake Up Police Officers

TOKYO, May — Japanese robbers are getting too noisy. They are waking up the police.

Early one morning recently the guard at Yokohama police headquarters was enjoying the slumber of a just guardian of the law. A band of robbers entered the station and collected a few little things, the property of the police. Then they went to the garage at the rear and selected a truck to haul away their plunder.

In loading the truck, however, they made too much noise, and the guard awoke. Naturally, he was indignant at having his slumbers disturbed; so he shouted for help. That made the robbers mad, so they threw sand in the guard's eyes and drove away before help could arrive.

## Neighbors Talk of Change in Him Since World's Tonic Banished His Catarrh

World's Tonic did wonders for me. Why, all my neighbors are talking about the way I've improved since taking World's Tonic. It's nothing short of remarkable".

These were the words of a prominent farmer, of East Liverpool when he called to get a bottle of World's Tonic a few days ago.

"I suffered from catarrh ten years", he continued. "My throat and stomach were affected. Often my tongue was as red as a piece of red flannel and my tongue and throat were so sore that I could eat only liquid foods for days. I suppose my stomach was raw from catarrh that way also. Anyway, my stomach was all out of order. Often just drinking a glass of water made me vomit. The Catarrh also affected my nervous system. I slept very poorly. My heart frequently fluttered and palpitated. My breath was foul and I was constantly spitting up a dark mucus that sometimes had the color of coal dust.

"You can't understand how grateful I am to World's Tonic for relieving me of this trouble. When I saw that World's Tonic was helping me I kept right on and gave it a complete trial. I took several bottles. It surely did wonders for me because I haven't noticed a single symptom of my former trouble for some time now. Of course, I can't recommend World's Tonic too highly after what it did for me." Get a bottle today. Sold by Carnahan's, East Liverpool also Brennan's, Wellsville, and all other good druggists.

# More About The New Goods and The Activities of The Ogilvie Store

## "It Is Not That I Have So Little To Write About"

—says a noted creator of a brilliant newspaper column, "but rather that I have so much!"

"Every day brings such a bunch of thoughts and suggestions from here, there and everywhere, that I can't begin to use all of them. Some of the best bits never get into print."

Happens that way in our business, too. So many new things, so many special buying advantages to tell you about, that's it's simply impossible to get even the majority of them into our advertisements.

Customers frequently comment on this.

## The Stout Woman of Today

May be graceful and well-poised. Her clothes can fit her correctly and her figure neat and trim. But to look just right she should wear a Rengo Belt Reducing Corset.

If you are taking on weight and wish to retain your former grace of figure you can realize your desire by wearing a properly fitted Rengo Belt.

The special steelastic webbing belt over the too-prominent abdomen holds it flat and the re-inforced back and sides straighten and slenderize the hips. It corrects the abdominal and hip lines in the stout figure, yet gives a degree of ease and freedom which must be experienced to be appreciated.

The Rengo Belt Reducing Corset has a famous seventeen years reputation for long service and wearing qualities. They are sensible and hygienic.

An attractive figure is not a matter of size—it is a matter of correct proportions. Rengo Belt Reducing Corsets, through proper proportioning give the wearer an appearance of slenderness.

Age holds no tremors for the woman who moulds her figure wth one of these corsets. She is assured that she will retain her graceful figure and dignity of carriage.

They are designed for comfort and style. All the beautiful contours of the body are retained and any ugly lines are made lovely to wearers of Rengo Belt Reducing Corsets.

Our expert corsetière will be glad to advise you and fit you with just the proper style. Priced from $2.75 to $6.50.

## Find Your Auto ! With New Steti pe Recently Perfected

BERKELEY, Cal., May.—The costly trouble shooter in garages will have to look for another job soon because an automobile stethoscope has been perfected.

Adelbert V. Ladue, graduate student of the University of California, is the inventor of the automatic finder of ignition trouble. This automobile stethoscope, he claims, will locate any ignition trouble in less than five minutes. It can be used while the car is being driven and is easily attached to the engine.

The instrument is based on the stethoscope and certain mechanical principles underlying radio.

## Physicians May Soon Prescribe Burro Hair As Unique Prevention

LOS ANGELES, May.—Doctors may soon prescribe the "hair of the mule that kicked you" as remedy for hay fever, according to reports received here.

A local chemist has ordered from Arizona four pounds of burro hair, from which, he claims, an effective hay fever remedy can be made.

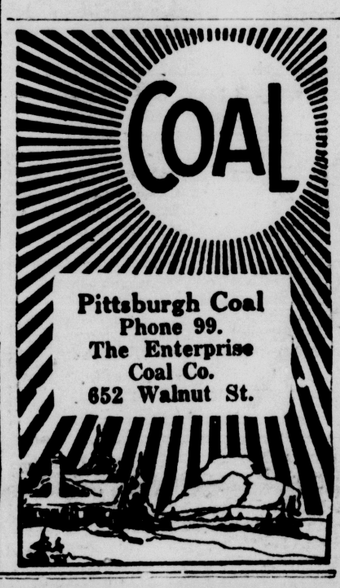

Sydney, Australia, is so thoroughly American in its alertness and growth that many American firms are establishing branches or agencies there.

**Satan's Hour**

Isabel had always been sheltered from the outer world. Then accident whirled her into a strange, jazz-mad universe. There the younger set gathered. The midnight rides, drinking and petting sickened and horrified her—until she met Normon, a clean, fine young man, whom she truly loved. They were to be married—then suddenly her dreams of happiness faded—her beautiful castles crumbled—and she was brought to realize what a trail of blasted hopes, bleeding hearts and ruined lives the Demon Jazz leaves in its wake. A startling true-life story that all young people—all fathers and mothers should read. Isabel tells it under the title "The Barrier Between" in June True Story Magazine. One of 18 big features. # Saunders, of Piggly Wiggly Fame, Gives Up 'Pink Palace'

## But Creditors are Unable to Find Purchaser for Mansion, Set up on 160 Acre Estate.

MEMPHIS, Tenn. — Clarence Saunders, former millionaire head of the Piggly Wiggly Corporation, has left a "lemon" on the hands of his creditors in the shape of a huge pile of limestone set in the middle of 160 acres near the city.

When Saunders was at the height of his power as the grocery czar he purchased 160 acres as a country estate. He fenced the whole thing, building artificial streams, outdoor swimming pools, two golf courses and several bridle paths.

In the middle of all this he erected "the pile of limestone," which came to be called the "Pink Palace" as it took shape. It was planned to be a wonder home. It looks more like a castle with its 45 rooms, 10 baths, indoor swimming pool, ball room and every convenience man can contrive.

When all the exterior work was completed, the walls up and the roof on, and interior decorators were trooping into the city, the bubble broke. Piggly Wiggly entered a crisis. Saunders had engaged in "high financing" in Wall street. The operators there at once named him "the boob from Tennessee" and started on the work of "cleaning" him. "The Boob" surprised them by turning the tables and walking home with thirty odd millions.

But Wall street won't be beat by an outsider. Piggly Wiggly stock was at once voted off the Stock Exchange and the thirty million at once became a loss. Saunders was ousted as president of the corporation.

Later, when he was sued by the company for the losses in the Wall Street transactions he filed bankruptcy petitions and listed the "Pink Palace" as one of the assets.

That is where the lemon comes in. The creditors can't sell it. It is easily worth $400,000, but they are willing to part with it for $300,000. Even at this reduced price no purchasers have appeared.

Of the 1,400 exhibitors expected at the Bordeaux fair this year, about twenty are American firms.

Safety methods have cut the number of accidents to eyes 90 per cent in some industries in this country.

According to income tax returns, France has only 216 people with an income of $50,000 a year or more.

## Tribute To Mothers

Sunday is Mothers' Day.

In the churches, tribute will be paid to maternal devotion by pastors who will deliver appropriate sermons, while in other ways men and women throughout the nation will express by word and deed their appreciation of the love they have for a queen who is secure upon her throne.

In honor of mothers who are dead, a white flower will be worn, while a red blossom will be worn for a living mother. Everywhere sons and daughters will heed the advice, "Tell your mother what she already knows and tell her in the finest way possible," given by a chaplain when speaking to hundreds of naval cadets at Annapolis one second Sunday in May.

Show your appreciation of your mother's unselfish devotion to your happiness and success. Give her the joy of knowing that you remember. Send her a letter or a telegram—a message of remembrance. Sunday is a day set aside for doing homage that is due the comforter of all ills. For, as Thackeray said, "Mother is the name for God in the lips and hearts of children."

## The Ford Diet

Henry Ford has a new "bug" now. He has discovered the importance of food. "The fate of the world, the peace of the universe," he says, "rests on its breakfast tables."

Not that this is to be taken literally. The breakfast table is only a symbol. Mr. Ford also means the world's dinner and supper tables, or its lunch and dinner tables, if you prefer that order.

He was roused to an interest in this subject by peeking into a workman's dinner pail in the factory. What he saw shocked him.

"The pail," he reports, "was filled with fruits, meats, vegetables, cakes and what not. He ate the great volume of food with gusto. And he topped it off with a quart of milk. Imagine it!"

The man was tall, gaunt, anemic and barely able to work. He was "continually ill," Mr. Ford found. Suspecting that the food was responsible, Mr. Ford had his "laboratory experts" prescribe a proper diet, and soon the workman's health and efficiency were marvellously improved.

The Ford ideal, then, is not a "full dinner pail," but a scientific dinner pail. He is having his experts figure out what, when and how the world should eat. And that, no doubt, will do the word a vast amount of good—if it can be persuaded to adopt the diet prescribed.

## Studying Used Motor Oil

The research department of the Society of Automotive Engineers, co-operating with the United States bureau of standards, will carry out certain experiments aimed at lengthening the life of automobiles.

The automobile engine functions under so many different conditions of climate, weather and altitude that a great divergence in lubricating requirements exists, as well as in gas mixture and other delicate adjustments. The present research has particularly to do with the internal wear and tear on the automobile motor resulting from the presence of various materials that contaminate the oil in the engine.

Seven cities have been selected as nearest representing the differences of climate. They are New Orleans, Washington, Detroit, Birmingham, Minneapolis, Tulsa and San Francisco.

Samples of the used lubricant from 10 cars in each of those cities, along with a full history of the oils and greases, will be sent to the research laboratories. From these the experimenters will discover what impurities are in the oils and just what harm each specific impurity does to a car's inner workings.

If the serviceability of every one for the nation's millions of automobiles can be prolonged even a few weeks as a result of such studies, motorists in general will rejoice and new economies will be effected.

## Trees Fro Pleasure

St. Louis county, Minnesota, has gone in strong for trees. It has had tree-planting contests and demonstrations. It planted more than 26,000 trees last year. This is not a reforestation project. Most of the trees were set out to beautify home surroundings and to provide fruit. The varieties most frequently used were plum, cherry, mountain ash, poplar and Norway spruce.

In addition to these the state forest service brought about the planting of 1,000 trees for windbreaks.

A third phase of the country's arboreal activities came in response to a plea for maintaining living Christmas trees all the year round and decorating them out of doors at Christmas time. This suggestion was enthusiastically received and 464 fir trees were set out at different homes.

Not every family is in a position to help in a big reforestation project, but every family with a treeless yard or any acres of idle land is in a very fine position to set out fruit or shade or nut trees for its own joy and the beautification of the community.

Maybe old Hindenburg can keep his promise to be a constitutional president if he will spend a couple of hours every day biting the nails out of that Hindenburg statue in Berlin.

Now that Henry Ford is going in for aviation, he ought to perfect a magnetic air-hound to trail along picking up the loose nuts and bolts before they hit anybody.

Sap rises to the top, whether it's trees or men.

## NEW YORK DAY BY DAY

By O. O. McINTYRE

NEW YORK, May 8.—Thoughts while strolling around New York: Narrow canoned Wall Street. Sleek men with furtive faces. Gambling one hour against the next. Tension everywhere. The Bishop of Wall Street preaching from his soap box. The serenity of Trinity's cross in the distance.

The Morgaan banking house. Whose facade still shows scars of the bomb that killed 36. Aged bank clerks. With antiquated collars, inoffensive ties and bowler derbies. Why wont people trust a bank employe who wears gay clothes?

The cracker and milk shop that has a pet rooster. The incessant mumble from the Stock Exchange. What are the Duncan Sisters doing way down here. A salt whiff of the sea. And the sidewheelers off to Coney Island. The cry of souvenir vendors—burnt leather purses, flannel banners, etc.

The old man in the Nassaut street cellar who steams and bends wood into chairs for uptown antiquie shops. Noonday cafeterias where clerks and stenographers dance. Max's Busy Bee—the haven of newsboys and bootblacks. And Max rides in a limousine.

The World dome needs a gilding. Walter Prichard Eaton, the critic. And Sully, the newsboy, who has two bullets showing in his neck. Huge pretzels on sticks. A man with a soft drink wagon reading Cabell. The Five Points—the cockpit for scores of gang wars.

A lazy afternoon in Union Square. Ex-service men nodding over the Help Wanted Columns. Chrome colored faces. The old telescope man asleep on the grass—waiting for night. Skittish pigeons hunting for crumbs. Loafing scissors grinders and street musicians.

Fourteenth Street—the East Side's promenade. Middle class folk groping for gaiety. Huge gold-leafed teeth advertising "Dental Parlors." Penny peep-shows. Indian blood restorers. Doctors who build up broken noses. And women with suggestive smiles.

Monta Bell has taken his place among the great Hollywood motion picture directors. Five years ago or so he was frying his eggs over a thin gas jet in a theatrical boarding house in Forty-fourth street. He drifted into newspaper work and became a managing editor. But journalism held no lure.

"What makes you think you can direct?" a big producer asked him.

"I don't know," said the producer.

"I don't know either," replied Bell. And he got the job.

Bell, incidentally, showed sparks of genius as a managing editor. His nearest competitor was making great circulation strides with a popular serial. Bell hit upon the idea of serializing the Bible. It proved to be one of the best circulation makers.

Bell happens, also incidentally, to be across the room from me as I write. He is enroute to California to direct Marion Davies. He has eaten three of my apples and smoked two cigars reserved for "special guests." I hope he stays away from my sideboard. I have a friend who recently returned from the Bahamas.

A young collegiate was ordered out of a supper club for smoking a pipe on the dance floor. The same evening the head waiter and three other employes were arrested for selling packets of cocaine to patrons.

A new supper club in Fifty-first street is called "The Bunk." And still another opening soon is to be called "The Gyp Joint." This franknss should bring patronage.

## HASKIN'S LETTER

BY FREDERIC J. HASKIN

**Bootlegging Game Birds.**

WASHINGTON, D. C., May 8.—Bootlegging has come to be a many-sided industry. There is the business of bootlegging aliens, bringing them into the United States in violation of the immigration law—not only Chinese laborers, who are not permitted to enter this country at all, but immigrants from European countries whose quotas have been exhausted—and there is the bootlegging of books, the distribution and sale of works that have been suppressed because of flagrant indecency and suggestiveness.

Since the World war, and more particularly since the debacle in Russia, there has been bootlegging on a large scale in jewels brought into the country in violation of the customs laws, and for years there has been a considerable volume of illicit transactions in paintings and other art objects that can not be sold openly because of the laws of the countries where they originated or where they have been held and guarded as national treasures.

Then there is the bootlegging in liquor, the most conspicuous, the best organized, the most extensive and the most profitable form of the industry, and, last of all, but by no means the least important, there is the bootlegging of game birds.

When Mrs. Rich gives a dinner which is featured by the serving of canvasback duck she has been trafficking with the game bootleggers. So has the steward of the club, or the head waiter at the hotel, when he whispers that he can satisfy the hunger or tempt the jaded appetite with a delicacy in the form of duck, grouse or quail, if you are prepared to pay the price.

This form of the bootlegging business extends into almost every state, but it flourishes particularly in the East, from Havre de Grace, Maryland, south as far as Georgia, along the Illinois river in the state of Illinois, in Arkansas, and in the region tributary to New Orleans. Hundreds of thousands of ducks and other game birds are not only sold every year in violation of law, but many of them are also shot or taken in close season, as the market hunter has no scruples in regard to the particular time or manner in which he violates the law so long as his activities mean a profit to him.

**Much Money is Made.**

That there is big money in the business is apparent when it is known that the price to the consumer for a pair of ducks is from $4.50 to $6. Of this the hunter, as a rule, gets from $1 to $2—usually the smaller sum. The big margin goes, as in the liquor bootlegging, to the dealer who makes contract with the consumer. The cost, to the hunter, is insignificant. While some of the game is shipped by common carrier, a great deal of it is transported, as in the liquor traffic, by automobile, and the transportation cost many become an appreciable item.

However, as the game wardens and other authorities know only too well, bootlegging in game birds is highly profitable to everybody concerned. Otherwise no one would incur the hazards of the industry, for violations of the law are punishable by a maximum penalty of $500 fine and six months' imprisonment.

This form of the bootlegging business extends into almost every state, but it flourishes particularly in the East, from Havre de Grace, Maryland, south as far as Georgia, along the Illinois river in the state of Illinois, in Arkansas, and in the region tributary to New Orleans. Hundreds of thousands of ducks and other game birds are not only sold every year in violation of law, but many of them are also shot or taken in close season, as the market hunter has no scruples in regard to the particular time or manner in which he violates the law so long as his activities mean a profit to him.

**Much Money is Made.**

That there is big money in the business is apparent when it is known that the price to the consumer for a pair of ducks is from $4.50 to $6. Of this the hunter, as a rule, gets from $1 to $2—usually the smaller sum. The big margin goes, as in the liquor bootlegging, to the dealer who makes contract with the consumer. The cost, to the hunter, is insignificant. While some of the game is shipped by common carrier, a great deal of it is transported, as in the liquor traffic, by automobile, and the transportation cost many become an appreciable item.

However, as the game wardens and other authorities know only too well, bootlegging in game birds is highly profitable to everybody concerned. Otherwise no one would incur the hazards of the industry, for violations of the law are punishable by a maximum penalty of $500 fine and six months' imprisonment.

## JUDGE THREATENS TO CLOSE LODGES

Warning was sounded in United States district court in Wheeling yesterday, not only by Assistant District Attorney Russell L. Furbee, but by Judge William E. Baker as well, to fraternal bodies who persist in violating the national prohibition act.

Conspiracy indictments will be asked against the membership of the lodges, Furbee said, and if convictions are secured, the heaviest fines and jail sentences will be asked.

Judge Baker added that the government counsel should not stop there, but should petition for padlock orders and injunctions, to close the lodge homes for a period of a year, if persistent violation was shown.

The warning followed the arraignment of Frand Dessing, a Follansbee fraternal order steward, who was charged with having a large quantity of home brew beer in his possession. Dessing was fined $250. He had already served 60 days and paid $200 fine on the same charge, having been tried in the state court.

## CHESTER HEAVER HANGS UP MARK

Hoy, hurling for Chester of the Industrial league, established a record last evening by shutting out the Babcock-Wilcox team at Llondyke without a hit or a run. The local tossers won the game by a score of 13 to 0. Potts featured the contest by heavy stick work.

## NEW CUMBERLAND TEAM HERE TODAY

Chester high and New Cumberland baseball teams are scheduled to meet this afternoon on the Fifth street diamond. Tomorrow afternoon on the same field the locals will meet the fast Follansbee scholastic squad. The county seaters will be accompanied by a large delegation of rooters.

**Arner Funeral Services.**

Funeral services for Mrs. Ermina Arner, 84 years old, mother of George A. Arner, Carolina avenue, will be held tomorrow afternoon in the home in North Washington, Butler county, Pa.

Burial will be made in North Washington cemetery.

**Field Meet Tomorrow.**

Large crowd is expected to attend the scholastic field meet tomorrow afternoon in Wheeling under the auspices of Bethany college. Winners in the various events will compete in the sectional meet to be held on Saturday, May 16.

**Clean-Up Drive.**

Annual spring "clean-up" drive is scheduled to close here tomorrow when city teams are expected to finish up work in the First ward. Vacant lots were included in the campaign.

## Telephone Concerts Latest Radio Stunt In Boston City Hall

BOSTON—The telephone has more advantages than one. Employes and visitors of city hall can enjoy a radio concert by just picking up the telephone receiver.

Frank Barrett, in charge of the city hall heating plant, discovered the radio mystery when he picked up the receiver to call City Messenger Edwin French. As soon as the receiver in the messenger's office was removed from the hook, the noon hour concert being broadcasted from a nearby radio station began floating over the telephone line, which is a building line and not connected with the regular telephone service.

Investigation was made but no mechanism other than the telephone line and two instruments were found. A search made of the building for a radio receiving set was fruitless.

# H. D. M'CABE, AGED 53, DIES

## Former Local Resident Succumbs in Home at Pittsburgh.

Word has been received here of the death of H. Dallas McCabe, 53, former resident of this city, who died early this week in his home, 1161 Portland street, East End, Pittsburgh, following a protracted illness.

He was born in Pittsburgh, but his family came to this city when he was young. He was educated in the public schools of East Liverpool and Sewickley. When 17 years of age, Mr. McCabe entered business with [illegible] McCabe. He was a former member of the city council and also served as president of the Chamber of Commerce, at Monessen, Pa.

Five years ago he located in Pittsburgh, but maintained a summer home in Bedford county, Pa. He was a member of the Highland Presbyterian church, Pittsburgh; of the Pennsylvania Society Sons of the American Revolution; of the Engineers' society of Western Pennsylvania; of the Pittsburgh Athletic association and other organizations.

He is survived by two sisters, Mrs. A. W. Ferren, wife of Mayor Ferren, of East Palestine, and Bertha D. McCabe, at home, and one brother, Charles R. McCabe, of Toledo.

Burial was made at Coraopolis Thursday morning.

You have heard of the man who did hold just that hand, and failed to take a trick. He trumped his partner's ace, because he had to, and the partner shot him dead.

The president hopes, and is determined to cut $300,000,000 more of the nation's tax bill. That comforts the "better element," which means the richer element, and also the struggling middle class man, with only two or three millions or even less, the man who expects to be well off in the real American sense of the word, some day.

At present, our very best element feels toward the tax gatherer as the faithful Dominique hen feels toward the farmer, gathering her eggs as fast as she lays them, and giving her a doorknob when she wants to set.

## East End Site

(Continued from Page One)

build on the site immediately, but it does mean that a lot would be available when the time comes. The site should be centrally located and action taken immediately, as a real emergency exists."

### Accept Dinner Invitation.

Several weeks ago the board discussed the need for a new school site in East End and looked over several lots. Should no offers be made to the board before the next meeting, it is likely that a committee will be named to list sites which are favorable and if the property cannot be purchased at a reasonable figure, condemnation proceedings started.

The board received an invitation from Charles F. Goodwin, secretary of the United States Potters association, to attend a dinner-meeting of the Trades, Technique and Management Forum, an organization of departmental foremen and superintendents, which will be held at the Country club, Friday May 22, when the proposed ceramic extension course in the local public schools will be discussed. The board members, clerk and Superintendent F. P. Geiger accepted the invitation.

Superintendent Geiger recommended that courses in Manual training and domestic science be introduced into the high school cirriculum next year. Three or four rooms in the Central school building will be used for high school classes to accommodate the new departments.

He also recommended that biology be made optional with general science in the high school and that an additional one-half year of algebra be added to the course, giving students two full years of this study. He also urged that home economics be required in the eleventh and twelfth years instead of the ninth and tenth years. His recommendations were referred to the teachers' committee.

### Rent Patterson Field.

The request of the Ministerial association for permission to teach classes in religious instruction in the various school buildings next year was not discussed. Members of the board said this question would likely be considered at the next meeting, as the ministers were anxious to have their answer in order to allow them time to select teachers and arrange other details before schools opened in the fall.

Use of Patterson field for the week beginning July 27 for a carnival was granted a committee from the Fraternal Order of Eagles. The rental fee will be $100.

Member George Wilhelm reported that estimates had been received on the cost of fencing Patterson field. This improvement probably will be undertaken during the summer.

Superintendent Geiger submitted a list of the teachers who had made applications for positions for the 1925-26 term of school.

Clerk-Treasurer Gaston reported a bank balance of $28,509.79. This will be sufficient to meet the May payroll and other bills before the June tax payment is received.

# DONAHEY MEETS CRABBE ATTACK

## Race Track Betting Reply Quotes Scripture.

COLUMBUS, May 8. — Governor Donahey reached into the Scriptures today to strike back at Attorney General Crabbe in the battle over pari meutel betting at Beulah Park here.

Directing Crabbe's attention to the parable of Lazarus in which a rich man in hell appealed to Abraham, in heaven, for assistance, Jacob A. Meckstroth, secretary to the governor, wrote:

"The governor directs me to acknowledge receipt of your second letter in re Beulah Park and to say that for his reply he wishes to refer you to Luke xvi, 29, which says:

"'Abraham said unto him, they have Moses and the prophets let them hear them.'"

"Sheriff Gump has you and the prosecuting attorney."

The letter was believed at the state house to refer to reports that before the meeting of county officials and ministers yesterday in protest against Beulah Park racing, prayer was offered by one minister, Crabbe, Prosecutor King and Sheriff Gump.

COLUMBUS, May 8. — Governor Donahey was again assailed today by Attorney General Crabbe for alleged failure to remove Sheriff Gump of Franklin county, in connection with continuance of pari mutuel betting at Beulah Park race track, near here.

be observed universally in our commonwealth and urging also that all churches and other religious organizations mark the occasion by appropriate exercises in their sanctuaries.

"Within the great kaleidoscope of history, reflecting hero and heroine, the noblest figure of them all is Mother. The dearest sacrifices she has made, the deepest suffering, patiently and silently endured, is hers; the hardest battles fought and won are waged within her heart.

"Fitting indeed is it that in the month of May each year we set apart a Sunday in reverence and honor of her who gave us birth; the season of a mother's love is ever spring—it never dies. No matter what the evidence of wrong her child has done, she still believes him innocent, or else forgives. He may have grown to man's estate, he's still her 'boy.' such is the faith and love that makes better men and women of us all.

"Let us, both young and old alike, hallow this day with recollections of the truths and lessons learned at Mother's knee. The world is busy but it will tomorrow be the richer for our having paused. Nor must we forget to send some token of remembrance, should we be fortunate enough to have her with us still, or make her happy with our presence if we may. If she has gone we should revere her memory with flowers and kindly thoughts. We know today is ours—we will not pass this way again."

## Lay Ground Work For U. S. Court Fight On Gasoline Tax

COLUMBUS, May 8.—Ground work for appeal to the United States supreme court in an attempt to have the new Brown gasoline tax declared unconstitutional was laid here in the state supreme court hearing today when Attorney Walter D. Meals, Cleveland, counsel for the Ohio Automobile association, contended that the Brown act constitutes an attempt to regulate interstate commerce.

## Air-Tight Blockade

(Continued from Page One)

tions of the coast guard fleet was forthcoming but with the Atlantic, Pacific, Great Lakes and territorial possessions exposed to smuggling, the anti-liquor operations will be extensive.

Much money will be asked of congress in December for the job of continuing the enforcement of the liquor smuggling laws can not be determined until final reports are available on the May offensive, officials said. Last year the coast guard appropriation was $22,000,000 of which $13,000,000 went for the building of new ships.

An effective blockade of the entire coast will mean more boats, more men and additional equipment. The treasury was awaiting a fair test of the present force to determine its effectiveness, and to plan for the future.

### Deny Bomb and Gas Attacks.

The coast guard's objective off New York is to make landing of liquor so hazardous and expensive that the foreign rum ships will "give up in disgust" and leave American shores.

Reports that the coast guard intended to bomb and gas Rum Row out of existence were denied. Most of the big liquor ships far off the shore are protected by international treaties, it was pointed out.

"We are there to prevent landing of liquor," a coast guard official said. "The small boats running liquor to the shore will be captured but we can't touch the foreigners anchored 30 or 40 miles out. We are satisfied with the results so far obtained."

### Smugglers Attempt Bribery.

Kidnaping threats of murder and bribery are being employed by rum smugglers in an effort to defeat the government's drive against rum row, coast guard headquarters said.

One man was kidnaped at Atlantic City, but later released. The smugglers, it was stated, were after a non-commissioned officer who has been active off Atlantic City in capturing smuggling craft, but they caught the wrong man.

Thousands of dollars have been offered to enlisted men and officers in the coast guard service to relax their vigilance along certain parts of the coast.

### Deny "Shoot First" Orders.

WASHINGTON, May 8.—A flat denial that the government is contemplating violating terms of the Rush-Bagot treaty in seeking to prevent rum smuggling from Canada was made at the treasury today.

# REPORTS FROM STOCK MARKET

NEW YORK, May 8.—Stock market activity was evenly divided between the railroad and the public utility stock in the early trading today, with a few of the motor and industrial stocks also in the line of advance.

The utility stocks were compelled to absorb a good volume of week end profit taking and prices were generally irregular, with most of the changes downward. Amarican waterworks and Montana power were the most notable exceptions to this rule the latter advancing to above 84 on heavy trading. Utah securities and Electric light and Pawer were reactionary.

Rock Island, Chicago, Great Western, Wheeling and Lake Erie, Western Maryland and other of the low priced speculative railroad shares led a brisk forward movement.

The market moved rapidly in the first hour. Trades "shifted" from the oils and utilities to the railroad stocks, causing divergent price trends in these important groups of stocks. Brokerage houses reported a larger public participation in stocks, though professionals have been unusually active. Judge Gary's comment on "strong, healthy and vigorous" business conditions' which are likely to continue, was an important addition to favorable market factors, which also include the prospect of income tax reduction and easy money rates.

# UNION MINERS WIN IN COURT

## Judge Rules Peaceful Persuasion Should Not be Barred.

WHEELING, W. Va., May 8.—That peaceful persuasion should not be barred under the injunction granted the West Virginia-Pittsburgh Coal company against officers and members of the United Mine Workers of America was the opinion given by Judge W. E. Baker in United States court today when he made his ruling in the case pending against 20 officers and members of the organization. The court further ruled that the injunction, originally granted in 1913 and made permanent in 1914, should have included modifications directed by the United States circuit court of appeals at Richmond.

In passing upon the injunction the court today, however, did not take into consideration the question of whether or not there had been contempt under the injunction. That phase of the question was postponed until next Monday morning when council for the miners and operators submit a statement.

The court of appeals in its modifications permitted "peaceful persuasion" in efforts of the mine organization to unionize non-union workers.

The original injunction granted did not permit this.

The decision this morning was construed as a victory for the mine workers, of whom a score, including International President John L. Lewis, and others, were cited for contempt.

## Cleveland Carmen Vote Upon Strike Question Tomorrow

CLEVELAND, May 8.—Union carmen, employed by the Cleveland Railway company, will vote tomorrow upon calling a strike upon all city car lines. The action followed announcement by the company's management that hereafter the car lines would be operated upon an open shop basis. At the same time a wage increase of 5 cents per hour was offered. The union countered with a demand for an increase of 10 cents per hour.

Thirteen newly licensed ministers were reported today. They include A. H. Johnson, C. C. Conley, Martha Skuse, Joseph Skuse, W. W. Caskey, N. B. Vandall, C. M. Griffith, H. B. Schlosser, Fern Stewart, Margaret Shaw, Isabelle Myler, C. B. Strang and J. M. Sutter. Rev. J. Howard Rowe was transferred from the New England district to the Pittsburgh district.

Reports were made by Dr. Sloan and also by Evangelist Phillip Geiter. Evangelist James F. Miller spoke on the subject, "Mounting Up On Wings as Eagles." Musical numbers were given by Rev. F. R. Freese, Rev. Frank Watkins and Rev. Geiter.

Because of failing health, the resignation of Rev. W. L. Douglass, as pastor of the McKeesport church, was submitted at the Thursday afternoon session. Letters of greeting were voted for Miss Myrtle Pelley, Africa, and Rev. and Mrs. L. C. Osborn, China, missionaries from this district.

The church was crowded at the Thursday evening service, many being forced to stand. Rev. Mr. Johnson, Akron, led the song service, while music was furnished by the Sunday school orchestra. N. B. Vandall, song evangelist, of Akron gave a solo, "I Know He is My Savior." Prof. and Mrs. A. H. Johnson featured a vocal duet, "There Waits For Me a Glad Tomorrow."

Rev. J. C. Henson, representing the Eastern Nazarene College was the speaker for the evening, using the text "He Shall Save His People from Their Sins."

Business sessions will be held Saturday morning and afternoon, with a revival service Saturday evening. The convention is scheduled to close Sunday evening when the announcement will be made of assignments of pastors.

# TODAY

(Continued from Page One)

You have heard of the man who did hold just that hand, and failed to take a trick. He trumped his partner's ace, because he had to, and the partner shot him dead.

The president hopes, and is determined to cut $300,000,000 more of the nation's tax bill. That comforts the "better element," which means the richer element, and also the struggling middle class man, with only two or three millions or even less, the man who expects to be well off in the real American sense of the word, some day.

At present, our very best element feels toward the tax gatherer as the faithful Dominique hen feels toward the farmer, gathering her eggs as fast as she lays them, and giving her a doorknob when she wants to set.

build on the site immediately, but it does mean that a lot would be available when the time comes. The site should be centrally located and action taken immediately, as a real emergency exists."

### Accept Dinner Invitation.

Several weeks ago the board discussed the need for a new school site in East End and looked over several lots. Should no offers be made to the board before the next meeting, it is likely that a committee will be named to list sites which are favorable and if the property cannot be purchased at a reasonable figure, condemnation proceedings started.

The board received an invitation from Charles F. Goodwin, secretary of the United States Potters association, to attend a dinner-meeting of the Trades, Technique and Management Forum, an organization of departmental foremen and superintendents, which will be held at the Country club, Friday May 22, when the proposed ceramic extension course in the local public schools will be discussed. The board members, clerk and Superintendent F. P. Geiger accepted the invitation.

Superintendent Geiger recommended that courses in Manual training and domestic science be introduced into the high school cirriculum next year. Three or four rooms in the Central school building will be used for high school classes to accommodate the new departments.

He also recommended that biology be made optional with general science in the high school and that an additional one-half year of algebra be added to the course, giving students two full years of this study. He also urged that home economics be required in the eleventh and twelfth years instead of the ninth and tenth years. His recommendations were referred to the teachers' committee.

### Rent Patterson Field.

The request of the Ministerial association for permission to teach classes in religious instruction in the various school buildings next year was not discussed. Members of the board said this question would likely be considered at the next meeting, as the ministers were anxious to have their answer in order to allow them time to select teachers and arrange other details before schools opened in the fall.

Use of Patterson field for the week beginning July 27 for a carnival was granted a committee from the Fraternal Order of Eagles. The rental fee will be $100.

Member George Wilhelm reported that estimates had been received on the cost of fencing Patterson field. This improvement probably will be undertaken during the summer.

Superintendent Geiger submitted a list of the teachers who had made applications for positions for the 1925-26 term of school.

Clerk-Treasurer Gaston reported a bank balance of $28,509.79. This will be sufficient to meet the May payroll and other bills before the June tax payment is received.

# DONAHEY MEETS CRABBE ATTACK

## Race Track Betting Reply Quotes Scripture.

COLUMBUS, May 8. — Governor Donahey reached into the Scriptures today to strike back at Attorney General Crabbe in the battle over pari meutel betting at Beulah Park here.

Directing Crabbe's attention to the parable of Lazarus in which a rich man in hell appealed to Abraham, in heaven, for assistance, Jacob A. Meckstroth, secretary to the governor, wrote:

"The governor directs me to acknowledge receipt of your second letter in re Beulah Park and to say that for his reply he wishes to refer you to Luke xvi, 29, which says:

"'Abraham said unto him, they have Moses and the prophets let them hear them.'"

# UNION MINERS WIN IN COURT

## Judge Rules Peaceful Persuasion Should Not be Barred.

WHEELING, W. Va., May 8.—That peaceful persuasion should not be barred under the injunction granted the West Virginia-Pittsburgh Coal company against officers and members of the United Mine Workers of America was the opinion given by Judge W. E. Baker in United States court today when he made his ruling in the case pending against 20 officers and members of the organization. The court further ruled that the injunction, originally granted in 1913 and made permanent in 1914, should have included modifications directed by the United States circuit court of appeals at Richmond.

In passing upon the injunction the court today, however, did not take into consideration the question of whether or not there had been contempt under the injunction. That phase of the question was postponed until next Monday morning when council for the miners and operators submit a statement.

The court of appeals in its modifications permitted "peaceful persuasion" in efforts of the mine organization to unionize non-union workers.

The original injunction granted did not permit this.

The decision this morning was construed as a victory for the mine workers, of whom a score, including International President John L. Lewis, and others, were cited for contempt.

Reports were made by Dr. Sloan and also by Evangelist Phillip Geiter. Evangelist James F. Miller spoke on the subject, "Mounting Up On Wings as Eagles." Musical numbers were given by Rev. F. R. Freese, Rev. Frank Watkins and Rev. Geiter.

Because of failing health, the resignation of Rev. W. L. Douglass, as pastor of the McKeesport church, was submitted at the Thursday afternoon session. Letters of greeting were voted for Miss Myrtle Pelley, Africa, and Rev. and Mrs. L. C. Osborn, China, missionaries from this district.

The church was crowded at the Thursday evening service, many being forced to stand. Rev. Mr. Johnson, Akron, led the song service, while music was furnished by the Sunday school orchestra. N. B. Vandall, song evangelist, of Akron gave a solo, "I Know He is My Savior." Prof. and Mrs. A. H. Johnson featured a vocal duet, "There Waits For Me a Glad Tomorrow."

Rev. J. C. Henson, representing the Eastern Nazarene College was the speaker for the evening, using the text "He Shall Save His People from Their Sins."

Business sessions will be held Saturday morning and afternoon, with a revival service Saturday evening. The convention is scheduled to close Sunday evening when the announcement will be made of assignments of pastors.

### Philathea Class Session.

The Philathea class of the First Presbyterian church of Newell met last evening in the home of Misses Roxie and Thelma Lewis of Grant street. A short business meeting was held, during which arrangements were made for a bake sale on Saturday, May 16. The informal social hours were spent with music and games, after which a luncheon was served.

The next meeting will be held Thursday, June 4, at the home of Mrs. Edwin Wells of Newell Heights.

### Seederly-Riley Marriage.

A pretty wedding was solemnized last evening at 8 o'clock in the parsonage of St. John's Lutheran church when Miss Elizabeth Seederly, daughter of Mr. and Mrs. Walter Seederly, of St. Clair avenue, became the bride of Warren Riley, son of Mr. and Mrs. Enoch Riley, of Florida avenue, Chester. Dr. J. G. Reinartz, pastor of the church, performed the impressive ring ceremony in the presence of a few friends and relatives.

The bride was gowned in a traveling suit of blue and wore a corsage of roses. She was employed at the John Keil flower store previous to her marriage.

The bridegroom is a clerk at the American Sheet and Tin Plate company plant, Chester.

Mr. and Mrs. Riley will reside temporarily with the bride's parents, upon their return from a honeymoon spent in Niagara Falls.

Send mother a card Mother's Day, May 10. Stewart, the Jeweler. Adv.

### Mrs. A. R. Kapp Entertains.

In her home on Grant street last evening, Mrs. A. R. Kapp delightfully entertained the members of the Toga club. Five hundred and dancing were the diversions of the social hours. Souvenirs were presented Mrs. Jeff Pugh and Miss Josephine Polan for five hundred. Robert Kapp gave a banjo selection.

Refreshments were served by the hostess, assisted by Mrs. Daniel Gibson, covers being arranged for 16 persons. Spring flowers were used in the appointments.

Special guests of the club included Mrs. A. M. Kapp, Mrs. Myrtle Hilton and Mrs. Jeffe Pugh.

# SALEM DAMAGE CASES SETTLED

### Judgments Amounting to $17,400 Returned Against City.

Judgments totaling $17,400 against the city of Salem have been returned by a jury in common pleas court under the direction of the court, which brings to a close every "sewage disposal" action against the city that has been filed up to and including January 1, last.

In all 32 judgments have been handed down against the city of Salem, these ranging from $1,200 in the case of Theda E. Allen down to $180 in favor of Kenneth T. Umstead.

The jury in all of these cases was composed of Mollie Zacharias, W. B. Allison, Ada Keller, Mary J. Willard, Rena Alexander, W. G. Calvin, Charles F. Patterson, A. F. Holliday, J. N. Tice, M. Hotchkiss, Henry Foster and S. L. Smith.

The law firm of Metzgar & McCarty represented all of the plaintiffs in these cases, while the municipality was represented by City Solicitor L. B. Harris. In each instance there was a compromise agreed to, and none of the plaintiffs received the amount they sued for.

It was indicated in court that although judgments have been rendered in all of these 32 cases, the city of Salem at this time has no funds to pay the claims. A bond issue will have to be sold to pay these judgments, according to Solicitor Harris.

The following judgments have been agreed to between the city of Salem and counsel for the plaintiffs:

Kenneth T. Umstead, $180; Theresa Kintner Astry, $720; Theda E. Allen, $1,200; J. Brooke Allen, $480; Theodore Campbell, $480; Thomas Carr, $420; Leah Templin, $800; Presley Umstead, $720; Homer F. For Goitre Prevention

IT is a question for mothers to decide right now whether they will continue to use ordinary salt and run the chance of the children becoming afflicted with Goiter—or MULKEY'S IODINE SALT which is a goiter preventive recommended by health authorities throughout the country. In some places more than half the school children, especially girls, have goiter. That is because they do not get enough iodine in their food.

MULKEY'S is the original iodine salt distributed through the grocery trade. Ask for it by name.

## STATE WINNER IN WARD CASE

A verdict for the full amount asked by the state was returned by a jury late Thursday afternoon in the court of Judge James Glenn in the case of the state of Ohio on relation of Attorney General C. C. Crabbe and in behalf of Simon Eyster against William A. Ward of East Palestine. Only two ballots were taken by the jury, and a verdict for $4,203.91 was returned. This is what the plaintiff sued for.

The case has been on trial since Monday morning. The state had counsel in court assisting Attorneys L. M. Kyes and Everett L. Lyon of East Palestine, representing the plaintiff, while Aitorney S. W. Crawford of East Liverpool and Attorney George T. Farrell of Lisbon represented the defendants.

While Eyster was employed by Ward, he suffered the amputation of a leg. Ward did not have industrial insurance. It was brought out that an ingrown toe nail caused some of the trouble to the foot of the plaintiff, also that he had had his foot stepped on by a horse before he took employment with Ward.

**Car Company Sued.**

James Lozzi, through his counsel, W. A. O'Grady of Wellsville, has filed an action in common pleas court against the Steubenville, East Liverpool and Beaver Valley Traction company for $1,100 as damages. It is claimed in the petition that a street car of the defendant wrecked an automobile of the plaintiff as a result of an accident.

**Can Visit Children.**

In the divorce case tried before Judge James G. Moore, and wherein a decree was granted Faye Tustin against her husband, Daniel W. Tustin, the court made an order that Tustin could visit the children, who had been placed in the custody of their mother not more than twice a month.

## GRADE PUPILS TO TAKE TESTS

Eighth grade examinations will be held in 15 different schools in the county Saturday, beginning at 9 o'clock, and it is declared by County Supt.. of Schools H. C. Leonard that between 400 and 450 children register for this work.

The examinations will be held in the following schools: Fairfield Centralized, Salineville, Washingtonville, New Waterford, North Georgetown, West Point, Hanoverton, East Rochester, Rogers, Wellsville, Calcutta, Negley, Unity, Chestnut Grove and in the Lincoln school, North Market street, Lisbon.

Those who pass these tests will then be permitted to enter any high school in the county next September.

## TWO WOMEN FILE DIVORCE ACTIONS

A petition for divorce has been filed in common pleas court by Rose I. Wallace against her husband Everett R. Wallace, residing at the home of D. M. Sutler, 675 Lincoln avenue, East Liverpool. The couple were married June 27, 1917.

Mrs. Wallace in her petition charges her husband has been guilty of extreme cruelty.

Through her counsel W. A. O'Grady of Wellsville, Rebecca Spangle has filed a petition for divorce against her husband Harry Spangle residing at East Akron. They were marred Feb. 16, 1921.

Mrs. Spangle declares in her petition that upon several occasions she has provided and furnished a home for her husband that he has after a few months sold the furniture and converted the money to his own use, although he has steady employment and makes $6 per day.

**Granted Leave To File.**

In the case of James A. Monroe of East Liverpool against the United States Fire Insurance company of New York city, for reformation of contract and money, the court has granted leave to the defendants to file an answer to the petition by June 6.

**Made Party Defendant.**

On his motion, Walter McGeehan, has been made a party defendant in the partition case filed in common pleas court by Walter McGeehan against Clarence McGeehan and others. The action is for the partition of a 60 acre farm in section 12, Wayne township.

**Suit Instituted.**

Dean Groner, said to own a pool room in Salem, has been sued in common pleas court by C. O. Hawk of Lisbon for the recovery of a claim of $118.88.

**Case Dismissed.**

The case of Mary Anderson against H. G. Spouse and others for the possession of an automobile has been dismissed by Judge James G. Moore has been dismissed, for the reason that no legal appeal bond was filed, when the cause was carried to common pleas court from a court of justice of the peace.

**Settlement Reached.**

A settlement has been arrived at in the case of Thomas A. McDonough against Edward and Cora Myers, wherein judgment for $395 was sought in common pleas court on a promissory note.

**Woman Seeks Divorce.**

Matilda Ruth Schaefer, residing in Salem, claims that her husband has on many occasions struck her, also that he has used vile and profane language when addressing her, according to the divorce petition she has filed against Harry Schaefer, residing at 5154 Rosetta street, East End, Pittsburgh, Pa.

**State Normal Exams.**

Entrance examination to state normal schools will be held in the David Anderson High school, West Lincoln Way, Lsbon, commencng at 9:30 o'clock Saturday mornng, Prof. Fern Musselman of Kent State Normal being in charge.

This examination is for all other state high school graduates who expect to take a teacher's training course next year, whether at Kent, Ohio State university or county normal.

## SALEM DAMAGE CASES SETTLED

### Judgments Amounting to $17,400 Returned Against City.

Judgments totaling $17,400 against the city of Salem have been returned by a jury in common pleas court under the direction of the court, which brings to a close every "sewage disposal" action against the city that has been filed up to and including January 1, last.

In all 32 judgments have been handed down against the city of Salem, these ranging from $1,200 in the case of Theda E. Allen down to $180 in favor of Kenneth T. Umstead.

The jury in all of these cases was composed of Mollie Zacharias, W. B. Allison, Ada Keller, Mary J. Willard, Rena Alexander, W. G. Calvin, Charles F. Patterson, A. F. Holliday, J. N. Tice, M. Hotchkiss, Henry Foster and S. L. Smith.

The law firm of Metzgar & McCarty represented all of the plaintiffs in these cases, while the municipality was represented by City Solicitor L. B. Harris. In each instance there was a compromise agreed to, and none of the plaintiffs received the amount they sued for.

It was indicated in court that although judgments have been rendered in all of these 32 cases, the city of Salem at this time has no funds to pay the claims. A bond issue will have to be sold to pay these judgments, according to Solicitor Harris.

The following judgments have been agreed to between the city of Salem and counsel for the plaintiffs:

Kenneth T. Umstead, $180; Theresa Kintner Astry, $720; Theda E. Allen, $1,200; J. Brooke Allen, $480; Theodore Campbell, $480; Thomas Carr, $420; Leah Templin, $800; Presley Umstead, $720; Homer F. Gray, $480; John A. Conway, $600; Mary Shaffer Marty, $480; Titus V. Riffle, $420; John Cuntain, $600; Elmer Mincer, $240; Nancy Adamson, $600; Nick Weingart, $420; M. S. Schnell, $720; William I. Colay, $420; Charles Wilford, $420; Ida Gray Stratton, $360; Harry F. Lippert, $720; Inez Stahlsmith, $600; D. W. Weingart, $210; William B. Cessna, $480; Milo E. Wilson, $480; John Sox, $390; L. A. Coy, $450; Frank Vernet, $600; James Casso and others, $840; D. I. Richards, $720; Morris A. Umstead, $1,000.

The time of filing these actions in common pleas court ranges back from one to four years.

## STATE WINNER IN WARD CASE

A verdict for the full amount asked by the state was returned by a jury late Thursday afternoon in the court of Judge James Glenn in the case of the state of Ohio on relation of Attorney General C. C. Crabbe and in behalf of Simon Eyster against William A. Ward of East Palestine. Only two ballots were taken by the jury, and a verdict for $4,203.91 was returned. This is what the plaintiff sued for.

The case has been on trial since Monday morning. The state had counsel in court assisting Attorneys L. M. Kyes and Everett L. Lyon of East Palestine, representing the plaintiff, while Attorney S. W. Crawford of East Liverpool and Attorney George T. Farrell of Lisbon represented the defendants.

While Eyster was employed by Ward, he suffered the amputation of a leg. Ward did not have industrial insurance. It was brought out that an ingrown toe nail caused some of the trouble to the foot of the plaintiff, also that he had had his foot stepped on by a horse before he took employment with Ward.

**Car Company Sued.**

James Lozzi, through his counsel, W. A. O'Grady of Wellsville, has filed an action in common pleas court against the Steubenville, East Liverpool and Beaver Valley Traction company for $1,100 as damages. It is claimed in the petition that a street car of the defendant wrecked an automobile of the plaintiff as a result of an accident.

**Can Visit Children.**

In the divorce case tried before Judge James G. Moore, and wherein a decree was granted Faye Tustin against her husband, Daniel W. Tustin, the court made an order that Tustin could visit the children, who had been placed in the custody of their mother not more than twice a month.

## GRADE PUPILS TO TAKE TESTS

Eighth grade examinations will be held in 15 different schools in the county Saturday, beginning at 9 o'clock, and it is declared by County Supt.. of Schools H. C. Leonard that between 400 and 450 children register for this work.

The examinations will be held in the following schools: Fairfield Centralized, Salineville, Washingtonville, New Waterford, North Georgetown, West Point, Hanoverton, East Rochester, Rogers, Wellsville, Calcutta, Negley, Unity, Chestnut Grove and in the Lincoln school, North Market street, Lisbon.

Those who pass these tests will then be permitted to enter any high school in the county next September.

## TWO WOMEN FILE DIVORCE ACTIONS

A petition for divorce has been filed in common pleas court by Rose I. Wallace against her husband Everett R. Wallace, residing at the home of D. M. Sutler, 675 Lincoln avenue, East Liverpool. The couple were married June 27, 1917.

Mrs. Wallace in her petition charges her husband has been guilty of extreme cruelty.

Through her counsel W. A. O'Grady of Wellsville, Rebecca Spangle has filed a petition for divorce against her husband Harry Spangle residing at East Akron. They were marred Feb. 16, 1921.

Mrs. Spangle declares in her petition that upon several occasions she has provided and furnished a home for her husband that he has after a few months sold the furniture and converted the money to his own use, although he has steady employment and makes $6 per day.

**Granted Leave To File.**

In the case of James A. Monroe of East Liverpool against the United States Fire Insurance company of New York city, for reformation of contract and money, the court has granted leave to the defendants to file an answer to the petition by June 6.

**Made Party Defendant.**

On his motion, Walter McGeehan, has been made a party defendant in the partition case filed in common pleas court by Walter McGeehan against Clarence McGeehan and others. The action is for the partition of a 60 acre farm in section 12, Wayne township.

**Suit Instituted.**

Dean Groner, said to own a pool room in Salem, has been sued in common pleas court by C. O. Hawk of Lisbon for the recovery of a claim of $118.88.

**Case Dismissed.**

The case of Mary Anderson against H. G. Spouse and others for the possession of an automobile has been dismissed by Judge James G. Moore has been dismissed, for the reason that no legal appeal bond was filed, when the cause was carried to common pleas court from a court of justice of the peace.

**Settlement Reached.**

A settlement has been arrived at in the case of Thomas A. McDonough against Edward and Cora Myers, wherein judgment for $395 was sought in common pleas court on a promissory note.

**Woman Seeks Divorce.**

Matilda Ruth Schaefer, residing in Salem, claims that her husband has on many occasions struck her, also that he has used vile and profane language when addressing her, according to the divorce petition she has filed against Harry Schaefer, residing at 5154 Rosetta street, East End, Pittsburgh, Pa.

**State Normal Exams.**

Entrance examination to state normal schools will be held in the David Anderson High school, West Lincoln Way, Lsbon, commencng at 9:30 o'clock Saturday mornng, Prof. Fern Musselman of Kent State Normal being in charge.

This examination is for all other state high school graduates who expect to take a teacher's training course next year, whether at Kent, Ohio State university or county normal.

For Goitre Prevention

IT is a question for mothers to decide right now whether they will continue to use ordinary salt and run the chance of the children becoming afflicted with Goiter—or MULKEY'S IODINE SALT which is a goiter preventive recommended by health authorities throughout the country. In some places more than half the school children, especially girls, have goiter. That is because they do not get enough iodine in their food.

MULKEY'S is the original iodine salt distributed through the grocery trade. Ask for it by name.

## BLIND FIDDLER MOURNS DOG WHO GAVE HIM EYES AND SHARED HIS BED

CHICAGO—Pocahontas is dead.

To most people Pocahontas was only a dog, but to Frank Ritter, blind fiddler, who has fiddled his way along Michigan boulevard for eight years, she was a friend, a counselor, a companion who never left him, who had guided him through 21 states, cheered his dark hours, shared his meals and his bed.

In canine language she told Ritter the time of the day, the day of the week, the month of the year. Pulling at a leather strap, she led him through the perils of Chicago's traffic—to "L's," to street cars, to lunch rooms, any place the blind man wished to go.

Ritter and Pocahontas were traveling south on Michigan boulevard when the fatal accident happened. An automobile, disregarding the stop light, crushed out the life of the faithful dog.

"Back in 1917, we went to Washington and Pocahontas shook hands with Woodrow Wilson," Ritter says as he mourns his lost friend.

"No, I can't play yet—not even an elegy. The doctor said he'd never forget the expression on that dog's face when the faithful creature died.

"People are very kind and have offered to get me another dog. But I cannot accept another dog. None would be so good, so clever as my Pocahontas."

## Japanese Interests Plan Deeper Harbor For Chief Coal Port

TOKIO—Japanese commercial interests are planning to make Rumoye, on the northwestern coast of Hokkaido, the chief coal port of the Japanese empire. A corporation has been formed to carry out harbor reconstruction work at a cost of $1,500,000.

Rumoye lies about 30 miles from the Uryu coal mines, which are the largest coal-producing mines in Japan. When the reconstruction work is completed it is expected that the port will be capable of shipping more than 1,000,000 tons of coal annually.

The reconstruction work involves chiefly the dredging of the harbor, so as to make Rumoye a port of call for vessels of more than 8,000 tons. The harbor is to be deepened to not less than 30 feet.

## Kin of Sargent In Convent Astounds Critics With Her Art

### Obscure Nun, Former Washington Girl, Praised as Great Painter by Experts.

BALTIMORE, May.—Working quietly within the cloistered walls of the Dominican Convent at Catonsville, a suburb, an obscure nun, a member of the Dominican community for the past 12 years, is producing works of art with her brush and canvas that astonish local critics.

Until the display of one of her paintings at a local gallery recently brought a flood of inquiries she was known simply as Sister Genevieve. Now it is revealed that before her entrance into religion she was Miss Mabel Estelle Sargent, of Washington, D. C., and that she is distinctly related to the famous John Singer Sargent, whose paintings brought him undying fame for his death in London a short time ago.

**Experts Praise.**

The paintings which astounded the critics is a copy of Rubens' "Crucifixion." When placed on exhibition it won unversal approval, one of the critics declaring that its author showed "all the potential gifts of a great painter."

The work of Sister Genevieve is considered all the more remarkable by the fact that she was first moved to try her skill with brush and paints, not because of any great interest in art, but by inspiration.

During her early school life Sister Genevieve displayed little interest in painting, choosng rather to devote herself to music as her particular hobby in the field of art. About four years ago, however, after she had been a member of the Dominican community for eight years, she confided in the Mother Superior of the Catonsville Convent that she desired to paint.

**Little Training.**

Although the order of which she is a member is very poor, the nun was given permission to secure the necessary materials and to follow her inspiration. Ever since she has devoted herself to painting whenever the rigorous duties of her religious life permit.

The only instruction Sister Genevieve ever received was by correspondence from Alon Bement, director of the Maryland Institute of Art, who regards her work as of exceptional merit. He declared her paintings to be "powerful and crude" rather than "finicky and nice," the qualities usually found in a beginner.

Efforts are being made by local art lovers to have Sister Genevieve given every opportunity to develop the great talent which, is is believed, she possesses.

## Kin of Sargent In Convent Astounds Critics With Her Art

### Obscure Nun, Former Washington Girl, Praised as Great Painter by Experts.

BALTIMORE, May.—Working quietly within the cloistered walls of the Dominican Convent at Catonsville, a suburb, an obscure nun, a member of the Dominican community for the past 12 years, is producing works of art with her brush and canvas that astonish local critics.

Until the display of one of her paintings at a local gallery recently brought a flood of inquiries she was known simply as Sister Genevieve. Now it is revealed that before her entrance into religion she was Miss Mabel Estelle Sargent, of Washington, D. C., and that she is distinctly related to the famous John Singer Sargent, whose paintings brought him undying fame for his death in London a short time ago.

**Experts Praise.**

The paintings which astounded the critics is a copy of Rubens' "Crucifixion." When placed on exhibition it won unversal approval, one of the critics declaring that its author showed "all the potential gifts of a great painter."

The work of Sister Genevieve is considered all the more remarkable by the fact that she was first moved to try her skill with brush and paints, not because of any great interest in art, but by inspiration.

During her early school life Sister Genevieve displayed little interest in painting, choosng rather to devote herself to music as her particular hobby in the field of art. About four years ago, however, after she had been a member of the Dominican community for eight years, she confided in the Mother Superior of the Catonsville Convent that she desired to paint.

**Little Training.**

Although the order of which she is a member is very poor, the nun was given permission to secure the necessary materials and to follow her inspiration. Ever since she has devoted herself to painting whenever the rigorous duties of her religious life permit.

The only instruction Sister Genevieve ever received was by correspondence from Alon Bement, director of the Maryland Institute of Art, who regards her work as of exceptional merit. He declared her paintings to be "powerful and crude" rather than "finicky and nice," the qualities usually found in a beginner.

Efforts are being made by local art lovers to have Sister Genevieve given every opportunity to develop the great talent which, is is believed, she possesses.

# Mystic and Slayer, Aged 70, Will Hang On Same Gallows

## Astrologer, Who Will go to Death on Crutches, Forced Nephew to Kill Own Mother.

SALEM, Oregon, May — The grim business of hanging will take on its grimmest aspect when Arthur Covell, crippled mystic and student of the occult, is put to death at the state penitentiary here on the morning of May 22, for the murder of his sister-in-law, Mrs. Ebba Covell.

It will be an actual case of a man going into eternity on crutches. For the bearded mystic is a helpless cripple, unable to move from his waist down. He can neither stand up alone nor sit up in bed; and it will be necessary to carry him up the 13 steps of the gallows and support him while the noose is being adjusted.

On the same morning L. W. Peare, his hair snow white from 70 or more years, will be hanged for the murder of his wife and a neighbor in 1923. By a strange coincidence the two condemned murderers committed their crimes the same year and in Coos county, Oregon. And both will pay the penalty the same day on the same scaffold.

Covell, termed the arch-murderer and plotter, who planned to snuff out several lives "when the stars were favorable," murdered his sister-in law through the agency of Alton Covell, his nephew and son of the dead woman. Young Covell, now 18 years of age, is serving a life sentence at Salem penitentiary.

**Murder Discovered.**

Only by the slightest chance was Covell connected with the unusual homicide, which for several days completely mystified authorities in Coos county. The woman's body had been placed in the coffin and the lid fastened. The face was normal in color—it was presumed that Mrs. Covell died of natural causes. But before burial a woman asked permission to place a keepsake in the coffin. When the coffin was opened the face showed decided discoloration.

Physicians were called and investigation revealed that death was caused by ammonia. Dr. Fred Covell, the woman's husband, was arrested and held without bail. Suspicion was later fastened on Arthur Covell, who lived with his brother, and upon Alton Covell, the dead woman's son.

The mystic's room was searched by authorities, including Luke S. May Seattle criminologist. A sentence scribbled on a piece of paper gave the final clew. It read:

"This is the day! Will Alton carry out the plan?"

From the lips of Lucille Covell, 14 year-old daughter of the slain woman, came the first confession. She told how "Uncle Artie" had planned the crime for two or three months. She said that the elder Covell did not like her mother because "she never went upstairs to see him and fussed because he ate so much."

The girl, in her naive way, related how the astrologer planned to do away with his sister-in law. "Eleven a. m., September 3, 1923—the Venus hour" was the time appointed. Alton Covell, completely dominated by the crippled mystic, placed an ammonia soaked rag over his mother's mouth as she worked in the kitchen, and she died shortly afterward. The girl and Alton then placed their mother on a sofa and washed her face.

**Covell Confesses.**

Trapped with his nephew, Covell made a complete confession, in which he said Alton and Lucille were at all times under control of his mind and will. He said Lucille was absolutely innocent of any wrongdoing; that his brother, Fred, the woman's husband, was also guiltless. Later he repudiated the confession.

Covell studied astrology of 15 years and is said to be exceptionally well informed. Investigations made by Criminologist May revealed that Covell had a type writer arranged with astrological characters. On this machine he wrote various murder plots and then transcribed the writing, in ink, to a book, holding to the astrological characters. He plotted the murder of a clothing dealer, May said; and, in accordance with his plot, the victim was to be found at the bottom of a stairway, indicating that he had fallen to an accidental death. In his pocket was to be found a will giving half of his property to Covell. Other decipherings revealed a plot to kill an entire family, burn the home, after removing various articles, and create the suspicion that a member of the family had committed the crime.

May said Covell wrote horoscopes for Hollywood motion picture studies and actors and contributed to astrological schools in Boston, New York and other cities. He studied the planets and reasoned carefully, setting the time of murder when the victim would be likely to offer the least resistance, as indicated by the stars.

## Lady Wild Expresses Views; Says American Girls are "Spoiled"

LONDON, May.—"Girls do not marry as easily as they used to, firstly because there are fewer men for them to marry, and, secondly, because they lead such utterly different lives nowadays that perhaps they are not in such a hurry to undertake the responsibilities of matrimony as they were formerly."

Lady Wild offers this explanation for the fact that there were far fewer Easter-tide weddings this year than usually.

"I do not think that girls are less willing to get married, but they certainly want a good time first," Lady Wild said. "The modern girl understands how to enjoy herself so much better than did the girls before her—and yet we in England do not spoil our girls as they are spoiled on the Continent and in America.

"Marriage is no longer an escape from home. A modern girl is so independent, she can do what she likes, go where she likes, follow what career she likes. And she is not nearly as sentimental and romantic as she was.

"Then, again, there is the increased cost of living. Men whose fathers were in good position at the age of thirty have had their chances ruined by the war and simply cannot afford to marry."

Saturday, Last Day, To Trade In Your Old Mattress For A New One

$5.00 FOR YOUR OLD MATTRESS

How Many Mattresses In East Liverpool and Vicinity Are Unfit to Sleep On?

Every Old Mattress Taken in This Sale Will Positively be Burned

We will have a different truck call for your old mattress and it will positively be destroyed or if you wish to keep the old mattress or if you wish to destroy it yourself your allowance on a new mattress will be $5.00 just the same.

Facts point to many hundreds. Stop and consider that your mattress has been next to your body one-third of the time for the last five to forty years. You sleep on a mattress night after night, year after year. It can not be washed, it can not even be renovated and made safe for use. Mattresses are used year after year by persons in sickness as well as in health. Is it sanitary or safe in any way to "just let things go?"

No mattress should exist beyond 10 years at that if you paid $35.00 for it the cost has been less than one cent a day or night.

Take 10 minutes to investigate your bed, consider the service or discomfort it has given, then grasp this opportunity to purchase a new mattress.

For This Sale We Have Selected Our Buckeye 50 lb. Felt Mattress

This is a four row stitched 50-lb. all layer felt mattress in one of our best grades of ticking. It will pay you to stop in and examine it, and see how reasonable you can replace your old one.

The regular price of this mattress is $24.00. We will allow you on your old mattress, no matter what condition it is in, $5.00. Making the Mattress cost you $19.00 or if you pay cash the cost will be $17.10.

REMEMBER EVERY MATTRESS TAKEN IN THIS SALE WILL BE BURNED.

Saturday, Last Day, To Trade In Your Old Mattress For A New One

$5.00 FOR YOUR OLD MATTRESS

How Many Mattresses In East Liverpool and Vicinity Are Unfit to Sleep On?

Every Old Mattress Taken in This Sale Will Positively be Burned

We will have a different truck call for your old mattress and it will positively be destroyed or if you wish to keep the old mattress or if you wish to destroy it yourself your allowance on a new mattress will be $5.00 just the same.

Facts point to many hundreds. Stop and consider that your mattress has been next to your body one-third of the time for the last five to forty years. You sleep on a mattress night after night, year after year. It can not be washed, it can not even be renovated and made safe for use. Mattresses are used year after year by persons in sickness as well as in health. Is it sanitary or safe in any way to "just let things go?"

No mattress should exist beyond 10 years at that if you paid $35.00 for it the cost has been less than one cent a day or night.

Take 10 minutes to investigate your bed, consider the service or discomfort it has given, then grasp this opportunity to purchase a new mattress.

For This Sale We Have Selected Our Buckeye 50 lb. Felt Mattress

This is a four row stitched 50-lb. all layer felt mattress in one of our best grades of ticking. It will pay you to stop in and examine it, and see how reasonable you can replace your old one.

The regular price of this mattress is $24.00. We will allow you on your old mattress, no matter what condition it is in, $5.00. Making the Mattress cost you $19.00 or if you pay cash the cost will be $17.10.

REMEMBER EVERY MATTRESS TAKEN IN THIS SALE WILL BE BURNED.

YOUR CREDIT IS GOOD — MONINGER BROS — YOUR CREDIT IS GOOD

# OPEN TWO-DAY CHURCH MEET

## 175 Attend Banquet of Presbyterial Society.

Approximately 175 delegates of the Woman's Presbyterial society of the Steubenville Presbytery attended the jubilee banquet held last evening in the First Presbyterian church, here, as the feature event of the first day of the two-day fiftieth anniversary meeting of the organization.

The meeting was launched yesterday afternoon and a short session was held last evening. Morning, afternoon and evening meetings were on the schedule for today.

At yesterday afternoon's session, reports were submitted by secretaries, including Mrs. M. G. Hanna, Mrs. Howard Blake, Mrs. J. C. Flood, Mrs. A. F. Campbell, Mrs. O. C. Brill, Mrs. W. P. Allensworth and Mrs. W. A. Cordon. Mrs. R. J. Keifer, who originally was to have spoken tomorrow, transferred her talk on "Wooster School of Missions," to yesterday's meeting The chief address was given by Miss Ottoroa H. Horne, of Beirut, Syria, a missionary.

Mrs. A. G. Smith presided as toastmaster at last evening's banquet. Toasts were given as follows: "Our Guests," Mrs. E. G. Whitacre; "The Harvest of 50 Years," Mrs. J. A. Trotter; "The Next Half Century," Mrs. W. G. Reagle, of Grove City, Pa.; "The Overweight of Joy," Mrs. D. W. Arms, Duluth, Minn.. The assembly sang the song, "Ended a Year." Miss Marie Patterson, of East Liverpool, give the poem, "The Years." "Women Who Build" was the subject of a talk by Mrs. S. J. McCune, of Brilliant.

Secretaries' reports were scheduled for this morning's meeting. At this afternoon's session, officers will be elected, and various reports submitted.

The young people's banquet will be held this evening at 6 o'clock, followed by the closing events on the program.

## STRATTON ROAD FUND RE-ALLOTED

State Highway Director L. A. Boulay has advised the Jefferson County commissioners that $33,915 federal aid allowed more than a year ago for the Stratton-Empire road has been rescinded and the money re-allotted for the improvement of the road from the north city limit to King's.

The $33,915 was allowed more than a year ago for the Stratton-Empire stretch, but because the right of way on the road has not yet been determined and because of other matters in connection with it, the allowance for the road has been rescinded and transferred for the improvement of the stretch just above Steubenville. The sum of $5,000 inter-county money was allowed sometime ago for the maintenance of this road and will probably be used in its improvement.

Yesterday Federal Engineer W. M. Wilbur, Divisional Engineer Fawcett, county engineer and the county commissioners viewed the section of the road near Stanton park and conferred with officials of the Steubenville, East Liverpool & Beaver Valley Traction company regarding the change in the location of the car tracks at this point.

Plans for the improvement will be drawn up and sent to the state for approval and if approved the contract for the improvement will probably be let by the state.

## MRS. CARL MORGAN ENTERTAINS CLUB

Mrs. Carl Morgan entertained members of the Five Hundred club last evening at her home in Aten avenue.

Cards were the chief diversion. Honors were awarded Mrs. Wayne Aeckerle and Mrs. Ernest Bennett. Luncheon was served by the hostess, assisted by her mother, Mrs. Hamilton. Guests included Mrs. McMadden and Mrs. Clarence Jackson.

The next meeting of the club will be held in two weeks at the home of Mrs. Otis Weekly in Broadway.

### P. H. C. Meeting Tonight.

Members of Fidelity circle No. 3, Protected Home Circle, will hold their regular meeting this evening in their lodge rooms, Ninth and Main streets.

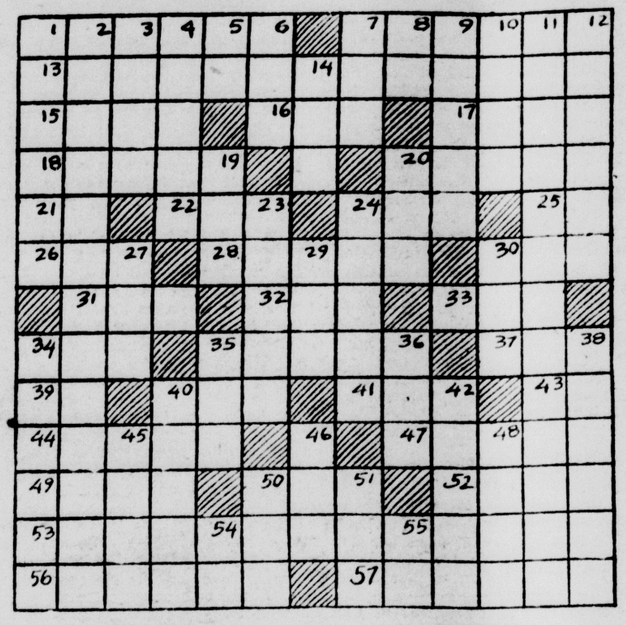

Following the business session, there will be a square dance for the lodge members.

**How to Solve Puzzle.**

The best way to solve this cross-word puzzle is to run over the list of horizontal and vertical synonyms in search of evident or "easy" words. If horizontal, the word you are looking for must extend crosswise from the number to the first shaded stop on the right; if vertical, it must extend downward from the number to the first shaded stop below. When finished, the words should read equally well crosswise and downward.

## American Doctors Will Visit Erin For Annual Convention

### Six Hundred U. S. Medicos to Tour Ireland First Week in June.

BELFAST—For the first time in its history, the Inter-State Post-Graduate assembly of America—a body comprising about 75,000 members of the medical profession from all parts of the United States—is to hold its annual congress in this country. Hitherto the congress has been held every year in one of the leading American cities. The party coming over this summer is expected to number some 600.

The party will arrive in London on June 1, where they will remain until June 7, when they will begin their provincial tour, the itinerary of which will include Liverpool, Manchester, Leeds, Dublin, Belfast, Glasgow, Edinburgh and Newcastle-on-Tyne.

The arrangements in connection with the Belfast visit, which have been in the hands of Dr. R. Marshall and Dr. A. J. Dempsey, as local secretaries, and of a committee, are well advanced. Owing to their large numbers, the visitors will be divided into two parties, the first of which will spend June 13 to 15 in Belfast and the surrounding district and the second June 15 to 17. The lord mayor will entertain them at a reception in the city hall; and the prime minister will give a garden party, while Lord Londonderry, also, will act as host at another function. The American doctors will attend at a clinical demonstration and see operations in the Royal Victoria hospital and the Mater hospital. All the hotel accommodations for miles around Belfast, as far as Newcastle, have been booked.

Through a large advertising campaign a British tire company made its sales mount high and reduced the tire imports of the country 50,000 tires a month.

-and now I use CALUMET

THE WORLD'S GREATEST BAKING POWDER

"My bakings used to be a matter of 'hit or miss' — sometimes they were successful; then again a total failure, no matter how hard I tried. But that was before a friend persuaded me to try Calumet. Now I know what the result will be—what to expect every time — perfectly raised, uniformly baked foods. Bake day is really a delight."

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 oz. cans, instead of 16 ounce cans. Be sure you get a pound when you want it.

Baking Powder plays an important part in the success or failure of your baking. The great American housewives all realize this. They have found by experience that a better leavener is not, and cannot be made—that for nutritious and wholesome foods it has no equal.

Calumet is made in the World's largest baking powder factories; human hands never touch it.

In almost every such case these ailments will yield to Lydia E. Pinkham's Vegetable Compound. For a great many years this simple root and herb remedy has been restoring women to health and strength and it will pay every suffering woman to try it.

**ALL WOMEN WHO WORK**

Whether in the home, store, shop, mill or office, they alone know how often they are really unfit for work. It may be a headache, backache, pain in the side, nervous depression, cramps or those dreadful dragging-down pains, all of which symptoms have their origin in some feminine ailment that is making life a burden. In almost every such case these ailments will yield to Lydia E. Pinkham's Vegetable Compound. For a great many years this simple root and herb remedy has been restoring women to health and strength and it will pay every suffering woman to try it.

**What's Behind the Front?**

TOO Many folks think more about "putting up a front" than they do about having some solid financial backing. Looking like a million dollars is fine as far as it goes, but reliable people have a solid basis for their apparent prosperity.

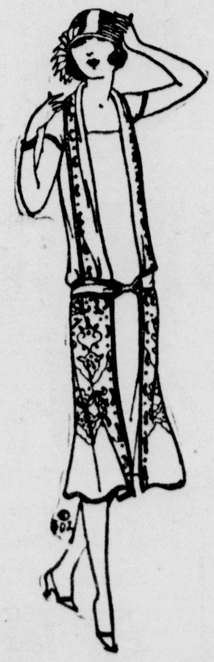

Substantial folks spend less than they earn and save the difference, month after month and year after year.

## *India Decorates American Woman*

Miss Mary E. Rutherford, American Y. W. C. A. worker in Delhi, is home on furlough with a decoration given her by the viceroy of India for her war services.

## *Clears Complexion*

"Oh! how clear and beautiful your complexion is today, my dear!"

THERE is a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying, for that attractiveness which is not theirs. But why the wondering — the hoping — the praying for that craved for attractiveness—that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1826 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

**Hamlet Loses Nickname.**

ST. CLAIRVILLE, May. —Paving of the National road and development of the automobile are given as reasons for the loss of the nickname "Poverty Row" by the hamlet of East Richland, four miles west of here. The village bore the nickname for decades. Property values there have increased to such an extent, and so many new buildings have been erected, that building sites are in demand. One ordinary home, with a small acreage attached, was offered recently at $20,000.

## Physicians Will Trek to Atlantic City May 25-29.

## ANNUAL SESSION

## Special Exhibits of Medical Art Will Feature Gathering.

CHICAGO, May.—Hotels on the board walk of Atlantic City, during the week of May 25-29, will house the greatest number of physicians ever gathered at the sea side city, according to an announcement made here by the Journal of the American Medical association, which will dominate Atlantic City at that time, has arranged to use the entire steel pier for its general meetings and its exhibits, and to use available halls in most of the big hotels for special sessions.

In addition to the association, some fifteen or twenty other medical bodies will hold meetings just previous to or following the convention of the major organization.

**Medical Films.**

A significant feature of the session will be a motion picture theatre devoted to the showing of special medical films prepared for the occasion.

A film prepared by Dr. Alevis Carrell, of the Rockefeller Institute will reveal the growth of a living human cell outside the body, as done experimentally by him in tubes of culture medium.

A film prepared by Dr. Clark W. Finnerud, Chicago, will show the development of ringworm and the different procedures used in healing such a lesion.

A special exhibit will be devoted to heart disease and another to the treatment of children poisoned by lye, or suffering from other destructive injuries to the throat.

**Many Exhibits.**

Virtually all the great organizations devoted to social welfare and general health of the United States, including the American Society for the Control of Cancer and the American Social Hygiene association, have planned to exhibit their work in the scientific expositon at ths session and to demonstrate it through films in the motion picture section.

In the scientific meetings to be held by the sixteen scientific sections some 300 papers will be read on virtually all the advances in medical science during the last year.

The president of the American Medical association to be inaugurated this year, is Dr. William D. Haggard, of Nashville, Tenn. In his address he will point the way for special work by the physicians of the country in aiding the public health during the coming year.

# MANY FAINTING SPELLS ENDANGER WOMAN'S LIFE

Miss Stella Wallace, 426 Sixth street, Dayton, O., suffered so extensively with fainting spells that at times her parent thought her life had passed away. This condition was brought on by general weakness, disordered condition of the stomach, indigestion, faulty appetite, heart pains, constipation, and nervousness. Her mother induced her to take a treatment of Ka-di-ok, the wonderful herbal stomach tonic and system builder, which she did, and today, she declares to the Ka-di-ok representative: "I feel like a young woman should feel; no more dizzy spells, my food digests, I sleep good, have a good appetite and no more headaches. If ever a girl was thankful, I am that one; Ka-di-ok is just the thing to give one good health."

Miss Stella Wallace

Just one more of those almost miraculous metamorphoses brought about by Ka-di-ok; no harmful habit-forming drugs in its make-up, and its effects are lasting. Better get a bottle today and start on the right road to health.

Ka-di-ok is sold and recommended in East Liverpool by Mathews' Cut Rate Medicine Store, 129 W. 6th street.

## Schumann-Heink to Return to Opera to Celebrate Golden Anniversary

Mme. Ernestine Schumann-Heink, world famous contralto, will celebrate the golden anniversary of her debut as a singer by returning next season to the Metropolitan Opera House, scene of many of her early triumphs. Now 65, she is the oldest star of her magnitude to return to the stage after singing her formal farewell. She is shown as she is today, and (inset), when she was 50.

# Hay Fever Takes Quarter of Billion Toll Annually

## Surgeon-General Conducting Study to Determine Cause and Preventative.

WASHINGTON, May.—Hay fever probably cost the American people more than a quarter of a billion dollars in loss of wages every year.

Public health surveys show that about 1 per cent of the population is incapaciated from six to eight weeks annually by this malady, its effect, coupled with that of the ordinary bad cold, resulting in a greater loss of labor-power to the big industries than any other disease.

Surgeon-General Cumming is conducting a study both of hay fever and bad colds to determine exactly their disabling results, their specific causes, and to devise means of combating their economic handicap.

One major industry reported to the Public Health Service that 48 per cent of their labor losses were due to acute respiratory diseases, which include hay fever and bad colds. Conditions in other industries are believed to be virtually the same.

On the success of treatment of World War veterans at the United States Veterans' Bureau of Public Health Service bases its belief that similar results might be obtained should the industries employ the same methods.

Dr. Harry C. Bernton, special expert in the Public Health Service, who is directing the Veterans' Bureau campaign against hay fever, said that 40 per cent of the veterans treated have practically been freed of hay-fever symptoms. Five per cent failed to respond to the treatment, while the remainder enjoyed from 25 to 75 per cent relief.

Hay-fever periods are as follows:

Spring type, beginning in March and ending in June, caused by the pollination of trees.

Summer type, from May to the middle of July, caused by pollen of grasses.

Autumnal type, from August to the first frost, due chiefly to ragweed.

While the vast majority of hay-fever sufferers trace their disability to the rag weed, thousands are victims of the other types of the disease. Some, experts explained, are victims of the three types, suffering almost continually from the first breath of Spring until the first frost. Treatment for all diseases should be started in the early Spring, according to the experts.

Hay fever is a hereditary disease. It is aroused by outside influences such as pollen from grass, flowers, weeds and trees, emanations from animals, horse danger, cat hair and certain foods. Climatic conditions and many other factors, such as diseases of the nose and sinus, also have a tendency to produce paroxysms which temporarily incapaciate the victim. It is not, however, a communicable disease.

So far physicians have not discovered that hay fever has any permanent physical results.

The Veterans Bureau method of treatment consists of a series of inoculations following tests to determine what outside influences produce hay fever in the various patients. The duration of immunity, if attained, rarely extends beyond one or two seasons, victims being confronted with the necessity of treatment every other year.

With constant study, observation of government patients, and assistance of private authorities, officials believe that it may be possible to perfect a preventative treatment.

### Mysterious Fires.

DEFIANCE, May — Incendiaries, probably mischievous youngsters, were suspected of starting a number of fires during the last few weeks at Brunersburg, a village four miles west of here. Fire in the hay mow of a large barn, belonging to John F. Dowe, was discovered in time to prevent heavy damage. A few hours later, a straw stack piled against a shed, on the same property, was found blazing. The hen house of Walter Smith at Brunersburg burned at midnight recently.

The recently - discovered platinum field in the Lydenburg district of South Africa promises to be one of the most important in the world.

## CHILDRENS CROSS WORD PUZZLE

**Children's Pictorial Cross Word Puzzle—How To Solve Puzzle.**

The words start in the numbered squares and run either across or down. Only one letter is placed in each white square. If the proper words are found each combination of letters in the white squares will form words. The key to the puzzle—the first word—is given in the drawing. Below are keys to the other words.

**Running Across.**

Word 1. In the picture.
Word 4. Boy's nickname.
Word 5. Chubby, well rounded.
Word 6. The brother of your mother or father.
Word 8. Existing.
Word 9. The thin, cutting side of a knife. Plural. The margins of a sheet of paper.

**Running Down.**

Word 1. A small cylinder in which medicine is placed for you to swallow.
Word 2. Everything.
Word 3. The lady ruler of an empire.
Word 7. An untruth.

## A Prisoner of Love

Polly was the daughter of missionaries living in China. Came the revolution. Polly was captured by Chinese bandits and held for ransom. Her terror was indescribable until she learned that the bandits were led by a white man—a young American—one of her own race to whom, she thought, she could turn for help. But she had yet to learn to what depths of degradation a white man can sink. The memory of those terrible days will remain with her to her dying day. She has written about it under the title "My Captain" in True Story Magazine for June. And this is but one of 18 big features. Get the June True Story today.

## Thought 3 Little Children Needed Mother's Care

"My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about Mayr's Wonderful Remedy and I took a course of it. I have since been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## Haskin's Letter

(Continued from Page Four)

Nor are the hazards all with the lawbreakers. Two months following the last day of the open season in Illinois two United States game wardens on patrol duty in Illinois river sections were shot from ambush, both of them receiving serious injuries. The wardens discovered a full case of shotgun shells and two sheep-lined coats in the woods, and while inspecting their find were fired on by a hunter or guard who was then joined by two pals and a small battle ensued, with the forces of law and order getting decidedly the worst of it. Both of them were peppered with No. 5 shot, and when they retreated they had to walk five miles to their boat, row a considerable distance, and then drive 25 miles before they could get medical attention.

They are still incapacitated, and their murderous assailants have not been apprehended.

These wardens were more fortunate than one of their fellow officers, E. A. Lindgren, who was shot and killed, while on duty in Iowa, by three Italians whom he was attempting to arrest for violating the migratory Bird Treaty Act. His murderers were arrested, convicted and are now serving life sentences. Lindgren was a young man and had been in the service but a month when he met his death. He left a wife and small child.

There have been other instances in which both Federal and State officers have been fired upon and while the violators of the game laws are perhaps not such resperate characters, on the whole, as are the rum runners and hijackers who provide the casualties of the liquor traffic it has been demonstrated that they are quite ready to use their guns when threatened with arrest. And it is to be remembered that guns are the regular equipment of game bird bootleggers.

**How Hunters Operate.**

There is nothing sportsmanlike about these hunters. They are out to get birds in large numbers and they never give the game a chance. They are especially ruthless in going after wild ducks and geese and frequently use guns that are veritable young cannon, discharging a load of shot that will kill a hundred birds and cripple as many more when fired into a large flock. Among the interesting exhibits in Chief Game Warden Lawyer's office is such a weapon huge in size, crude in construction, and deadly in execution.

One of the chief obstacles in the way of enforcing the game law in some sections is the difficulty of securing convictions and the imposition of sufficiently severe penalties. Many judges have manifested the greatest leniency in dealing with the bootlegging gentry, hunters and dealers alike.

In this respect the situation is quite similar to that prohibition enforcement officials are up against. People who do not favor or believe in the law sympathize with the violators and do not think anyone should be punished for evading or breaking the law, and some of these people are to be found even in the courts.

However, many duck bootleggers have been caught, prosecuted and convicted, and Chief Warden Lawyer believes that their numbers are slowly decreasing. A few years ago one of them in Arkansas was fined $500 and sentenced to six months in jail, which is the extreme penalty under the Federal act. This violator was a persistent market hunter and had been one one of the leading figures in the traffic in wild ducks in his state for several years. He also had been before the Federal court previously for violations of the game laws.

In Michigan a dealer was fined $500 for selling 30 wild ducks. That took the profits of a considerable volume of business. For selling and shipping wild ducks in violation of the Migratory Bird Treaty Act an offender in Maryland was sentenced by the Federal court to serve five months in jail. Numerous other fines and jail sentences have been meted out against the game bootlegger and each year he is finding it more and more difficult to carry on his nefarious activities.

Given an adequate force of game wardens and the Feneral authorities say that within a comparatively short time the illicit traffic would be stamped out entirely, but with only 25 officers to cover the entire United States and Alaska it is obvious that the government is at a decided disadvantage. It is never possible to concentrate more than half that force in a given section and ten or twelve men can not patrol a very large territory and make a thorough job of it.

**Not Splitting Fees.**

NELSONVILLE, May—Minor court officials of Athens county, who have been busy raiding moonshiners and arresting bootleggers for several years, said they were advised by Anti-Saloon league officials that the new Ohio law prohibiting fee-splitting will not cut their fees. They said they are not splitting fees, but are keeping them all.

Two months following the last day of the open season in Illinois two United States game wardens on patrol duty in Illinois river sections were shot from ambush, both of them receiving serious injuries. The wardens discovered a full case of shotgun shells and two sheep-lined coats in the woods, and while inspecting their find were fired on by a hunter or guard who was then joined by two pals and a small battle ensued, with the forces of law and order getting decidedly the worst of it. Both of them were peppered with No. 5 shot, and when they retreated they had to walk five miles to their boat, row a considerable distance, and then drive 25 miles before they could get medical attention.

## Nazimova Seeks U. S. Citizenship

Alla Nazimova, vaudeville, screen and stage star in the United States for many years, has taken steps to become an American citizen. The news is coupled with a report that Alla and Charles Bryant, whom she married 18 years ago, probably will be divorced.

They are still incapaciated, and their murderous assailants have not been apprehended.

These wardens were more fortunate than one of their fellow officers, E. A. Lindgren, who was shot and killed, while on duty in Iowa, by three Italians whom he was attempting to arrest for violating the migratory Bird Treaty Act. His murderers were arrested, convicted and are now serving life sentences. Lindgren was a young man and had been in the service but a month when he met his death. He left a wife and small child.

There have been other instances in which both Federal and State officers have been fired upon and while the violators of the game laws are perhaps not such resperate characters, on the whole, as are the rum runners and hijackers who provide the casualties of the liquor traffic it has been demonstrated that they are quite ready to use their guns when threatened with arrest. And it is to be remembered that guns are the regular equipment of game bird bootleggers.

### How Hunters Operate.

There is nothing sportsmanlike about these hunters. They are out to get birds in large numbers and they never give the game a chance. They are especially ruthless in going after wild ducks and geese and frequently use guns that are veritable young cannon, discharging a load of shot that will kill a hundred birds and cripple as many more when fired into a large flock. Among the interesting exhibits in Chief Game Warden Lawyer's office is such a weapon huge in size, crude in construction, and deadly in execution.

One of the chief obstacles in the way of enforcing the game law in some sections is the difficulty of securing convictions and the imposition of sufficiently severe penalties. Many judges have manifested the greatest leniency in dealing with the bootlegging gentry, hunters and dealers alike.

In this respect the situation is quite similar to that prohibition enforcement officials are up against. People who do not favor or believe in the law sympathize with the violators and do not think anyone should be punished for evading or breaking the law, and some of these people are to be found even in the courts.

However, many duck bootleggers have been caught, prosecuted and convicted, and Chief Warden Lawyer believes that their numbers are slowly decreasing. A few years ago one of them in Arkansas was fined $500 and sentenced to six months in jail, which is the extreme penalty under the Federal act. This violator was a persistent market hunter and had been one one of the leading figures in the traffic in wild ducks in his state for several years. He also had been before the Federal court previously for violations of the game laws.

In Michigan a dealer was fined $500 for selling 30 wild ducks. That took the profits of a considerable volume of business. For selling and shipping wild ducks in violation of the Migratory Bird Treaty Act an offender in Maryland was sentenced by the Federal court to serve five months in jail. Numerous other fines and jail sentences have been meted out against the game bootlegger and each year he is finding it more and more difficult to carry on his nefarious activities.

Given an adequate force of game wardens and the Feneral authorities say that within a comparatively short time the illicit traffic would be stamped out entirely, but with only 25 officers to cover the entire United States and Alaska it is obvious that the government is at a decided disadvantage. It is never possible to concentrate more than half that force in a given section and ten or twelve men can not patrol a very large territory and make a thorough job of it.

# County High School Athletes Set For Lisbon Meet Saturday

## 150 Contenders From Eight Schools Will Vie For Trophy Cup

### Favorites are Scarce and "Dark Horses" Plentiful; Preliminaries Scheduled to Start at 10 a. m., With Finals at 12 O'clock.

Over 150 athletes of Columbiana county high schools will be mobilized tomorrow at Lisbon for the annual drive on the Columbiana County Track and Field association trophy cup, now in the possession of East Palestine high school. The assembly of runners, jumpers and weight heavers will mark the twenty-second annual meet.

Favorites are scarce, although in some quarters Salem is mentioned as having something better than the rest of the field. Coach Arthur Mensforth, of East Liverpool, firmly believes that whether it be Salem or someone else, the winner will have to reckon with the Blue and White.

Wellsville is said to have shown strength in the field and weight events, which is not unusual for that school. East Palestine has lost Waldo Ward and with him their big punch.

The preliminaries are scheduled to start at 10 o'clock tomorrow morning. Five events are scheduled, including the 100-yard dash, the 220-yard dash, the 220-yard hurdles, the high jump and the pole vault. Six contenders in each event will toe the mark in the finals in the afternoon.

The afternoon program will get under way at 12 o'clock, if possible, meet officials announced today.

Eight schools are entered — East Liverpool, Salem, Wellsville, Lisbon, East Palestine, Columbiana, Leetonia and Salineville.

The East Liverpool entries probably will be:

220 hurdles—P. English and Furrer; 100-yard dash—Kreefer and E. English; 220-yard dash—Kreefer and E. English; 440-yard dash—Golden and Kreefer; half mile — Shaffer, Pyles or Howard; mile—Shaffer, Fugate or Pyles; relay — Golden, Kreefer, E. English and Howard; high jump—Howard and Dickey; pole vault—P. English and Howard; broad jump—P. English and McVey; discus —Bennett and Golden; shot—Bennett and Haines; javelin—Haines and Riebel.

## Browns Stop Ty Cobb And Detroiters Lose

ST. LOUIS, May 8.—The St. Louis Browns stopped Ty Cobb, who had made five home runs in two games, and gained an even break in their series with the eDtroit Tigers by winning yesterday in the final game, 6 to 5. George Sisler, Brown playing manager, hit safely in his twenty-second consecutive game of the season.

## SHOWDOWN ON NURMI CHARGE

### Runner's "Expense" Deals Called Before Rubien.

By Davis J. Walsh.

NEW YORK, May 8. — An official showdown upon the question of whether Paavo Nurmi's daily expenses would keep a buttonhole maker in garlic for the rest of his life or that the young man merely runs for the simple joy of exercise probably will be had this afternoon. It is expected to come during a hearing of the case by Fred Rubien at the national headquarters of the Amateur Athletic union.

Nurmi, with Willie Ritola and Hugo Quist, are due to arrive in town today and will be haled before the one-man tribunal to answer the charges of K. L. Wilson of Drake University, that excessive expenses were demanded by Quist for the appearance of the two stars at the Drake relays.

Wilson's allegation is to the effect that Quist asked $1,000 for Nurmi and $500 for Ritola, it being apparent that Nurmi was to be considered not only a faster runner than Ritola but one who lived twice as rapidly.

The Drake side of the issue will be presented by Mr. Wilson's affidavit only and it may not be enough. An affidavit can only make a statement; it can neither amplify nor argue.

Quist's side of the story is that he met Wilson just once and that the question of expenses did not arise during the interview in question. Neither Nurmi nor Ritola were present, according to the statements of Wilson and Quist. Therefore, it is the general belief that it will be difficult to connect them with the alleged demand.

This, by the way, was based on the theory that Drake University should pay the expenses of Nurmi and Ritola to and from New York and Nurmi's passage back to Finland, according to Wilson. Both runners were no nearer New York than Chicago, Cook county, Ill., when the alleged demand was made.

Secretary Rubien will be aided in his decision by the reports of various committees named to investigate the situation in various cities in which the Finns appeared during their western trip. By way of showing good faith, Rubien cancelled what remained of the junket after Nurmi and Ritola had run in Los Angeles.

Two engagements for Nurmi were permitted to hang fire, however, until the case was settled. One of them is at Worcester, Mass., tomorrow and the other at Pittsburgh on Monday. The odds are 2 to 1 with no takers that Nurmi will keep both.

## Cooney Hurls Braves To Win Over Dodgers

BOSTON, May 8.—Johnny Cooney pitched the Boston Braves to a 7 to 3 victory over the Brooklyn Robins yesterday.

In the fifth inning, the Braves bunched four hits off Thormahlen and Hubbell, and with the aid of three errors, scored four runs.

## FISH AND GAME SUPPER MAY 22

### Local Branch of Sportsmen's Body Plans Annual Event.

The East Liverpool Branch of the Columbiana County Fish and Game Protective association will hold its annual fish supper on Friday evening, May 22, in the F. O. E. home, in Broadway.

Plans for the event were announced by Secretary Miller following the regular meeting of the organization last night in the Fowler building in the Diamond.

Over 300 pounds of fish will be ordered for the supper, according to Mr. Miller. Nearly 500 sportsmen are expected to attend.

Plans for the supper will be completed at a special meeting of the branch to be held next Wednesday.

## BOSTON OBSERVES GOLDEN JUBILEE

BOSTON, May 8.—Today was National league golden jubilee day.

Braves Field was the scene of activities. Judge Kenesaw Mountain Landis, high commissioner of baseball; President John Heydler of the National league and scores of old-time ball players were on hand to assist in the ceremony of raising the jubilee flag.

The baseball game was between Boston and Chicago, the only two charter members now in the National league.

## 16 WILL START IN PREAKNESS

### Greentree-Whitney Stable Entry Rated as Favorite.

BALTIMORE, May 8. — Sixteen three-years old, representing the ultimate in thoroughbred development, will go to the post this afternoon in the eighteenth running of the $50,000 Preakness at the Pimlico track, second only to the Kentucky derby in point of importance. The race will be at one mile and three-sixteenths, an eighth of a mile longer than in previous years.

The early weather was clear and the track fast and with Baltimore's streets fairly overrun with visitors, the track's capacity of 30,000 was likely to be more than strained.

Some hours before the race, the Greentree - Whitney stable entry of Chantey and Backbone was rated the favorite, largely because of Chantey's impressive running here in Maryland. The half brother of Enchantment didn't race as a two-year-old but recently broke the track record for a mile and seventy yards at Have de Grace. His price today is likely to go as low as 2 to 1.

Singlefoot, with the best two year-old record in the field, was another likely choice at a short price.

Maid at Arms, the only filly to start, had quite a following, thanks to the fact that she won both of her 1925 starts, including the Pimlico Oaks.

Bud Fisher not only contributed the Woodland vase to the winner's prize but also the entry of Swope to the field. The colt's running will be doubly interesting because he will be ridden by Earl Sande and the fact that Fisher won the 1924 Preakness in the mud with his filly, Nellie Morse.

Other favored entries were Almadel, upholding the traditions of the Blue Grass district; Voltac, who showed well in the Woods stakes at Jamaica; By Hisself, son of Mar O' War; Prince of Bourbon, winner of three races this season, and Gifford Cochran's Coventry, the official dark horse of the race.

Much of the event's glamour was diminished by the successive breakdowns of Stimilus and Master Charlie and the recent death by poisoning of Sunnyman.

Reconstruction of railways in Poland destroyed in the war is expected to be completed within ten years.

## Indians Climb Into Tie for First Place

CLEVELAND, May 8.—Cleveland batted two Chicago pitchers hard enough yesterday to defeat Chicago, 7 to 5, and climb back into a triple tie with Philadelphia and Washington for first place in the pennant race.

Smith blanked the Sox for five innings, but was hit hard in the sixth and seventh, errors also helping Chicago. The score:

## Tagging The Bases

Going into the ninth inning five runs to the bad the Giant attack broke loose with the fury of a woman scorned, drove in nine runs and beat the Phillies, 11 to 8. Ring, Decatur and Couch were driven from the premises by the bombardment, the feature of which was Wilson's pinch homer with two on.

Glenn Wright took his place with Neal Ball and Bill Wambsganss by retiring the Cardinals in the ninth with an unassisted triple play. He clutched Bottomley's liner, touched second, doubling Cooney, and tagged Hornsby coming into the bag. And still the Pirates contrived to lose, 10 to 9.

Sisler hit safely in his twenty-second consecutive game, getting three for good measure, as his Browns took a fall out of the Tigers, 6 to 5.

Successful drop kicks by Johnston and Mitchell and indifferent pitching by Thormahlen staked the Braves to a 7 to 3 decision over the Dodgers, Cooney being parsimonious in the pinches.

The Indians edged back into a triple tie for first place by beating the White Sox, 7 to 5, in spite of the fact that Smith's left hand yielded fourteen hits.

## Giants Hamer Three Phil Hurlers to Win

PHILADELPHIA, May 8.—Trailing by six runs when they entered the ninth inning the New York Giants pounded three Philadelphia pitchers out of the box and scored nine runs in eleven hits, nine of them in a row, to win by the final count of 11 to 8 yesterday.

Ring, Decatur, Couch and Pearce went against the Giants, while Nehf, who was knocked out of the box in the fifth inning by the Phillies, was followed by Greenfield, Huntzinger and Scott.

## Cardinals' Rally in Eighth Beats Pirates

PITTSBURGH, May 8.—St. Louis came from behind yesterday and, scoring six runs in the eighth, defeated Pittsburgh, 10 to 9. The feature of the game was a triple play, unassisted, by Glenn Wright, Pittsburgh shortstop, in the ninth inning. With Cooney and Hornsby on base, Bottomley hit a liner into Wright's hands. He touched second, retiring Cooney, who had started to third, and then touched out Hornsby, who had dashed for second.

## SCOTT MEMORIAL RACE FEATURE

CLEVELAND, May 8. — The Xen Scott memorial handicap—in memory of a Cleveland newspaperman and authority on horse racing—will be one of the features of the opening of the 1925 season of the Ohio Jockey club at Maple Heights tomorrow. More than 800 horses have arrived for the heet.

## SARMIENTO AND TREMAINE MEET

CLEVELAND, May 8. — Carl Tremaine, Cleveland's candidate for bantamweight honors, is carded to meet Pete Sarmiento of Manila, in the 12-round feature bout of the public hall boxing show here. Kid Carlin, of New Orleans and Tommy Hughes of Detroit will meet in the eight round semi-final.

**Stribling Beats Rojas.**

BOSTON, May 8.—Young Stribling, 20 years old, of Macon, Ga., was in the heavyweight class today, having defeated Quintin Romero Rojas of Chile last night. The Georgia boy punished the Chilean so severely that the battle was stopped after three and a half rounds.

The fast-increasing number of new good Maxwell cars on the streets is causing widespread comment. It is a perfectly logical happening, for no other four delivers the Maxwell combination of 58 miles an hour, 5 to 25 miles in 8 seconds, and 25 miles to a gallon of gasoline.

But there are still greater satisfactions for the Maxwell owner. The car is completely manufactured within its own great plants. This is an advantage of genuine importance to the buyer. In no other way could you be assured of the quality that distinguishes the new good Maxwell from all other fours.

It is this high quality that accounts very largely for the dependable nature of Maxwell performance, the car's durability and, above all, costs of operation and maintenance so low as to create a new standard of economy.

# County High School Athletes Set For Lisbon Meet Saturday

## 150 Contenders From Eight Schools Will Vie For Trophy Cup

### Favorites are Scarce and "Dark Horses" Plentiful; Preliminaries Scheduled to Start at 10 a. m., With Finals at 12 O'clock.

Over 150 athletes of Columbiana county high schools will be mobilized tomorrow at Lisbon for the annual drive on the Columbiana County Track and Field association trophy cup, now in the possession of East Palestine high school. The assembly of runners, jumpers and weight heavers will mark the twenty-second annual meet.

Favorites are scarce, although in some quarters Salem is mentioned as having something better than the rest of the field. Coach Arthur Mensforth, of East Liverpool, firmly believes that whether it be Salem or someone else, the winner will have to reckon with the Blue and White.

Wellsville is said to have shown strength in the field and weight events, which is not unusual for that school. East Palestine has lost Waldo Ward and with him their big punch.

The preliminaries are scheduled to start at 10 o'clock tomorrow morning. Five events are scheduled, including the 100-yard dash, the 220-yard dash, the 220-yard hurdles, the high jump and the pole vault. Six contenders in each event will toe the mark in the finals in the afternoon.

The afternoon program will get under way at 12 o'clock, if possible, meet officials announced today.

Eight schools are entered — East Liverpool, Salem, Wellsville, Lisbon, East Palestine, Columbiana, Leetonia and Salineville.

The East Liverpool entries probably will be:

220 hurdles—P. English and Furrer; 100-yard dash—Kreefer and E. English; 220-yard dash—Kreefer and E. English; 440-yard dash—Golden and Kreefer; half mile — Shaffer, Pyles or Howard; mile—Shaffer, Fugate or Pyles; relay — Golden, Kreefer, E. English and Howard; high jump—Howard and Dickey; pole vault—P. English and Howard; broad jump—P. English and McVey; discus—Bennett and Golden; shot—Bennett and Haines; javelin—Haines and Riebel.

## Browns Stop Ty Cobb And Detroiters Lose

ST. LOUIS, May 8.—The St. Louis Browns stopped Ty Cobb, who had made five home runs in two games, and gained an even break in their series with the eDtroit Tigers by winning yesterday in the final game, 6 to 5. George Sisler, Brown playing manager, hit safely in his twenty-second consecutive game of the season.

## SHOWDOWN ON NURMI CHARGE

### Runner's "Expense" Deals Called Before Rubien.

By Davis J. Walsh.

NEW YORK, May 8. — An official showdown upon the question of whether Paavo Nurmi's daily expenses would keep a buttonhole maker in garlic for the rest of his life or that the young man merely runs for the simple joy of exercise probably will be had this afternoon. It is expected to come during a hearing of the case by Fred Rubien at the national headquarters of the Amateur Athletic union.

Nurmi, with Willie Ritola and Hugo Quist, are due to arrive in town today and will be haled before the one-man tribunal to answer the charges of K. L. Wilson of Drake University, that excessive expenses were demanded by Quist for the appearance of the two stars at the Drake relays.

Wilson's allegation is to the effect that Quist asked $1,000 for Nurmi and $500 for Ritola, it being apparent that Nurmi was to be considered not only a faster runner than Ritola but one who lived twice as rapidly.

The Drake side of the issue will be presented by Mr. Wilson's affidavit only and it may not be enough. An affidavit can only make a statement; it can neither amplify nor argue.

Quist's side of the story is that he met Wilson just once and that the question of expenses did not arise during the interview in question. Neither Nurmi nor Ritola were present, according to the statements of Wilson and Quist. Therefore, it is the general belief that it will be difficult to connect them with the alleged demand.

This, by the way, was based on the theory that Drake University should pay the expenses of Nurmi and Ritola to and from New York and Nurmi's passage back to Finland, according to Wilson. Both runners were no nearer New York than Chicago, Cook county, Ill., when the alleged demand was made.

Secretary Rubien will be aided in his decision by the reports of various committees named to investigate the situation in various cities in which the Finns appeared during their western trip. By way of showing good faith, Rubien cancelled what remained of the junket after Nurmi and Ritola had run in Los Angeles.

Two engagements for Nurmi were permitted to hang fire, however, until the case was settled. One of them is at Worcester, Mass., tomorrow and the other at Pittsburgh on Monday. The odds are 2 to 1 with no takers that Nurmi will keep both.

## Cooney Hurls Braves To Win Over Dodgers

BOSTON, May 8.—Johnny Cooney pitched the Boston Braves to a 7 to 3 victory over the Brooklyn Robins yesterday.

In the fifth inning, the Braves bunched four hits off Thormahlen and Hubbell, and with the aid of three errors, scored four runs.

## FISH AND GAME SUPPER MAY 22

### Local Branch of Sportsmen's Body Plans Annual Event.

The East Liverpool Branch of the Columbiana County Fish and Game Protective association will hold its annual fish supper on Friday evening, May 22, in the F. O. E. home, in Broadway.

Plans for the event were announced by Secretary Miller following the regular meeting of the organization last night in the Fowler building in the Diamond.

Over 300 pounds of fish will be ordered for the supper, according to Mr. Miller. Nearly 500 sportsmen are expected to attend.

Plans for the supper will be completed at a special meeting of the branch to be held next Wednesday.

## BOSTON OBSERVES GOLDEN JUBILEE

BOSTON, May 8.—Today was National league golden jubilee day.

Braves Field was the scene of activities. Judge Kenesaw Mountain Landis, high commissioner of baseball; President John Heydler of the National league and scores of old-time ball players were on hand to assist in the ceremony of raising the jubilee flag.

The baseball game was between Boston and Chicago, the only two charter members now in the National league.

## 16 WILL START IN PREAKNESS

### Greentree-Whitney Stable Entry Rated as Favorite.

BALTIMORE, May 8. — Sixteen three-years old, representing the ultimate in thoroughbred development, will go to the post this afternoon in the eighteenth running of the $50,000 Preakness at the Pimlico track, second only to the Kentucky derby in point of importance. The race will be at one mile and three-sixteenths, an eighth of a mile longer than in previous years.

The early weather was clear and the track fast and with Baltimore's streets fairly overrun with visitors, the track's capacity of 30,000 was likely to be more than strained.

Some hours before the race, the Greentree - Whitney stable entry of Chantey and Backbone was rated the favorite, largely because of Chantey's impressive running here in Maryland. The half brother of Enchantment didn't race as a two-year-old but recently broke the track record for a mile and seventy yards at Have de Grace. His price today is likely to go as low as 2 to 1.

Singlefoot, with the best two year-old record in the field, was another likely choice at a short price.

Maid at Arms the only filly to start, had quite a following, thanks to the fact that she won both of her 1925 starts, including the Pimlico Oaks.

Bud Fisher not only contributed the Woodland vase to the winner's prize but also the entry of Swope to the field. The colt's running will be doubly interesting because he will be ridden by Earl Sande and the fact that Fisher won the 1924 Preakness in the mud with his filly, Nellie Morse.

Other favored entries were Almadel, upholding the traditions of the Blue Grass district; Voltac, who showed well in the Woods stakes at Jamaica; By Hisself, son of Mar O' War; Prince of Bourbon, winner of three races this season, and Gifford Cochran's Coventry, the official dark horse of the race.

Much of the event's glamour was diminished by the successive breakdowns of Stimilus and Master Charlie and the recent death by poisoning of Sunnyman.

Reconstruction of railways in Poland destroyed in the war is expected to be completed within ten years.

## Indians Climb Into Tie for First Place

CLEVELAND, May 8.—Cleveland batted two Chicago pitchers hard enough yesterday to defeat Chicago, 7 to 5, and climb back into a triple tie with Philadelphia and Washington for first place in the pennant race.

Smith blanked the Sox for five innings, but was hit hard in the sixth and seventh, errors also helping Chicago. The score:

## Tagging The Bases

Going into the ninth inning five runs to the bad the Giant attack broke loose with the fury of a woman scorned, drove in nine runs and beat the Phillies, 11 to 8. Ring, Decatur and Couch were driven from the premises by the bombardment, the feature of which was Wilson's pinch homer with two on.

Glenn Wright took his place with Neal Ball and Bill Wambsganss by retiring the Cardinals in the ninth with an unassisted triple play. He clutched Bottomley's liner, touched second, doubling Cooney, and tagged Hornsby coming into the bag. And still the Pirates contrived to lose, 10 to 9.

Sisler hit safely in his twenty-second consecutive game, getting three for good measure, as his Browns took a fall out of the Tigers, 6 to 5.

Successful drop kicks by Johnston and Mitchell and indifferent pitching by Thormahlen staked the Braves to a 7 to 3 decision over the Dodgers, Cooney being parsimonious in the pinches.

The Indians edged back into a triple tie for first place by beating the White Sox, 7 to 5, in spite of the fact that Smith's left hand yielded fourteen hits.

## Giants Hamer Three Phil Hurlers to Win

PHILADELPHIA, May 8.—Trailing by six runs when they entered the ninth inning the New York Giants pounded three Philadelphia pitchers out of the box and scored nine runs in eleven hits, nine of them in a row, to win by the final count of 11 to 8 yesterday.

Ring, Decatur, Couch and Pearce went against the Giants, while Nehf, who was knocked out of the box in the fifth inning by the Phillies, was followed by Greenfield, Huntzinger and Scott.

## Cardinals' Rally in Eighth Beats Pirates

PITTSBURGH, May 8.—St. Louis came from behind yesterday and, scoring six runs in the eighth, defeated Pittsburgh, 10 to 9. The feature of the game was a triple play, unassisted, by Glenn Wright, Pittsburgh shortstop, in the ninth inning. With Cooney and Hornsby on base, Bottomley hit a liner into Wright's hands. He touched second, retiring Cooney, who had started to third, and then touched out Hornsby, who had dashed for second.

## SCOTT MEMORIAL RACE FEATURE

CLEVELAND, May 8. — The Xen Scott memorial handicap—in memory of a Cleveland newspaperman and authority on horse racing—will be one of the features of the opening of the 1925 season of the Ohio Jockey club at Maple Heights tomorrow. More than 800 horses have arrived for the heet.

## SARMIENTO AND TREMAINE MEET

CLEVELAND, May 8. — Carl Tremaine, Cleveland's candidate for bantamweight honors, is carded to meet Pete Sarmiento of Manila, in the 12-round feature bout of the public hall boxing show here. Kid Carlin, of New Orleans and Tommy Hughes of Detroit will meet in the eight round semi-final.

**Stribling Beats Rojas.**

BOSTON, May 8.—Young Stribling, 20 years old, of Macon, Ga., was in the heavyweight class today, having defeated Quintin Romero Rojas of Chile last night. The Georgia boy punished the Chilean so severely that the battle was stopped after three and a half rounds.

This Built-in Quality Means Lower Costs of Operation

The fast-increasing number of new good Maxwell cars on the streets is causing widespread comment. It is a perfectly logical happening, for no other four delivers the Maxwell combination of 58 miles an hour, 5 to 25 miles in 8 seconds, and 25 miles to a gallon of gasoline.

But there are still greater satisfactions for the Maxwell owner. The car is completely manufactured within its own great plants. This is an advantage of genuine importance to the buyer. In no other way could you be assured of the quality that distinguishes the new good Maxwell from all other fours.

It is this high quality that accounts very largely for the dependable nature of Maxwell performance, the car's durability and, above all, costs of operation and maintenance so low as to create a new standard of economy.

We are always eager to demonstrate the new good Maxwell, for a ride in the car proves at once that it offers more fine motoring than was ever before available at the price.

Touring Car, Roadster, Club Coupe, Club Sedan, Standard Four-Door Sedan —attractively priced from $885 to $1095. All prices f. o. b. Detroit, tax extra.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan. Maxwell dealers and superior Maxwell service everywhere.

# WHAT WILL EAST SEND TO DERBY?

## Dopesters Expect to Find Answer in Pimlico Event.

By THOMAS TEMPLE HOYNE.

LOUISVILLE, Ky., May 8.—What thoroughbred stars are coming out of the east to pit their brilliance against the bright lights of the western turf in the Kentucky Derby a week from tomorrow?

That is what the dopesters, talent and general public are concerning themselves with just at present, and they expect to be furnished with something like a definite answer in the running of the Preakness stakes at Pimlico this afternoon.

Sixteen three-year-olds are carded to start, and an even dozen of them are eligible for the Derby. Only one, Maid at Arms, is a filly. She is in with 121 pounds. All the others will carry 126 pounds, their Derby weight.

The 12 probable starters that are Derby nominations are Swope, Back Bone, Gold Stick, Prince of Bourbon, Almadel, Chantey, Singlefoot, Marconi, Voltaic, By Himself, Claudland and Finland.

Swope is Bud Fisher's colt—Fisher of Mutt and Jeff fame—and is regarded highly by some. The great Sande, it is said, has been transported from New York to ride him.

As a two-year-old Swope started in 22 races, and vidided his efforts fifty-fifty between being in and out of the money. He won only one race, was second six times and third four times.

The quartet to watch particularly, the race-wise believe, are Chantey, Almadel, Singlefoot and Prince of Bourbon. Back Bone has performed well this year, but he will have to prove today that he is better than the quartet emphasized to get the call over them for the Derby.

# WHAT WILL EAST SEND TO DERBY?

## Dopesters Expect to Find Answer in Pimlico Event.

By THOMAS TEMPLE HOYNE.

LOUISVILLE, Ky., May 8.—What thoroughbred stars are coming out of the east to pit their brilliance against the bright lights of the western turf in the Kentucky Derby a week from tomorrow?

That is what the dopesters, talent and general public are concerning themselves with just at present, and they expect to be furnished with something like a definite answer in the running of the Preakness stakes at Pimlico this afternoon.

Sixteen three-year-olds are carded to start, and an even dozen of them are eligible for the Derby. Only one, Maid at Arms, is a filly. She is in with 121 pounds. All the others will carry 126 pounds, their Derby weight.

The 12 probable starters that are Derby nominations are Swope, Back Bone, Gold Stick, Prince of Bourbon, Almadel, Chantey, Singlefoot, Marconi, Voltaic, By Himself, Claudland and Finland.

Swope is Bud Fisher's colt—Fisher of Mutt and Jeff fame—and is regarded highly by some. The great Sande, it is said, has been transported from New York to ride him.

As a two-year-old Swope started in 22 races, and vidided his efforts fifty-fifty between being in and out of the money. He won only one race, was second six times and third four times.

The quartet to watch particularly, the race-wise believe, are Chantey, Almadel, Singlefoot and Prince of Bourbon. Back Bone has performed well this year, but he will have to prove today that he is better than the quartet emphasized to get the call over them for the Derby.

## Last Night's Fights

At Barberton—Norman Genet, Akron, easily outpointed Charley Schafer, Sandusky, ten rounds. Moxie Holub, Akron, won from Jack Keiler, Cleveland, ten rounds. Roy Schaff, Akron, and Young Johnson, Barberton, drew, four rounds.

**Two Suits Settled.**

GLENCOE, May — Two suits, directed against Ernest Long, local farmer, as a result of the latter firing into a tree in his orchard, it was claimed, were settled before reaching trial in the Belmont county common pleas court. It was charged that one of the bullets hit Alex Imrie. The boy's father, John Imrie, received $150 for medical and hospital attention and the lad was given $100. Long was convicted of assault, following the alleged shooting. He claimed his apples were being stolen.

As an effect of the unsettled political conditions in North China, it is reported the only business activity is the sale of automobiles to New China officials.

## Divorced Frenchman Bites Wife's Nose Off; Her Condition Serious

PARIS—Camille Laloi in a fit of rage bit off his wife's nose and so severely maltreated her that she is in a serious condition in the Charity hospital. His wife had frequently complained to her parents that her husband was excessively brutal and she decided to demand a divorce. It was granted soon after and she went back to her parents to live. One night in the secluded darkness of her hallway her husband seized her. He is in the Paris tombs awaiting trial for attempted murder, while she is in the hospital.

## TODAY

Another Happy Day.
Mr. Brown and Mr. Winter.
Lucky Japanese Baby.
He Bid Seven Hearts.

By ARTHUR BRISBANE.

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune).

Another brisk and happy day in the stock market. Money was cheap—if you had collateral—stocks were dear and going up. Wheat jumped six cents, when Spain sent in an order for 2,000,000 bushels. Many stocks beat their high records for the year, including railroads.

The broker, homeward plodding his weary way, defied anybody to say this isn't a pretty country. He even stepped in to buy something for the "Little Lady."

A. B. Storey, president of the Santa Fe, dropped into the Wall Street section for a few hours, and comforted inquirers about the southwest, as the lovesick gentleman in the Bible wished to be comforted with apples.

The drought in Kansas, Oklahoma and Texas is definitely broken. Kansas will ship about 125,000,000 bushels of wheat, and the pessimist is a donkey.

Are you one of the many convinced that we should keep out "the foreign element" reserving our land and opportunities for the native born?

Consider Frederick Brown, of New York. He came here from Czecho-Slovakia with his father, not long ago, bringing no wealth, except brains and character. He has just given $1,000,000 to charity, promising $50,000 a year more as long as he lives.

The old Talmudic writer said: "What you give in health is gold; in sickness, silver; after death, lead." Mr. Brown is healthy. May he remain so.

How many of the native born can you mention, off hand, that have made and given away a million, in a few years, adding a promise of $50,000 a year more?

Vincent Astor, very much "native born," has sold his big New York house in Fifth avenue at a price that [illegible] a good single taxer such tears of fury. Benjamin Winter, buyer of the house, was not born in America. He will tear down the Astor residence and build in its place a huge apartment hotel that will keep hundreds of mechanics busy and provide homes for hundreds of Americans.

Isn't the man that builds as useful to this nation as the man that inherits? Don't we need a building class more than an inheriting class?

If so, don't keep out the good men from Europe. Such men came here and built this nation. There are more in Europe like them.

Japan's prince regent, Hiro Hito, tells the empire officially, that his wife expects an heir. The princess cancels all engagements. She will devote her time, before and after, to that new little "son—or daughter—of heaven," and will think herself well rewarded for all her care when the baby smiles at her.

No one will persuade her that "in justice to your own health, and looks, my dear, you must not think of nursing the baby." And, she won't be smoking cigarettes in bed three days after it is born. Both things happen quite often, among the prosperous in our superior white civilization.

In Japan, if you raise your hand to a little child, frowning, and threatening, the child will laugh, knowing that you pretend. No one there ever strikes a child. That's one reason why the Japanese fight so well, when they do fight. The Japanese spirit is not broken in childhood.

This will interest millions. Dr. Jenney of the learned Triangle club at the Chicago university, held 13 hearts at bridge, bid "seven hearts," and of course, made his bid.

The extraordinary thing is that the holding of a "perfect hand" has, within a short time happened twice at the same club, although the mathematical chances, calculated by the university mathematicians, are six hundred billions to one against it.

Don't hope for such a hand. Playing five hours a day, dealing 10 hands to the hour, in the ordinary course of events, you would have to play bridge a great deal longer than three hundred thousand years to get 13 hearts.

## EAST END SITE FOR PROPOSED JUNIOR HIGH SCHOOL SOUGHT

### Board of Education Calls For Offers of Property.

### DEFER BUILDING

### Plan Action May 21 on Religious Training Suggestion.

Steps looking toward the purchase of a site in the East End, "centrally and advantageously located, and suitable ultimately for junior high school purposes," were taken at the semi-monthly meeting of the board of education last evening.

**Brookes Offers Resolution.**

In a resolution, submitted by Attorney Jason H. Brookes, the board invites property owners in East End to submit offers to Emmet J. Gaston, clerk-treasurer. Should there be no offers of sites which are favorable for school purposes, the board will "proceed to acquire such a site by purchase, if possible, or by condemnation if necessary."

The resolution, adopted by a unanimous vote, follows:

"Resolved, That it is expedient for this board to secure immediately an additional school site in the East End, centrally and advantageously located, and suitable ultimately for junior high school purposes; that owners of available sites be invited to submit their offers for the same to the clerk of the board; and that we proceed to acquire such a site by purchase, if possible, or by condemnation if necessary."

"Our East End schools are crowded to overflowing," said Mr. Brookes, in submitting the resolution. "We have erected two portable buildings at the Garfield school and yet every room is filled. We are imposing on our teachers, many of them being forced to take care of some 50 children.

"Ultimately we are going to need a site for a school building in that section of the city, to take care of children from that part of town. Should a new industry come to East End, it would be impossible for us to properly educate children who would accompany their parents here. This does not mean that we are going to

## 22,000 Riffs Hammer French Army; Call For Reinforcements

LONDON, May 8.—Twenty-two thousand fanatical Riffian tribesmen spurred on by racial and religious hatred and exalting in their victory over the Spanish army in Spanish Morocco, have forced the French army of 12,000 to send a hurry call for reinforcements, dispatches from Morocco today said.

French troops under General Columbat have been halted in their advance in the hills of Bibane, and French outposts cut off by Abd-El-Krim's hordes are badly in need of food, a dispatch to the Morning Post related. General Columbat's forces were trying to revictual the isolated outposts when they encountered resistance from the enemy.

## ANOTHER "BABY FARM" DEATH

NEW YORK, May 8. — Another death of a baby was added today to the list of infants who, it is alleged, have died at the "baby farm" conducted by Mrs. Helen Augusta Geisen-Volk in East Eighty-sixth street.

The baby, an unidentified 10-day-old boy, had been hurriedly removed from the infantorium after charges had been made that babies were being starved there. The baby died this morning in the Metropolitan hospital.

## OHIO BISHOP TO VISIT HERE

Rt. Rev. Warren Lincoln Rogers, bishop coadjutor of the Episcopal diocese of Ohio, will pay his first visit to East Liverpool on Sunday, June 7.

## BISHOP ROGERS WILL CONDUCT SERVICES HERE

### JUNE 7 IS DATE

### Prelate Plans Tour of Northern Part of State.

In a swing around the northern part of the state, Rt. Rev. Warren Lincoln Rogers, bishop coadjutor of the Episcopal diocese of Ohio, will visit East Liverpool on Sunday morning, June 7, when he will conduct services in the St. Stephen's church, it was announced today.

He will come here from Youngstown, where he will conduct services on June 5. He will also visit St. Stephen's church in Steubenville in the evening of the day he is to appear here.

Bishop Rogers was consecrated at St. Paul's Cathedral, Detroit, last week. He is a personal friend of Rev. Lionel C. Difford, rector of St. Stephen's church. He was elected to succeed Bishop Frank De Moulin, who resigned because of ill health.

## Salineville Man Tangled in Wire By Mule; May Die

Patrick Maher, aged about 75, Salineville farmer, is in the City hospital in a critical condition, as the result of injuries sustained while erecting a barbed wife fence Thursday.

Maher was using a mule to stretch the wire on the fence when one of his feet was entangled. The aged man was badly cut before the animal was halted.

He was brought to the hospital last evening. Dr. C. H. Bailey attended him.

## Young Tennessee Farmer is Killed In Revolver Duel

KNOXVILLE, Tenn., May 8. — A primitive duel today at Taxwell, Tenn., near here, resulted in the death of Oscar O'dell, 22. Carl Cole, 23, was held charged with the shooting.

The two men, sons of farmers of Claiborne county, met, an argument ensued and they both pulled revolvers and fired almost simultaneously.

### J. W. Moore, Democrat, Re-elected Clerk by Supervisors.

### TWO QUALIFY

### June 12 Dead Line for Municipal Primary Declarations.

With the re-organization of the Columbiana county board of deputy state supervisors of election last night, steps were taken for the biennial municipal primaries which will be held on Tuesday, August 11.

J. S. Hilbert, Republican, of East Liverpool, whose re-appointment was announced last week by Secretary of State Thad H. Brown, was re-elected chief deputy, while John W. Moore, Democrat, East Liverpool, was chosen clerk.

The oath was administered by C. A. Cavanaugh, Democrat, of Salem, who, with Mr. Hilbert, was re-appointed by the state's election chieftain for a two-year term.

Other members of the board are R. N. Chamberlain, Republican, of East Palestine, and C. N. Brananan, Democrat, of Wellsville.

Attention of candidates seeking nomination at the municipal primaries was directed to the fact that the dead line for filing declarations is June 12.

Registration days in East Liverpool for the primaries will be designated by Chief Deputy Hilbert and Clerk Moore.

## CHURCH HONORS DR. J. H. SLOAN

### Nazarene Conference Re-elects Local Pastor Superintendent.

Dr. J. Howard Sloan, of East Liverpool, was unanimously re-elected superintendent of the Pittsburgh district, Church of the Nazarene, at today's session of the 18th annual assembly, being held in the First Church of the Nazarene, corner St. Clair and Lincoln avenues.

This is Dr. Sloan's seventh successive year as superintendent. Since assuming the office, the membership of the some 50 churches in the district has almost trebled. He was cheered when his election was announced. A glowing tribute to Mrs. Sloan, the district superintendent's wife and co-worker, was paid by Dr. J. W. Goodwin, general superintendent, who presided. Other officers will be named at the afternoon session.

Rev. O. L. Benedum, pastor of the local church, announced that the services tonight and Saturday evening and Sunday would be transferred to

## BASKETBALL PROMOTER OPTIONS BUILDING FOR AMUSEMENT AUDITORIUM

### Frank D. Allison, Organizer and Member of Original East Liverpool Cage Team, Takes Steps to Acquire Home for Quintet to Represent City in 12-Club National Circuit.

### MODERN STRUCTURE IN BUSINESS DISTRICT SOUGHT AS SPORT CENTER

### Sponsor Plans to Give Boxing Shows and Operate Roller Skating and Dancing Pavilion in Project Involving Immediate Investment of Approximately $150.00 by Company.

The acquisition of one of the biggest building plots in the heart of the business district of the city in a deal, which, if closed, eventually will involve an expenditure of more than $150,000; the incorporation of a company capitalized at $250,000, and the opening of an auditorium, basketball court and exhibition hall are steps in the proposed plans of Frank D. Allison, for putting East Liverpool back on the sport map in major league style, he announced today.

Allison, who is the backer of the proposed East Liverpool entry in the American Basketball league, a 12-club loop now being formed from the cream of the countrys cage talent, said he had obtained an option on a business plot within a stone's throw of the Diamond.

It is expected that the completion of the deal for the outright purchase of the plot may be announced within the next week or 10 days.

**Two Cage Games Weekly.**

According to present plans, the Frank D. Allison Real Estate company, Inc., will be formed following the purchase of the plot, with a capitalization of $250,000. At least 60 per cent of the company's stock will be held by Allison, and the remainder, it is said, will be financed by New York and Pittsburgh capital.

East Liverpool's club in the American Basketball league will have first call on the proposed auditorium. At least one game a week, and possibly two, it is said, will be played on the floor, providing officials of the cage circuit grant a franchise to East Liverpool. As evidence that this city is one of the most likely candidates for a berth is the fact that Allison's $1,000 cash membership fee has been accepted by the league and has been placed in its treasury.

In addition to basketball, provisions will be made for roller skating, dancing, boxing bouts and public exhibitions such as auto shows, etc.

## "Eternal Triangle" Case Bombshell to Washington Society

WASHINGTON, May 8.—An "eternal triangle" in which all the principals are youthful and socially prominent startled the capital today.

Henry N. Lamar, 19, college athlete and present holder of the amateur heavyweight championship of the country, was sued for absolute divorce by his 19-year-old wife, Phyllis Moore Lamar. She named Norma Vemeyer, 20, as corespondent.

Lamar and his youthful wife eloped Sept. 9, 1923, and were married secretly. Their families live across the street from each other in Riggs place. Since their marriage they have lived mostly in their respective homes while they finished their educations.

## Athletic Director Held for Misconduct At Knoxville, Tenn.

KNOXVILLE, Tenn., May 8.—John R. Bender, former athletic director of Knoxville public schools, was bound over to criminal court again today by a magistrate's court, after his second trial on six complaints charging misconduct toward six school girls, ranging in age from 10 to 13 years.

Julia Brannen, 11, was Bender's accuser today, and he was bound over in the sum of $3,000 bail. Yesterday's charge, preferred by Evelyn Whitson, 11, resulted in Bender being held under $2,500 bond.

Four similar cases still confront Bender.

## RURAL LANE JOB GETS O. K.

### City Acts After Engineer and Server Inspect Work.

After a thorough inspection by Engineer John George and Service Director A. G. Ellis, the Rural lane improvement job, in charge of George B. Patterson, Wellsville contractor, was approved by the city today.

Reports made to council recently were to the effect that the concrete surfacing was faulty at several places along the alley. The engineer and service director carefully examined the job and found but one place, near Jefferson street, where the concrete was not smooth.

This, it is claimed, was caused by Salt water allowed to flow into the street and also by a steel-tired motor truck which had driven through the alley before the concrete had been seasoned. This piece of concrete, about 10x15 feet square, is being replaced today. Heavy sledge hammers and steel wedges had to be used in digging out the concrete.

"Every batch of concrete that was used in the job was carefully examined and tested before it was placed in the mixer," said Engineer George. "The alley was built according to specifications, and reports that the concrete is so soft that it has been loosened with a garden hose, are absolutely without foundation and untrue."

## ACQUIT WIDOW OF HOMICIDE

PITTSBURGH, May 8.—Mrs. Elizabeth Ladinsky, 34, charged with having slain her husband because she feared that he intended to have her committed to an insane asylum was adjudged not guilty by a jury of seven women and five men here today.

According to testimony adduced at the trial, Ladinsky, a wealthy jeweler, was killed in his home just before or just after his wife fled from the house to escape from his attack.

## Southern Portion Of Philippines is Rocked by Quakes

## STORAGE HOUSE EMPLOYE INJURED IN FALL DOWN ELEVATOR SHAFT

### Frank O'Hanlon, 55, Grant Street, Plunges 15-feet When he Steps Into Space in Darkness in Sturgis Building.

Frank O'Hanlon, 55, Grant street, narrowly escaped serious injury at 5 o'clock last evening in a 15-foot fall down the elevator shaft at the Sturgis storage warehouse, Dresden avenue, where he is employed. He sustained a deep scalp laceration and was badly bruised about the body.

O'Hanlon, who has charge of the storage in the building, accompanied by another man, started for the elevator, intending to go to the basement to get an automobile. He lifted the elevator gate, and, presuming the elevator car was on the floor level, stepped off into space. He fell to the bottom of the elevator shaft and was rendered unconscious.

His companion summoned help and O'Hanlon was taken to the City hospital in the Sturgis ambulance. He regained consciousness on his way to the hospital. He was attended by Dr. R. J. Marshall.

George Conkle, Seventh street automobile mechanic, sustained fractures of two vertebrae and other injuries in the same kind of an accident at the Sturgis building about eight weeks ago. Conkle has been discharged from the hospital, but has been unable to resume his work.

## AIR-TIGHT BLOCKADE OF RUM SHIPS OFF U. S. SEABOARD CONTEMPLATED

### Admiral Billard Maps Out Plan by Which all Shores Can be Protected Against Liquor Smugglers.

WASHINGTON, May 8.—With the government's spectacular drive against rum runners in full swing off the New York coast, coast guard headquarters here today disclosed that an airtight blockade of ship surrounding America's entire seaboard is contemplated.

Admiral F. C. Billard, commandant of the coast guard, who organized the present rum offensive, has mapped out a plan by which all shores of the country can be protected against liquor smugglers.

Increased appropriations will be asked of congress to carry on the campaign.

With the initial attack at the heart of rum row virtually completed, the coast guard is now faced with the slow, tedious task of wearing out the rum fleet, not only off the New York coast, but at the hundreds of other ports of entry for liquor.

**Anticipate Change of Tactics.**

Officials anticipate a change of tactics of the rum runners and that some of the liquor ships will transfer their activities to other points along the Atlantic and Gulf coast.

# SHRINERS' 1925 MEET GOES TO LOS ANGELES

Great Trek of Wearers of Red Fez is on.

OPENS IN JUNE

More Than $500,000 Will be Expended in Entertainment.

LOS ANGELES—the great trek is on!

Thousands of members of the Mystic Shrine from all parts of the world are now traveling to Los Angeles to attend the 1925 Shriners' convention for the first week in June.

Wide interest is manifested in the Los Angeles sessions in all parts of the country, according to reports received by Motley H. Flint, director-general of the conclave executive committee, and a new record in attendance for gatherings of the wearers of the red fez is predicted.

More than $500,000 will be expended in entertaining the visitors and Al Malaikah temple, the Shriners' host, has been actively engaged in mapping out entertainment plans for more than six months.

Featuring the convention this year will be a gigantic parade showing the activities of Hollywood, motion picture capital of the world. Various floats will completely depict the screen industry and hundreds of cinema actors and actresses, including those prominent in stardom, will appear in the great pageant.

Following is a bare outline of the program arranged for the Shriners:

May 31—Motor tours for all visitors

June 1—Entertainments at Santa Monica, one of the most beautiful beach cities along the Pacific Coast.

June 2—Opening ceremonies of the convention in the Coliseum, which seats more than 70,000 persons.

June 3—Drills by patrols and band concerts—Long Beach Shriners will entertain during the day, with a special program. In the evening the official Shrine parade will take place.

June 4—Drills by patrols and band concerts. Special entertainment by Pasadena Shriners. Motor tours. The motion picture parade will be held in the evening.

June 5—Floral parade, featuring 150 flower floats. The floats will picture the history of the state of California.

June 6—Civic parade.

The Order of De Molay will act as escort and every activity in Los Angeles will be represented.

## Japanese Burglars Getting Noisy; Wake Up Police Officers

TOKYO, May — Japanese robbers are getting too noisy. They are waking up the police.

Early one morning recently the guard at Yokohama police headquarters was enjoying the slumber of a just guardian of the law. A band of robbers entered the station and collected a few little things, the property of the police. Then they went to the garage at the rear and selected a truck to haul away their plunder.

In loading the truck, however, they made too much noise, and the guard awoke. Naturally, he was indignant at having his slumbers disturbed; so he shouted for help. That made the robbers mad, so they threw sand in the guard's eyes and drove away before help could arrive.

## Neighbors Talk of Change in Him Since World's Tonic Banished His Catarrh

World's Tonic did wonders for me. Why, all my neighbors are talking about the way I've improved since taking World's Tonic. It's nothing short of remarkable".

These were the words of a prominent farmer, of East Liverpool when he called to get a bottle of World's Tonic a few days ago.

"I suffered from catarrh ten years", he continued. "My throat and stomach were affected. Often my tongue was as red as a piece of red flannel and my tongue and throat were so sore that I could eat only liquid foods for days. I suppose my stomach was raw from catarrh that way also. Anyway, my stomach was all out of order. Often just drinking a glass of water made me vomit. The Catarrh also affected my nervous system. I slept very poorly. My heart frequently fluttered and palpitated. My breath was foul and I was constantly spitting up a dark mucus that sometimes had the color of coal dust".

"You can't understand how grateful I am to World's Tonic for relieving me of this trouble. When I saw that World's Tonic was helping me I kept right on and gave it a complete trial. I took several bottles. It surely did wonders for me because I haven't noticed a single symptom of my former trouble for some time now. Of course, I can't recommend World's Tonic too highly after what it did for me." Get a bottle today. Sold by Carnahan's, East Liverpool also Brennan's, Wellsville, and all other good druggists.

## Find Your Auto I... With New Steth... ope Recently Perfected

BERKELEY, Cal., May.—The costly trouble shooter in garages will have to look for another job soon because an automobile stethoscope has been perfected.

Adelbert V. Ladue, graduate student of the University of California, is the inventor of the automatic finder of ignition trouble. This automobile stethoscope, he claims, will locate any ignition trouble in less than five minutes. It can be used while the car is being driven and is easily attached to the engine.

The instrument is based on the stethoscope and certain mechanical principles underlying radio.

"The Charm of Painted Furniture" is the title of a new book just published by the makers of KYANIZE. It tells how to refashion old, mismated pieces of furniture into *suites* of the new, fashionable hand painted styles. Cheerful pieces for bedroom, colorful dining and breakfast room suites, attractive hall things and bright spots of color for every room in the house. Tells what furniture to select, how to prepare it for refinishing, how to refinish and redecorate.

Describes also the wonderful new KYANIZE Decal Transfers, the modern way of producing "hand painted" decorations—in an instant, at trifling cost and without experience.

## Physicians May Soon Prescribe Burro Hair As Unique Prevention

LOS ANGELES, May.—Doctors may soon prescribe the "hair of the mule that kicked you" as remedy for hay fever, according to reports received here.

A local chemist has ordered from Arizona four pounds of burro hair, from which, he claims, an effective hay fever remedy can be made.

Sydney, Australia, is so thoroughly American in its alertness and growth that many American firms are establishing branches or agencies there.

**Satan's Hour**

Isabel had always been sheltered from the outer world. Then accident whirled her into a strange, jazz-mad universe. There the younger set gathered. The midnight rides, drinking and petting sickened and horrified her—until she met Normon, a clean, fine young man, whom she truly loved. They were to be married—then suddenly her dreams of happiness faded—her beautiful castles crumbled—and she was brought to realize what a trail of blasted hopes, bleeding hearts and ruined lives the Demon Jazz leaves in its wake. A startling true-life story that all young people—all fathers and mothers should read. Isabel tells it under the title "The Barrier Between" in June True Story Magazine. One of 18 big features. # Saunders, of Piggly Wiggly Fame, Gives Up 'Pink Palace'

## But Creditors are Unable to Find Purchaser for Mansion, Set up on 160 Acre Estate.

MEMPHIS, Tenn. — Clarence Saunders, former millionaire head of the Piggly Wiggly Corporation, has left a "lemon" on the hands of his creditors in the shape of a huge pile of limestone set in the middle of 160 acres near the city.

When Saunders was at the height of his power as the grocery czar he purchased 160 acres as a country estate. He fenced the whole thing, building artificial streams, outdoor swimming pools, two golf courses and several bridle paths.

In the middle of all this he erected "the pile of limestone," which came to be called the "Pink Palace" as it took shape. It was planned to be a wonder home. It looks more like a castle with its 45 rooms, 10 baths, indoor swimming pool, ball room and every convenience man can contrive.

When all the exterior work was completed, the walls up and the roof on, and interior decorators were trooping into the city, the bubble broke. Piggly Wiggly entered a crisis. Saunders had engaged in "high financing" in Wall street. The operators there at once named him "the boob from Tennessee" and started on the work of "cleaning" him. "The Boob" surprised them by turning the tables and walking home with thirty odd millions.

But Wall street won't be beat by an outsider. Piggly Wiggly stock was at once voted off the Stock Exchange and the thirty million at once became a loss. Saunders was ousted as president of the corporation.

Later, when he was sued by the company for the losses in the Wall Street transactions he filed bankruptcy petitions and listed the "Pink Palace" as one of the assets.

That is where the lemon comes in. The creditors can't sell it. It is easily worth $400,000, but they are willing to part with it for $300,000. Even at this reduced price no purchasers have appeared.

Of the 1,400 exhibitors expected at the Bordeaux fair this year, about twenty are American firms.

Safety methods have cut the number of accidents to eyes 90 per cent in some industries in this country.

According to income tax returns, France has only 216 people with an income of $50,000 a year or more.

## Tribute To Mothers

Sunday is Mothers' Day.

In the churches, tribute will be paid to maternal devotion by pastors who will deliver appropriate sermons, while in other ways men and women throughout the nation will express by word and deed their appreciation of the love they have for a queen who is secure upon her throne.

In honor of mothers who are dead, a white flower will be worn, while a red blossom will be worn for a living mother. Everywhere sons and daughters will heed the advice, "Tell your mother what she already knows and tell her in the finest way possible," given by a chaplain when speaking to hundreds of naval cadets at Annapolis one second Sunday in May.

Show your appreciation of your mother's unselfish devotion to your happiness and success. Give her the joy of knowing that you remember. Send her a letter or a telegram—a message of remembrance. Sunday is a day set aside for doing homage that is due the comforter of all ills. For, as Thackeray said, "Mother is the name for God in the lips and hearts of children."

## The Ford Diet

Henry Ford has a new "bug" now. He has discovered the importance of food. "The fate of the world, the peace of the universe," he says, "rests on its breakfast tables."

Not that this is to be taken literally. The breakfast table is only a symbol. Mr. Ford also means the world's dinner and supper tables, or its lunch and dinner tables, if you prefer that order.

He was roused to an interest in this subject by peeking into a workman's dinner pail in the factory. What he saw shocked him.

"The pail," he reports, "was filled with fruits, meats, vegetables, cakes and what not. He ate the great volume of food with gusto. And he topped it off with a quart of milk. Imagine it!"

The man was tall, gaunt, anemic and barely able to work. He was "continually ill," Mr. Ford found. Suspecting that the food was responsible, Mr. Ford had his "laboratory experts" prescribe a proper diet, and soon the workman's health and efficiency were marvellously improved.

The Ford ideal, then, is not a "full dinner pail," but a scientific dinner pail. He is having his experts figure out what, when and how the world should eat. And that, no doubt, will do the word a vast amount of good—if it can be persuaded to adopt the diet prescribed.

## Studying Used Motor Oil

The research department of the Society of Automotive Engineers, co-operating with the United States bureau of standards, will carry out certain experiments aimed at lengthening the life of automobiles.

The automobile engine functions under so many different conditions of climate, weather and altitude that a great divergence in lubricating requirements exists, as well as in gas mixture and other delicate adjustments. The present research has particularly to do with the internal wear and tear on the automobile motor resulting from the presence of various materials that contaminate the oil in the engine.

Seven cities have been selected as nearest representing the differences of climate. They are New Orleans, Washington, Detroit, Birmingham, Minneapolis, Tulsa and San Francisco.

Samples of the used lubricant from 10 cars in each of those cities, along with a full history of the oils and greases, will be sent to the research laboratories. From these the experimenters will discover what impurities are in the oils and just what harm each specific impurity does to a car's inner workings.

If the serviceability of every one for the nation's millions of automobiles can be prolonged even a few weeks as a result of such studies, motorists in general will rejoice and new economics will be effected.

## Trees Fro Pleasure

St. Louis county, Minnesota, has gone in strong for trees. It has had tree-planting contests and demonstrations. It planted more than 26,000 trees last year. This is not a reforestation project. Most of the trees were set out to beautify home surroundings and to provide fruit. The varieties most frequently used were plum, cherry, mountain ash, poplar and Norway spruce.

In addition to these the state forest service brought about the planting of 1,000 trees for windbreaks.

A third phase of the country's arboreal activities came in response to a plea for maintaining living Christmas trees all the year round and decorating them out of doors at Christmas time. This suggestion was enthusiastically received and 464 fir trees were set out at different homes.

Not every family is in a position to help in a big reforestation project, but every family with a treeless yard or any acres of idle land is in a very fine position to set out fruit or shade or nut trees for its own joy and the beautification of the community.

Maybe old Hindenburg can keep his promise to be a constitutional president if he will spend a couple of hours every day biting the nails out of that Hindenburg statue in Berlin.

Now that Henry Ford is going in for aviation, he ought to perfect a magnetic air-hound to trail along picking up the loose nuts and bolts before they hit anybody.

Sap rises to the top, whether it's trees or men.

## NEW YORK DAY BY DAY

By O. O. McINTYRE

NEW YORK, May 8.—Thoughts while strolling around New York: Narrow canoned Wall Street. Sleek men with furtive faces. Gambling one hour against the next. Tension everywhere. The Bishop of Wall Street preaching from his soap box. The serenity of Trinity's cross in the distance.

The Morgaan banking house. Whose facade still shows scars of the bomb that killed 36. Aged bank clerks. With antiquated collars, inoffensive ties and bowler derbies. Why wont people trust a bank employe who wears gay clothes?

The cracker and milk shop that has a pet rooster. The incessant mumble from the Stock Exchange. What are the Duncan Sisters doing way down here. A salt whiff of the sea. And the sidewheelers off to Coney Island. The cry of souvenir vendors—burnt leather purses, flannel banners, etc.

The old man in the Nassaut street cellar who steams and bends wood into chairs for uptown antiquie shops. Noonday cafeterias where clerks and stenographers dance. Max's Busy Bee—the haven of newsboys and bootblacks. And Max rides in a limousine.

The World dome needs a gilding. Walter Prichard Eaton, the critic. And Sully, the newsboy, who has two bullets showing in his neck. Huge pretzels on sticks. A man with a soft drink wagon reading Cabell. The Five Points—the cockpit for scores of gang wars.

A lazy afternoon in Union Square. Ex-service men nodding over the Help Wanted Columns. Chrome colored faces. The old telescope man asleep on the grass—waiting for night. Skittish pigeons hunting for crumbs. Loafing scissors grinders and street musicians.

Fourteenth Street—the East Side's promenade. Middle class folk groping for gaiety. Huge gold-leafed teeth advertising "Dental Parlors." Penny peep-shows. Indian blood restorers. Doctors who build up broken noses. And women with suggestive smiles.

Monta Bell has taken his place among the great Hollywood motion picture directors. Five years ago or so he was frying his eggs over a thin gas jet in a theatrical boarding house in Forty-fourth street. He drifted into newspaper work and became a managing editor. But journalism held no lure.

"What makes you think you can direct?" a big producer asked him.

"I don't know," said the producer.

"I don't know either," replied Bell. And he got the job.

Bell, incidentally, showed sparks of genius as a managing editor. His nearest competitor was making great circulation strides with a popular serial. Bell hit upon the idea of serializing the Bible. It proved to be one of the best circulation makers.

Bell happens, also incidentally, to be across the room from me as I write. He is enroute to California to direct Marion Davies. He has eaten three of my apples and smoked two cigars reserved for "special guests." I hope he stays away from my sideboard. I have a friend who recently returned from the Bahamas.

A young collegiate was ordered out of a supper club for smoking a pipe on the dance floor. The same evening the head waiter and three other employes were arrested for selling packets of cocaine to patrons.

A new supper club in Fifty-first street is called "The Bunk." And still another opening soon is to be called "The Gyp Joint." This frankness should bring patronage.

## HASKIN'S LETTER

BY FREDERIC J. HASKIN

Bootlegging Game Birds.

WASHINGTON, D. C., May 8.—Bootlegging has come to be a many-sided industry. There is the business of bootlegging aliens, bringing them into the United States in violation of the immigration law—not only Chinese laborers, who are not permitted to enter this country at all, but immigrants from European countries whose quotas have been exhausted—and there is the bootlegging of books, the distribution and sale of works that have been suppressed because of flagrant indecency and suggestiveness.

Since the World war, and more particularly since the debacle in Russia, there has been bootlegging on a large scale in jewels brought into the country in violation of the customs laws, and for years there has been a considerable volume of illicit transactions in paintings and other art objects that can not be sold openly because of the laws of the countries where they originated or where they have been held and guarded as national treasures.

Then there is the bootlegging in liquor, the most conspicuous, the best organized, the most extensive and the most profitable form of the industry, and, last of all, but by no means the least important, there is the bootlegging of game birds.

When Mrs. Rich gives a dinner which is featured by the serving of canvasback duck she has been trafficking with the game bootleggers. So has the steward of the club, or the head waiter at the hotel, when he whispers that he can satisfy the hunger or tempt the jaded appetite with a delicacy in the form of duck, grouse or quail, if you are prepared to pay the price.

This form of the bootlegging business extends into almost every state, but it flourishes particularly in the East, from Havre de Grace, Maryland, south as far as Georgia, along the Illinois river in the state of Illinois, in Arkansas, and in the region tributary to New Orleans. Hundreds of thousands of ducks and other game birds are not only sold every year in violation of law, but many of them are also shot or taken in close season, as the market hunter has no scruples in regard to the particular time or manner in which he violates the law so long as his activities mean a profit to him.

Much Money is Made.

That there is big money in the business is apparent when it is known that the price to the consumer for a pair of ducks is from $4.50 to $6. Of this the hunter, as a rule, gets from $1 to $2—usually the smaller sum. The big margin goes, as in the liquor bootlegging, to the dealer who makes contract with the consumer. The cost, to the hunter, is insignificant. While some of the game is shipped by common carrier, a great deal of it is transported, as in the liquor traffic, by automobile, and the transportation cost many become an appreciable item.

However, as the game wardens and other authorities know only too well, bootlegging in game birds is highly profitable to everybody concerned. Otherwise no one would incur the hazards of the industry, for violations of the law are punishable by a maximum penalty of $500 fine and six months' imprisonment.

## JUDGE THREATENS TO CLOSE LODGES

Warning was sounded in United States district court in Wheeling yesterday, not only by Assistant District Attorney Russell L. Furbee, but by Judge William E. Baker as well, to fraternal bodies who persist in violating the national prohibition act.

Conspiracy indictments will be asked against the membership of the lodges, Furbee said, and if convictions are secured, the heaviest fines and jail sentences will be asked.

Judge Baker added that the government counsel should not stop there, but should petition for padlock orders and injunctions, to close the lodge homes for a period of a year, if persistent violation was shown.

The warning followed the arraignment of Frand Dessing, a Follansbee fraternal order steward, who was charged with having a large quantity of home brew beer in his possession. Dessing was fined $250. He had already served 60 days and paid $200 fine on the same charge, having been tried in the state court.

## CHESTER HEAVER HANGS UP MARK

Hoy, hurling for Chester of the Industrial league, established a record last evening by shutting out the Babcock-Wilcox team at Llondyke without a hit or a run. The local tossers won the game by a score of 13 to 0. Potts featured the contest by heavy stick work.

## NEW CUMBERLAND TEAM HERE TODAY

## Telephone Concerts Latest Radio Stunt In Boston City Hall

BOSTON—The telephone has more advantages than one. Employes and visitors of city hall can enjoy a radio concert by just picking up the telephone receiver.

Frank Barrett, in charge of the city hall heating plant, discovered the radio mystery when he picked up the receiver to call City Messenger Edwin French. As soon as the receiver in the messenger's office was removed from the hook, the noon hour concert being broadcasted from a nearby radio station began floating over the telephone line, which is a building line and not connected with the regular telephone service.

Investigation was made but no mechanism other than the telephone line and two instruments were found. A search made of the building for a radio receiving set was fruitless.

## Former Local Resident Succumbs in Home at Pittsburgh.

Word has been received here of the death of H. Dallas McCabe, 53, former resident of this city, who died early this week in his home, 1161 Portland street, East End, Pittsburgh, following a protracted illness.

He was born in Pittsburgh, but his family came to this city when he was young. He was educated in the public schools of East Liverpool and Sewickley. When 17 years of age, Mr. McCabe entered business with [illegible]

McCabe. He was a former member of the city council and also served as president of the Chamber of Commerce, at Monessen, Pa.

Five years ago he located in Pittsburgh, but maintained a summer home in Bedford county, Pa. He was a member of the Highland Presbyterian church, Pittsburgh; of the Pennsylvania Society Sons of the American Revolution; of the Engineers' society of Western Pennsylvania; of the Pittsburgh Athletic association and other organizations.

He is survived by two sisters, Mrs. A. W. Ferren, wife of Mayor Ferren, of East Palestine, and Bertha D. McCabe, at home, and one brother, Charles R. McCabe, of Toledo.

Burial was made at Coraopolis Thursday morning.

(Continued from Page One)

You have heard of the man who did hold just that hand, and failed to take a trick. He trumped his partner's ace, because he had to, and the partner shot him dead.

The president hopes, and is determined to cut $300,000,000 more of the nation's tax bill. That comforts the "better element," which means the richer element, and also the struggling middle class man, with only two or three millions or even less, the man who expects to be well off in the real American sense of the word, some day.

At present, our very best element feels toward the tax gatherer as the faithful Dominique hen feels toward the farmer, gathering her eggs as fast as she lays them, and giving her a doorknob when she wants to set.

## East End Site

(Continued from Page One)

build on the site immediately, but it does mean that a lot would be available when the time comes. The site should be centrally located and action taken immediately, as a real emergency exists."

### Accept Dinner Invitation.

Several weeks ago the board discussed the need for a new school site in East End and looked over several lots. Should no offers be made to the board before the next meeting, it is likely that a committee will be named to list sites which are favorable and if the property cannot be purchased at a reasonable figure, condemnation proceedings started.

The board received an invitation from Charles F. Goodwin, secretary of the United States Potters association, to attend a dinner-meeting of the Trades, Technique and Management Forum, an organization of departmental foremen and superintendents, which will be held at the Country club, Friday May 22, when the proposed ceramic extension course in the local public schools will be discussed. The board members, clerk and Superintendent F. P. Geiger accepted the invitation.

Superintendent Geiger recommended that courses in Manual training and domestic science be introduced into the high school cirriculum next year. Three or four rooms in the Central school building will be used for high school classes to accommodate the new departments.

He also recommended that biology be made optional with general science in the high school and that an additional one-half year of algebra be added to the course, giving students two full years of this study. He also urged that home economics be required in the eleventh and twelfth years instead of the ninth and tenth years. His recommendations were referred to the teachers' committee.

### Rent Patterson Field.

The request of the Ministerial association for permission to teach classes in religious instruction in the various school buildings next year was not discussed. Members of the board said this question would likely be considered at the next meeting, as the ministers were anxious to have their answer in order to allow them time to select teachers and arrange other details before schools opened in the fall.

Use of Patterson field for the week beginning July 27 for a carnival was granted a committee from the Fraternal Order of Eagles. The rental fee will be $100.

Member George Wilhelm reported that estimates had been received on the cost of fencing Patterson field. This improvement probably will be undertaken during the summer.

Superintendent Geiger submitted a list of the teachers who had made applications for positions for the 1925-26 term of school.

Clerk-Treasurer Gaston reported a bank balance of $28,509.79. This will be sufficient to meet the May payroll and other bills before the June tax payment is received.

# DONAHEY MEETS CRABBE ATTACK

## Race Track Betting Reply Quotes Scripture.

COLUMBUS, May 8. — Governor Donahey reached into the Scriptures today to strike back at Attorney General Crabbe in the battle over pari meutel betting at Beulah Park here.

Directing Crabbe's attention to the parable of Lazarus in which a rich man in hell appealed to Abraham, in heaven, for assistance, Jacob A. Meckstroth, secretary to the governor, wrote:

"The governor directs me to acknowledge receipt of your second letter in re Beulah Park and to say that for his reply he wishes to refer you to Luke xvi, 29, which says:

"'Abraham said unto him, they have Moses and the prophets let them hear them.'"

"Sheriff Gump has you and the prosecuting attorney."

The letter was believed at the state house to refer to reports that before the meeting of county officials and ministers yesterday in protest against Beulah Park racing, prayer was offered by one minister, Crabbe, Prosecutor King and Sheriff Gump.

COLUMBUS, May 8. — Governor Donahey was again assailed today by Attorney General Crabbe for alleged failure to remove Sheriff Gump of Franklin county, in connection with continuance of pari mutuel betting at Beulah Park race track, near here.

## Plan Mothers'

(Continued from Page One)

be observed universally in our commonwealth and urging also that all churches and other religious organizations mark the occasion by appropriate exercises in their sanctuaries.

"Within the great kaleidoscope of history, reflecting hero and heroine, the noblest figure of them all is Mother. The dearest sacrifices she has made, the deepest suffering, patiently and silently endured, is hers; the hardest battles fought and won are waged within her heart.

"Fitting indeed is it that in the month of May each year we set apart a Sunday in reverence and honor of her who gave us birth; the season of a mother's love is ever spring—it never dies. No matter what the evidence of wrong her child has done, she still believes him innocent, or else forgives. He may have grown to man's estate, he's still her 'boy,' such is the faith and love that makes better men and women of us all.

"Let us, both young and old alike, hallow this day with recollections of the truths and lessons learned at Mother's knee. The world is busy but it will tomorrow be the richer for our having paused. Nor must we forget to send some token of remembrance, should we be fortunate enough to have her with us still, or make her happy with our presence if we may. If she has gone we should revere her memory with flowers and kindly thoughts. We know today is ours—we will not pass this way again."

## Lay Ground Work For U. S. Court Fight On Gasoline Tax

COLUMBUS, May 8.—Ground work for appeal to the United States supreme court in an attempt to have the new Brown gasoline tax declared unconstitutional was laid here in the state supreme court hearing today when Attorney Walter D. Meals, Cleveland, counsel for the Ohio Automobile association, contended that the Brown act constitutes an attempt to regulate interstate commerce.

## Air-Tight Blockade

(Continued from Page One)

tions of the coast guard fleet was forthcoming but with the Atlantic, Pacific, Great Lakes and territorial possessions exposed to smuggling, the anti-liquor operations will be extensive.

Much money will be asked of congress in December for the job of continuing the enforcement of the liquor smuggling laws can not be determined until final reports are available on the May offensive, officials said. Last year the coast guard appropriation was $22,000,000 of which $13,000,000 went for the building of new ships.

An effective blockade of the entire coast will mean more boats, more men and additional equipment. The treasury was awaiting a fair test of the present force to determine its effectiveness, and to plan for the future.

### Deny Bomb and Gas Attacks.

The coast guard's objective off New York is to make landing of liquor so hazardous and expensive that the foreign rum ships will "give up in disgust" and leave American shores.

Reports that the coast guard intended to bomb and gas Rum Row out of existence were denied. Most of the big liquor ships far off the shore are protected by international treaties, it was pointed out.

"We are there to prevent landing of liquor," a coast guard official said. "The small boats running liquor to the shore will be captured but we can't touch the foreigners anchored 30 or 40 miles out. We are satisfied with the results so far obtained."

### Smugglers Attempt Bribery.

Kidnaping threats of murder and bribery are being employed by rum smugglers in an effort to defeat the government's drive against rum row, coast guard headquarters said.

One man was kidnaped at Atlantic City, but later released. The smugglers, it was stated, were after a non-commissioned officer who has been active off Atlantic City in capturing smuggling craft, but they caught the wrong man.

Thousands of dollars have been offered to enlisted men and officers in the coast guard service to relax their vigilance along certain parts of the coast.

### Deny "Shoot First" Orders.

WASHINGTON, May 8.—A flat denial that the government is contemplating violating terms of the Rush-Bagot treaty in seeking to prevent rum smuggling from Canada was made at the treasury today.

# REPORTS FROM STOCK MARKET

NEW YORK, May 8.—Stock market activity was evenly divided between the railroad and the public utility stock in the early trading today, with a few of the motor and industrial stocks also in the line of advance.

The utility stocks were compelled to absorb a good volume of week end profit taking and prices were generally irregular, with most of the changes downward. American waterworks and Montana power were the most notable exceptions to this rule the latter advancing to above 84 on heavy trading. Utah securities and Electric light and Pawer were reactionary.

Rock Island, Chicago, Great Western, Wheeling and Lake Erie, Western Maryland and other of the low priced speculative railroad shares led a brisk forward movement.

The market moved rapidly in the first hour. Trades "shifted" from the oils and utilities to the railroad stocks, causing divergent price trends in these important groups of stocks. Brokerage houses reported a larger public participation in stocks, though professionals have been unusually active. Judge Gary's comment on "strong, healthy and vigorous" business conditions' which are likely to continue, was an important addition to favorable market factors, which also include the prospect of income tax reduction and easy money rates.

# UNION MINERS WIN IN COURT

## Judge Rules Peaceful Persuasion Should Not be Barred.

WHEELING, W. Va., May 8.—That peaceful persuasion should not be barred under the injunction granted the West Virginia-Pittsburgh Coal company against officers and members of the United Mine Workers of America was the opinion given by Judge W. E. Baker in United States court today when he made his ruling in the case pending against 20 officers and members of the organization. The court further ruled that the injunction, originally granted in 1913 and made permanent in 1914, should have included modifications directed by the United States circuit court of appeals at Richmond.

In passing upon the injunction the court today, however, did not take into consideration the question of whether or not there had been contempt under the injunction. That phase of the question was postponed until next Monday morning when council for the miners and operators submit a statement.

The court of appeals in its modifications permitted "peaceful persuasion" in efforts of the mine organization to unionize non-union workers.

The original injunction granted did not permit this.

The decision this morning was construed as a victory for the mine workers, of whom a score, including International President John L. Lewis, and others, were cited for contempt.

## Cleveland Carmen Vote Upon Strike Question Tomorrow

CLEVELAND, May 8.—Union carmen, employed by the Cleveland Railway company, will vote tomorrow upon calling a strike upon all city car lines. The action followed announcement by the company's management that hereafter the car lines would be operated upon an open shop basis. At the same time a wage increase of 5 cents per hour was offered. The union countered with a demand for an increase of 10 cents per hour.

the high school auditorium. Services on Sunday will be conducted morning, afternoon and evening.

Thirteen newly licensed ministers were reported today. They include A. H. Johnson, C. C. Conley, Martha Skuse, Joseph Skuse, W. W. Caskey, N. B. Vandall, C. M. Griffith, H. B. Schlosser, Fern Stewart, Margaret Shaw, Isabelle Myler, C. B. Strang and J. M. Sutter. Rev. J. Howard Rowe was transferred from the New England district to the Pittsburgh district.

Reports were made by Dr. Sloan and also by Evangelist Phillip Geiter. Evangelist James F. Miller spoke on the subject, "Mounting Up On Wings as Eagles." Musical numbers were given by Rev. F. R. Freese, Rev. Frank Watkins and Rev. Geiter.

Because of failing health, the resignation of Rev. W. L. Douglass, as pastor of the McKeesport church, was submitted at the Thursday afternoon session. Letters of greeting were voted for Miss Myrtle Pelley, Africa, and Rev. and Mrs. L. C. Osborn, China, missionaries from this district.

The church was crowded at the Thursday evening service, many being forced to stand. Rev. Mr. Johnson, Akron, led the song service, while music was furnished by the Sunday school orchestra. N. B. Vandall, song evangelist, of Akron gave a solo, "I Know He is My Savior." Prof. and Mrs. A. H. Johnson featured a vocal duet, "There Waits For Me a Glad Tomorrow."

Rev. J. C. Henson, representing the Eastern Nazarene College was the speaker for the evening, using the text "He Shall Save His People from Their Sins."

Business sessions will be held Saturday morning and afternoon, with a revival service Saturday evening. The convention is scheduled to close Sunday evening when the announcement will be made of assignments of pastors.

## Anderson-McHenry Wedding Solemnized In Lisbon at Noon

Coming as a surprise to their many friends is the announcement of the marriage of Miss Esther Anderson, daughter of Mr. and Mrs. C. G. Anderson, of West Sixth street, to Robert McHenry, son of Mr. and Mrs. Harvey McHenry, of West Sixth street. The young couple left this city at 11 o'clock this morning, motoring to Lisbon, where the ceremony was solemnized in the parsonage of the Presbyterian church of Lisbon by the pastor, Rev. B. W. McCauley. They were unattended.

The bride and bridegroom enjoy a wide circle of friends here. The bride was a pharmacist in the C. G. Anderson drug store preceding her marriage. The bridegroom is associated with the Victory Motor Sales company, Walnut street.

Following a honeymoon trip to Cleveland and other Lake points, Mr. and Mrs. McHenry will reside temporarily with the bride's parents.

# SALEM DAMAGE CASES SETTLED

### Judgments Amounting to $17,400 Returned Against City.

Judgments totaling $17,400 against the city of Salem have been returned by a jury in common pleas court under the direction of the court, which brings to a close every "sewage disposal" action against the city that has been filed up to and including January 1, last.

In all 32 judgments have been handed down against the city of Salem, these ranging from $1,200 in the case of Theda E. Allen down to $180 in favor of Kenneth T. Umstead.

The jury in all of these cases was composed of Mollie Zacharias, W. B. Allison, Ada Keller, Mary J. Willard, Rena Alexander, W. G. Calvin, Charles F. Patterson, A. F. Holliday, J. N. Tice, M. Hotchkiss, Henry Foster and S. L. Smith.

The law firm of Metzgar & McCarty represented all of the plaintiffs in these cases, while the municipality was represented by City Solicitor L. B. Harris. In each instance there was a compromise agreed to, and none of the plaintiffs received the amount they sued for.

It was indicated in court that although judgments have been rendered in all of these 32 cases, the city of Salem at this time has no funds to pay the claims. A bond issue will have to be sold to pay these judgments, according to Solicitor Harris.

The following judgments have been agreed to between the city of Salem and counsel for the plaintiffs:

Kenneth T. Umstead, $180; Theresa Kintner Astry, $720; Theda E. Allen, $1,200; J. Brooke Allen, $480; Theodore Campbell, $480; Thomas Carr, $420; Leah Templin, $800; Presley Umstead, $720; Homer F. Gray, $480; John A. Conway, $600; Mary Shaffer Marty, $480; Titus V. Riffle, $420; John Cuntain, $600; Elmer Mincer, $240; Nancy Adamson, $600; Nick Weingart, $420; M. S. Schnell, $720; William I. Colay, $420; Charles Willford, $420; Ida Gray Stratton, $360; Harry F. Lippert, $720; Inez Stahlsmith, $600; D. W. Weingart, $210; William B. Cessna, $480; Milo E. Wilson, $480; John Sox, $390; L. A. Coy, $450; Frank Vernet, $600; James Casso and others, $840; D. I. Richards, $720; Morris A. Umstead, $1,000.

The time of filing these actions in common pleas court ranges back from one to four years.

For Goitre Prevention

IT is a question for mothers to decide right now whether they will continue to use ordinary salt and run the chance of the children becoming afflicted with Goiter—or MULKEY'S IODINE SALT which is a goiter preventive recommended by health authorities throughout the country. In some places more than half the school children, especially girls, have goiter. That is because they do not get enough iodine in their food.

MULKEY'S is the original iodine salt distributed through the grocery trade. Ask for it by name.

## STATE WINNER IN WARD CASE

A verdict for the full amount asked by the state was returned by a jury late Thursday afternoon in the court of Judge James Glenn in the case of the state of Ohio on relation of Attorney General C. C. Crabbe and in behalf of Simon Eyster against William A. Ward of East Palestine. Only two ballots were taken by the jury, and a verdict for $4,203.91 was returned. This is what the plaintiff sued for.

The case has been on trial since Monday morning. The state had counsel in court assisting Attorneys L. M. Kyes and Everett L. Lyon of East Palestine, representing the plaintiff, while Attorney S. W. Crawford of East Liverpool and Attorney George T. Farrell of Lisbon represented the defendants.

While Eyster was employed by Ward, he suffered the amputation of a leg. Ward did not have industrial insurance. It was brought out that an ingrown toe nail caused some of the trouble to the foot of the plaintiff, also that he had had his foot stepped on by a horse before he took employment with Ward.

**Car Company Sued.**

James Lozzi, through his counsel, W. A. O'Grady of Wellsville, has filed an action in common pleas court against the Steubenville, East Liverpool and Beaver Valley Traction company for $1,100 as damages. It is claimed in the petition that a street car of the defendant wrecked an automobile of the plaintiff as a result of an accident.

**Can Visit Children.**

In the divorce case tried before Judge James G. Moore, and wherein a decree was granted Faye Tustin against her husband, Daniel W. Tustin, the court made an order that Tustin could visit the children, who had been placed in the custody of their mother not more than twice a month.

## GRADE PUPILS TO TAKE TESTS

Eighth grade examinations will be held in 15 different schools in the county Saturday, beginning at 9 o'clock, and it is declared by County Supt. of Schools H. C. Leonard that between 400 and 450 children register for this work.

The examinations will be held in the following schools: Fairfield Centralized, Salineville, Washingtonville, New Waterford, North Georgetown, West Point, Hanoverton, East Rochester, Rogers, Wellsville, Calcutta, Negley, Unity, Chestnut Grove and in the Lincoln school, North Market street, Lisbon.

Those who pass these tests will then be permitted to enter any high school in the county next September.

## TWO WOMEN FILE DIVORCE ACTIONS

A petition for divorce has been filed in common pleas court by Rose I. Wallace against her husband Everett R. Wallace, residing at the home of D. M. Sutler, 675 Lincoln avenue, East Liverpool. The couple were married June 27, 1917.

Mrs. Wallace in her petition charges her husband has been guilty of extreme cruelty.

Through her counsel W. A. O'Grady of Wellsville, Rebecca Spangle has filed a petition for divorce against her husband Harry Spangle residing at East Akron. They were marred Feb. 16, 1921.

Mrs. Spangle declares in her petition that upon several occasions she has provided and furnished a home for her husband that he has after a few months sold the furniture and converted the money to his own use, although he has steady employment and makes $6 per day.

**Granted Leave To File.**

In the case of James A. Monroe of East Liverpool against the United States Fire Insurance company of New York city, for reformation of contract and money, the court has granted leave to the defendants to file an answer to the petition by June 6.

**Made Party Defendant.**

On his motion, Walter McGeehan, has been made a party defendant in the partition case filed in common pleas court by Walter McGeehan against Clarence McGeehan and others. The action is for the partition of a 60 acre farm in section 12, Wayne township.

**Suit Instituted.**

Dean Groner, said to own a pool room in Salem, has been sued in common pleas court by C. O. Hawk of Lisbon for the recovery of a claim of $118.88.

**Case Dismissed.**

The case of Mary Anderson against H. G. Spouse and others for the possession of an automobile has been dismissed by Judge James G. Moore has been dismissed, for the reason that no legal appeal bond was filed, when the cause was carried to common pleas court from a court of justice of the peace.

**Settlement Reached.**

A settlement has been arrived at in the case of Thomas A. McDonough against Edward and Cora Myers, wherein judgment for $395 was sought in common pleas court on a promissory note.

**Woman Seeks Divorce.**

Matilda Ruth Schaefer, residing in Salem, claims that her husband has on many occasions struck her, also that he has used vile and profane language when addressing her, according to the divorce petition she has filed against Harry Schaefer, residing at 5154 Rosetta street, East End, Pittsburgh, Pa.

**State Normal Exams.**

Entrance examination to state normal schools will be held in the David Anderson High school, West Lincoln Way, Lsbon, commencng at 9:30 o'clock Saturday mornng, Prof. Fern Musselman of Kent State Normal being in charge.

This examination is for all other state high school graduates who expect to take a teacher's training course next year, whether at Kent, Ohio State university or county normal.

## BLIND FIDDLER MOURNS DOG WHO GAVE HIM EYES AND SHARED HIS BED

CHICAGO—Pocahontas is dead.

To most people Pocahontas was only a dog, but to Frank Ritter, blind fiddler, who has fiddled his way along Michigan boulevard for eight years, she was a friend, a counselor, a companion who never left him, who had guided him through 21 states, cheered his dark hours, shared his meals and his bed.

In canine language she told Ritter the time of the day, the day of the week, the month of the year. Pulling at a leather strap, she led him through the perils of Chicago's traffic—to "L's," to street cars, to lunch rooms, any place the blind man wished to go.

Ritter and Pocahontas were traveling south on Michigan boulevard when the fatal accident happened. An automobile, disregarding the stop light, crushed out the life of the faithful dog.

"Back in 1917, we went to Washington and Pocahontas shook hands with Woodrow Wilson," Ritter says as he mourns his lost friend.

"No, I can't play yet—not even an elegy. The doctor said he'd never forget the expression on that dog's face when the faithful creature died.

"People are very kind and have offered to get me another dog. But I cannot accept another dog. None would be so good, so clever as my Pocahontas."

## Japanese Interests Plan Deeper Harbor For Chief Coal Port

TOKIO—Japanese commercial interests are planning to make Rumoye, on the northwestern coast of Hokkaido, the chief coal port of the Japanese empire. A corporation has been formed to carry out harbor reconstruction work at a cost of $1,500,000.

Rumoye lies about 30 miles from the Uryu coal mines, which are the largest coal-producing mines in Japan. When the reconstruction work is completed it is expected that the port will be capable of shipping more than 1,000,000 tons of coal annually.

The reconstruction work involves chiefly the dredging of the harbor, so as to make Rumoye a port of call for vessels of more than 8,000 tons. The harbor is to be deepened to not less than 30 feet.

MIDDLEPORT, May.—The grade schools of Pomeroy and Middleport have closed for the year, having had only eight months of work. That much was made possible by state aid. The high schools of both towns will remain in session a month longer.

## Kin of Sargent In Convent Astounds Critics With Her Art

### Obscure Nun, Former Washington Girl, Praised as Great Painter by Experts.

BALTIMORE, May.—Working quietly within the cloistered walls of the Dominican Convent at Catonsville, a suburb, an obscure nun, a member of the Dominican community for the past 12 years, is producing works of art with her brush and canvas that astonish local critics.

Until the display of one of her paintings at a local gallery recently brought a flood of inquiries she was known simply as Sister Genevieve. Now it is revealed that before her entrance into religion she was Miss Mabel Estelle Sargent, of Washington, D. C., and that she is distinctly related to the famous John Singer Sargent, whose paintings brought him undying fame for his death in London a short time ago.

**Experts Praise.**

The paintings which astounded the critics is a copy of Rubens' "Crucifixion." When placed on exhibition it won unversal approval, one of the critics declaring that its author showed "all the potential gifts of a great painter."

The work of Sister Genevieve is considered all the more remarkable by the fact that she was first moved to try her skill with brush and paints, not because of any great interest in art, but by inspiration.

During her early school life Sister Genevieve displayed little interest in painting, choosng rather to devote herself to music as her particular hobby in the field of art. About four years ago, however, after she had been a member of the Dominican community for eight years, she confided in the Mother Superior of the Catonsville Convent that she desired to paint.

**Little Training.**

Although the order of which she is a member is very poor, the nun was given permission to secure the necessary materials and to follow her inspiration. Ever since she has devoted herself to painting whenever the rigorous duties of her religious life permit.

The only instruction Sister Genevieve ever received was by correspondence from Alon Bement, director of the Maryland Institute of Art, who regards her work as of exceptional merit. He declared her paintings to be "powerful and crude" rather than "finicky and nice," the qualities usually found in a beginner.

Efforts are being made by local art lovers to have Sister Genevieve given every opportunity to develop the great talent which, is is believed, she possesses.

# Mystic and Slayer, Aged 70, Will Hang On Same Gallows

## Astrologer, Who Will go to Death on Crutches, Forced Nephew to Kill Own Mother.

SALEM, Oregon, May — The grim business of hanging will take on its grimmest aspect when Arthur Covell, crippled mystic and student of the occult, is put to death at the state penitentiary here on the morning of May 22, for the murder of his sister-in-law, Mrs. Ebba Covell.

It will be an actual case of a man going into eternity on crutches. For the bearded mystic is a helpless cripple, unable to move from his waist down. He can neither stand up alone nor sit up in bed; and it will be necessary to carry him up the 13 steps of the gallows and support him while the noose is being adjusted.

On the same morning L. W. Peare, his hair snow white from 70 or more years, will be hanged for the murder of his wife and a neighbor in 1923. By a strange coincidence the two condemned murderers committed their crimes the same year and in Coos county, Oregon. And both will pay the penalty the same day on the same scaffold.

Covell, termed the arch-murderer and plotter, who planned to snuff out several lives "when the stars were favorable," murdered his sister-in-law through the agency of Alton Covell, his nephew and son of the dead woman. Young Covell, now 18 years of age, is serving a life sentence at Salem penitentiary.

### Murder Discovered.

Only by the slightest chance was Covell connected with the unusual homicide, which for several days completely mystified authorities in Coos county. The woman's body had been placed in the coffin and the lid fastened. The face was normal in color—it was presumed that Mrs. Covell died of natural causes. But before burial a woman asked permission to place a keepsake in the coffin. When the coffin was opened the face showed decided discoloration.

Physicians were called and investigation revealed that death was caused by ammonia. Dr. Fred Covell, the woman's husband was arrested and held without bail. Suspicion was later fastened on Arthur Covell, who lived with his brother, and upon Alton Covell, the dead woman's son.

The mystic's room was searched by authorities, including Luke S. May Seattle criminologist. A sentence scribbled on a piece of paper gave the final clew. It read:

"This is the day! Will Alton carry out the plan?"

From the lips of Lucille Covell, 14 year-old daughter of the slain woman, came the first confession. She told how "Uncle Artie" had planned the crime for two or three months. She said that the elder Covell did not like her mother because "she never went upstairs to see him and fussed because he ate so much."

The girl, in her naive way, related how the astrologer planned to do away with his sister-in-law. "Eleven a. m., September 3, 1923—the Venus hour" was the time appointed. Alton Covell, completely dominated by the crippled mystic, placed an ammonia soaked rag over his mother's mouth as she worked in the kitchen, and she died shortly afterward. The girl and Alton then placed their mother on a sofa and washed her face.

### Covell Confesses.

Trapped with his nephew, Covell made a complete confession, in which he said Alton and Lucille were at all times under control of his mind and will. He said Lucille was absolutely innocent of any wrongdoing; that his brother, Fred, the woman's husband, was also guiltless. Later he repudiated the confession.

Covell studied astrology of 15 years and is said to be exceptionally well informed. Investigations made by Criminologist May revealed that Covell had a type writer arranged with astrological characters. On this machine he wrote various murder plots and then transcribed the writing, in ink, to a book, holding to the astrological characters. He plotted the murder of a clothing dealer, May said; and, in accordance with his plot, the victim was to be found at the bottom of a stairway, indicating that he had fallen to an accidental death. In his pocket was to be found a will giving half of his property to Covell. Other decipherings revealed a plot to kill an entire family, burn the home, after removing various articles, and create the suspicion that a member of the family had committed the crime.

May said Covell wrote horoscopes for Hollywood motion picture studies and actors and contributed to astrological schools in Boston, New York and other cities. He studied the planets and reasoned carefully, setting the time of murder when the victim would be likely to offer the least resistance, as indicated by the stars.

# Quebec's Captured Shield Is Restored

# Lady Wild Expresses Views; Says American Girls are "Spoiled"

LONDON, May.—"Girls do not marry as easily as they used to, firstly because there are fewer men for them to marry, and, secondly, because they lead such utterly different lives nowadays that perhaps they are not in such a hurry to undertake the responsibilities of matrimony as they were formerly."

Lady Wild offers this explanation for the fact that there were far fewer Easter-tide weddings this year than usually.

"I do not think that girls are less willing to get married, but they certainly want a good time first," Lady Wild said. "The modern girl understands how to enjoy herself so much better than did the girls before her—and yet we in England do not spoil our girls as they are spoiled on the Continent and in America.

"Marriage is no longer an escape from home. A modern girl is so independent, she can do what she likes, go where she likes, follow what career she likes. And she is not nearly as sentimental and romantic as she was.

"Then, again, there is the increased cost of living. Men whose fathers were in good position at the age of thirty have had their chances ruined by the war and simply cannot afford to marry."

Saturday, Last Day, To Trade In Your Old Mattress For A New One

$5.00 FOR YOUR OLD MATTRESS

How Many Mattresses In East Liverpool and Vicinity Are Unfit to Sleep On?

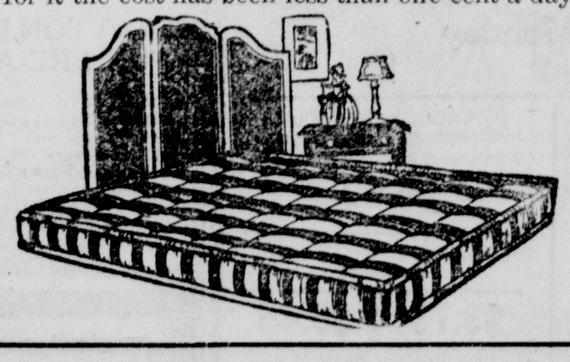

Every Old Mattress Taken in This Sale Will Positively be Burned

We will have a different truck call for your old mattress and it will positively be destroyed or if you wish to keep the old mattress or if you wish to destroy it yourself your allowance on a new mattress will be $5.00 just the same.

Facts point to many hundreds. Stop and consider that your mattress has been next to your body one-third of the time for the last five to forty years. You sleep on a mattress night after night, year after year. It can not be washed, it can not even be renovated and made safe for use. Mattresses are used year after year by persons in sickness as well as in health. Is it sanitary or safe in any way to "just let things go?"

No mattress should exist beyond 10 years at that if you paid $35.00 for it the cost has been less than one cent a day or night.

Take 10 minutes to investigate your bed, consider the service or discomfort it has given, then grasp this opportunity to purchase a new mattress.

For This Sale We Have Selected Our Buckeye 50 lb. Felt Mattress

This is a four row stitched 50-lb. all layer felt mattress in one of our best grades of ticking. It will pay you to stop in and examine it, and see how reasonable you can replace your old one.

The regular price of this mattress is $24.00. We will allow you on your old mattress, no matter what condition it is in, $5.00. Making the Mattress cost you $19.00 or if you pay cash the cost will be $17.10.

REMEMBER EVERY MATTRESS TAKEN IN THIS SALE WILL BE BURNED.

## OPEN TWO-DAY CHURCH MEET

### 175 Attend Banquet of Presbyterial Society.

Approximately 175 delegates of the Woman's Presbyterial society of the Steubenville Presbytery attended the jubilee banquet held last evening in the First Presbyterian church, here, as the feature event of the first day of the two-day fiftieth anniversary meeting of the organization.

The meeting was launched yesterday afternoon and a short session was held last evening. Morning, afternoon and evening meetings were on the schedule for today.

At yesterday afternoon's session, reports were submitted by secretaries, including Mrs. M. G. Hanna, Mrs. Howard Blake, Mrs. J. C. Flood, Mrs. A. F. Campbell, Mrs. O. C. Brill, Mrs. W. P. Allensworth and Mrs. W. A. Cordon. Mrs. R. J. Keifer, who originally was to have spoken tomorrow, transferred her talk on "Wooster School of Missions," to yesterday's meeting The chief address was given by Miss Ottoroa H. Horne, of Beirut, Syria, a missionary.

Mrs. A. G. Smith presided as toastmaster at last evening's banquet. Toasts were given as follows: "Our Guests," Mrs. E. G. Whitacre; "The Harvest of 50 Years," Mrs. J. A. Trotter; "The Next Half Century," Mrs. W. G. Reagle, of Grove City, Pa.; "The Overweight of Joy," Mrs. D. W. Arms, Duluth, Minn.. The assembly sang the song, "Ended a Year." Miss Marie Patterson, of East Liverpool, give the poem, "The Years." "Women Who Build" was the subject of a talk by Mrs. S. J. McCune, of Brilliant.

Secretaries' reports were scheduled for this morning's meeting. At this afternoon's session, officers will be elected, and various reports submitted.

The young people's banquet will be held this evening at 6 o'clock, followed by the closing events on the program.

## STRATTON ROAD FUND RE-ALLOTED

State Highway Director L. A. Boulay has advised the Jefferson County commissioners that $33,915 federal aid allowed more than a year ago for the Stratton-Empire road has been rescinded and the money re-allotted for the improvement of the road from the north city limit to King's.

The $33,915 was allowed more than a year ago for the Stratton-Empire stretch, but because the right of way on the road has not yet been determined and because of other matters in connection with it, the allowance for the road has been rescinded and transferred for the improvement of the stretch just above Steubenville. The sum of $5,000 inter-county money was allowed sometime ago for the maintenance of this road and will probably be used in its improvement.

Yesterday Federal Engineer W. M. Wilbur, Divisional Engineer Fawcett, county engineer and the county commissioners viewed the section of the road near Stanton park and conferred with officials of the Steubenville, East Liverpool & Beaver Valley Traction company regarding the change in the location of the car tracks at this point.

Plans for the improvement will be drawn up and sent to the state for approval and if approved the contract for the improvement will probably be let by the state.

## MRS. CARL MORGAN ENTERTAINS CLUB

Mrs. Carl Morgan entertained members of the Five Hundred club last evening at her home in Aten avenue. Cards were the chief diversion. Honors were awarded Mrs. Wayne Aeckerle and Mrs. Ernest Bennett. Luncheon was served by the hostess, assisted by her mother, Mrs. Hamilton. Guests included Mrs. McMadden and Mrs. Clarence Jackson.

The next meeting of the club will be held in two weeks at the home of Mrs. Otis Weekly in Broadway.

### P. H. C. Meeting Tonight.

Members of Fidelity circle No. 3, Protected Home Circle, will hold their regular meeting this evening in their lodge rooms, Ninth and Main streets.

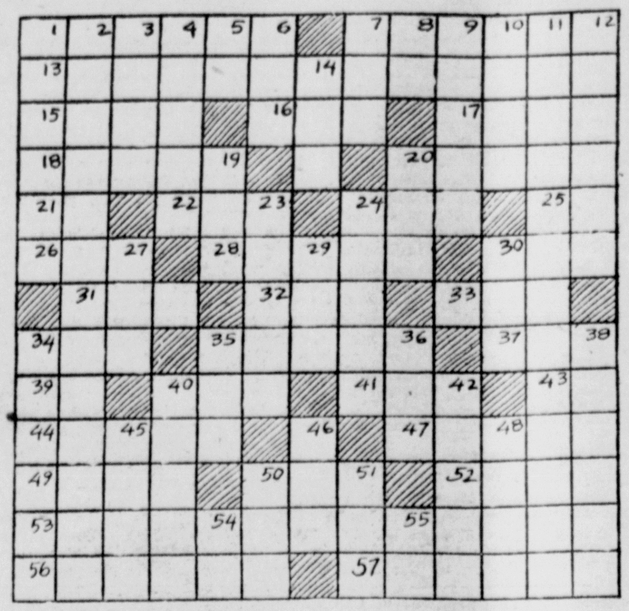

Following the business session, there will be a square dance for the lodge members.

Herewith is solution to Puzzle No. 171.

**How to Solve Puzzle.**

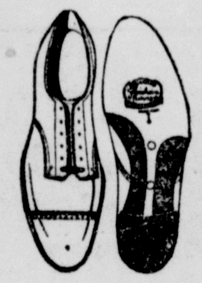

The best way to solve this cross-word puzzle is to run over the list of horizontal and vertical synonyms in search of evident or "easy" words. If horizontal, the word you are looking for must extend crosswise from the number to the first shaded stop on the right; if vertical, it must extend downward from the number to the first shaded stop below. When finished, the words should read equally well crosswise and downward.

## American Doctors Will Visit Erin For Annual Convention

### Six Hundred U. S. Medicos to Tour Ireland First Week in June.

BELFAST—For the first time in its history, the Inter-State Post-Graduate assembly of America—a body comprising about 75,000 members of the medical profession from all parts of the United States—is to hold its annual congress in this country. Hitherto the congress has been held every year in one of the leading American cities. The party coming over this summer is expected to number some 600.

The party will arrive in London on June 1, where they will remain until June 7, when they will begin their provincial tour, the itinerary of which will include Liverpool, Manchester, Leeds, Dublin, Belfast, Glasgow, Edinburgh and Newcastle-on-Tyne.

The arrangements in connection with the Belfast visit, which have been in the hands of Dr. R. Marshall and Dr. A. J. Dempsey, as local secretaries, and of a committee, are well advanced. Owing to their large numbers, the visitors will be divided into two parties, the first of which will spend June 13 to 15 in Belfast and the surrounding district and the second June 15 to 17. The lord mayor will entertain them at a reception in the city hall; and the prime minister will give a garden party, while Lord Londonderry, also, will act as host at another function. The American doctors will attend at a clinical demonstration and see operations in the Royal Victoria hospital and the Mater hospital. All the hotel accommodations for miles around Belfast, as far as Newcastle, have been booked.

Through a large advertising campaign a British tire company made its sales mount high and reduced the tire imports of the country 50,000 tires a month.

-and now I use CALUMET

THE WORLD'S GREATEST BAKING POWDER

"My bakings used to be a matter of 'hit or miss' — sometimes they were successful; then again a total failure, no matter how hard I tried. But that was before a friend persuaded me to try Calumet. Now I know what the result will be—what to expect every time — perfectly raised, uniformly baked foods. Bake day is really a delight."

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 oz. cans, instead of 16 ounce cans. Be sure you get a pound when you want it.

Baking Powder plays an important part in the success or failure of your baking. The great American housewives all realize this. They have found by experience that a better leavener is not, and cannot be made—that for nutritious and wholesome foods it has no equal.

Calumet is made in the World's largest baking powder factories; human hands never touch it.

## *Clears Complexion*

"Oh! how clear and beautiful your complexion is today, my dear!"

THERE is a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying, for that attractiveness which is not theirs. But why the wondering — the hoping — the praying for that craved for attractiveness—that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1826 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

### Hamlet Loses Nickname.

ST. CLAIRVILLE, May. —Paving of the National road and development of the automobile are given as reasons for the loss of the nickname "Poverty Row" by the hamlet of East Richland, four miles west of here. The village bore the nickname for decades. Property values there have increased to such an extent, and so many new buildings have been erected, that building sites are in demand. One ordinary home, with a small acreage attached, was offered recently at $20,000.

# DOCTORS PLAN BIG CONCLAVE AT SEASHORE

## Physicians Will Trek to Atlantic City May 25-29.

## ANNUAL SESSION

## Special Exhibits of Medical Art Will Feature Gathering.

CHICAGO, May.—Hotels on the board walk of Atlantic City, during the week of May 25-29, will house the greatest number of physicians ever gathered at the sea side city, according to an announcement made here by the Journal of the American Medical association, which will dominate Atlantic City at that time, has arranged to use the entire steel pier for its general meetings and its exhibits, and to use avaiable halls in most of the big hotels for special sessions.

In addition to the association, some fifteen or twenty other medical bodies will hold meetings just previous to or following the convention of the major organization.

### Medical Films.

A significant feature of the session will be a motion picture theatre devoted to the showing of special medical films prepared for the occasion.

A film prepared by Dr. Alevis Carrell, of the Rockefeller Institute will reveal the growth of a living human cell outside the body, as done experimentally by him in tubes of culture medium.

A film prepared by Dr. Clark W. Finnerud, Chicago, will show the development of ringworm and the different procedures used in healing such a lesion.

A special exhibit will be devoted to heart disease and another to the treatment of children poisoned by lye, or suffering from other destructive injuries to the throat.

### Many Exhibits.

Virtually all the great organizations devoted to social welfare and general health of the United States, including the American Society for the Control of Cancer and the American Social Hygiene association, have planned to exhibit their work in the scientific expositon at ths session and to demonstrate it through films in the motion picture section.

In the scientific meetings to be held by the sixteen scientific sections some 300 papers will be read on virtually all the advances in medical science during the last year.

The president of the American Medical association to be inaugurated this year, is Dr. William D. Haggard, of Nashville, Tenn. In his address he will point the way for special work by the physicians of the country in aiding the public health during the coming year.

# MANY FAINTING SPELLS ENDANGER WOMAN'S LIFE

Miss Stella Wallace, 426 Sixth street, Dayton, O., suffered so extensively with fainting spells that at times her parent thought her life had passed away. This condition was brought on by general weakness, disordered condition of the stomach, indigestion, faulty appetite, heart pains, constipation, and nervousness. Her mother induced her to take a treatment of Ka-di-ok, the wonderful herbal stomach tonic and system builder, which she did, and today, she declares to the Ka-di-ok representative: "I feel like a young woman should feel; no more dizzy spells, my food digests, I sleep good, have a good appetite and no more headaches. If ever a girl was thankful, I am that one; Ka-di-ok is just the thing to give one good health."

Miss Stella Wallace

Just one more of those almost miraculous metamorphoses brought about by Ka-di-ok; no harmful habit-forming drugs in its make-up, and its effects are lasting. Better get a bottle today and start on the right road to health.

Ka-di-ok is sold and recommended in East Liverpool by Mathews' Cut Rate Medicine Store, 129 W. 6th street.

## Schumann-Heink to Return to Opera to Celebrate Golden Anniversary

Mme. Ernestine Schumann-Heink, world famous contralto, will celebrate the golden anniversary of her debut as a singer by returning next season to the Metropolitan Opera House, scene of many of her early triumphs. Now 65, she is the oldest star of her magnitude to return to the stage after singing her formal farewell. She is shown as she is today, and (inset), when she was 50.

# Hay Fever Takes Quarter of Billion Toll Annually

## Surgeon-General Conducting Study to Determine Cause and Preventative.

WASHINGTON, May.—Hay fever probably cost the American people more than a quarter of a billion dollars in loss of wages every year.

Public health surveys show that about 1 per cent of the population is incapaciated from six to eight weeks annually by this malady, its effect, coupled with that of the ordinary bad could, resulting in a greater loss of labor-power to the big industries than any other disease.

Surgeon-General Cumming is conducting a study both of hay fever and bad colds to determine exactly their disabling results, their specific causes, and to devise means of combating their economic handicap.

One major industry reported to the Public Health Service that 48 per cent of their labor losses were due to acute respiratory diseases, which include hay fever and bad colds. Conditions in other industries are believed to be virtually the same.

On the success of treatment of practically been freed of hay-fever symptoms. Five per cent failed to respond to the treatment, while the remainder enjoyed from 25 to 75 per cent relief.

Hay-fever periods are as follows: Spring type, beginning in March and ending in June, caused by the pollination of trees.

Summer type, from May to the middle of July, caused by pollen of grasses.

Autumnal type, from August to the first frost, due chiefly to ragweed.

While the vast majority of hay-fever sufferers trace their disability to the rag weed, thousands are victims of the other types of the disease. Some, experts explained, are victims of the three types, suffering almost continually from the first breath of Spring until the first frost. Treatment for all diseases should be started in the early Spring, according to the experts.

Hay fever is a hereditary disease. It is aroused by outside influences such as pollen from grass, flowers, weeds and trees, emanations from animals, horse danger, cat hair and certain foods. Climatic conditions and many other factors, such as diseases of the nose and sinus, also have a tendency to produce paroxysms which temporarily incapaciate the victim. It is not, however, a communicable disease.

So far physicians have not discovered that hay fever has any permanent physical results.

The Veterans Bureau method of treatment consists of a series of inoculations following tests to determine what outside influences produce hay fever in the various patients. The duration of immunity, if attained, rarely extends beyond one or two seasons, victims being confronted with the necessity of treatment every other year.

With constant study, observation of government patients, and assistance of private authorities, officials believe that it may be possible to perfect a preventative treatment.

# Yankee Physician Honored in Paris

Dr. W Seaman Bainbridge of New York City, is being referred to as "the medical ambassador of the United States," in Paris, where he is being given many honors, notably by the Cercle Interalie. He is well known abroad for his wartime medical work in the allied cause.

World War veterans at the United States Veterans' Bureau of Public Health Service bases its belief that similar results might be obtained should the industries employ the same methods.

Dr. Harry C. Bernton, special expert in the Public Health Service, who is directing the Veterans' Bureau campaign against hay fever, said that 40 per cent of the veterans treated have

### Mysterious Fires.

DEFIANCE, May — Incendiaries, probably mischievous youngsters, were suspected of starting a number of fires during the last few weeks at Brunersburg, a village four miles west of here. Fire in the hay mow of a large barn, belonging to John F. Dowe, was discovered in time to prevent heavy damage. A few hours later, a straw stack piled against a shed, on the same property, was found blazing. The hen house of Walter Smith at Brunersburg burned at midnight recently.

The recently - discovered platinum field in the Lydenburg district of South Africa promises to be one of the most important in the world.

## CHILDRENS CROSS WORD PUZZLE

**Children's Pictorial Cross Word Puzzle—How To Solve Puzzle.**

The words start in the numbered squares and run either across or down. Only one letter is placed in each white square. If the proper words are found each combination of letters in the white squares will form words. The key to the puzzle—the first word—is given in the drawing. Below are keys to the other words.

**Running Across.**

Word 1. In the picture.
Word 4. Boy's nickname.
Word 5. Chubby, well rounded.
Word 6. The brother of your mother or father.
Word 8. Existing.
Word 9. The thin, cutting side of a knife. Plural. The margins of a sheet of paper.

**Running Down.**

Word 1. A small cylinder in which medicine is placed for you to swallow.
Word 2. Everything.
Word 3. The lady ruler of an empire.
Word 7. An untruth.

**A Prisoner of Love**

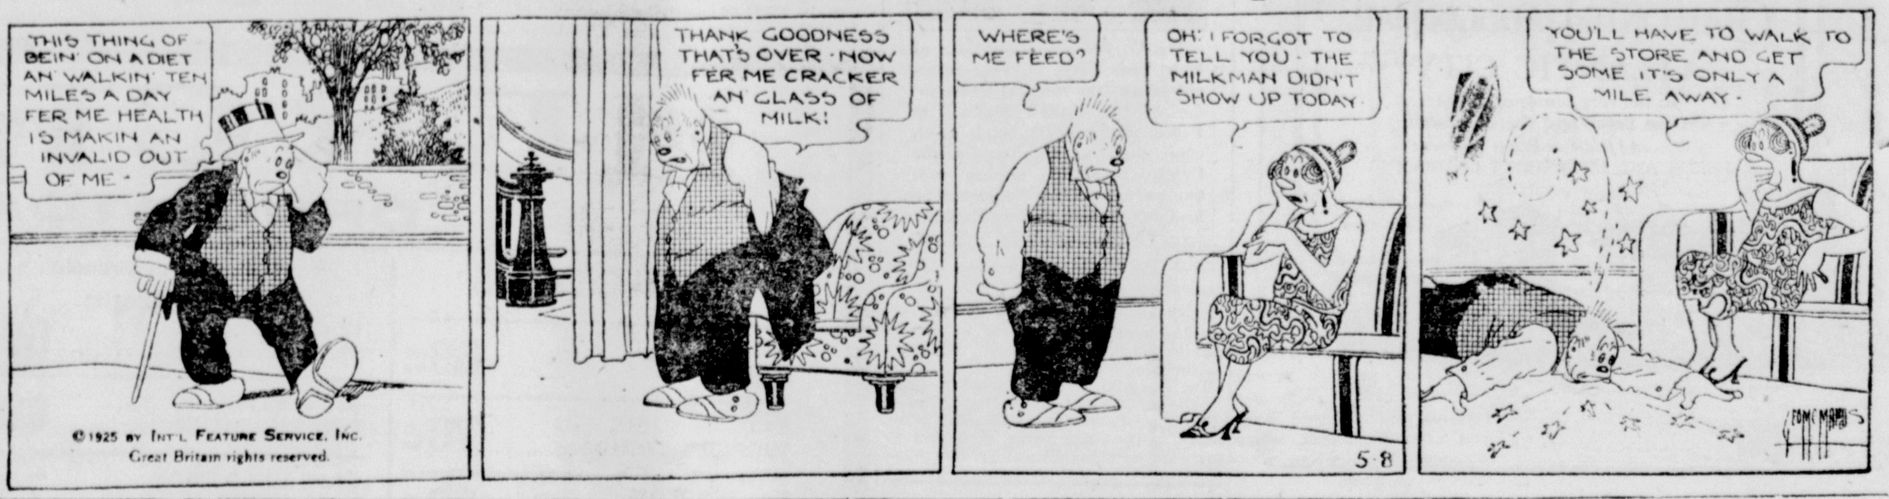

Polly was the daughter of missionaries living in China. Came the revolution. Polly was captured by Chinese bandits and held for ransom. Her terror was indescribable until she learned that the bandits were led by a white man—a young American—one of her own race to whom, she thought, she could turn for help. But she had yet to learn to what depths of degradation a white man can sink. The memory of those terrible days will remain with her to her dying day. She has written about it under the title "My Captain" in True Story Magazine for June. And this is but one of 18 big features. Get the June True Story today.

## Thought 3 Little Children Needed Mother's Care

"My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about Mayr's Wonderful Remedy and I took a course of it. I have since been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## Haskin's Letter

(Continued from Page Four)

Nor are the hazards all with the lawbreakers. Two months following the last day of the open season in Illinois two United States game wardens on patrol duty in Illinois river sections were shot from ambush, both of them receiving serious injuries. The wardens discovered a full case of shotgun shells and two sheep-lined coats in the woods, and while inspecting their find were fired on by a hunter or guard who was then joined by two pals and a small battle ensued, with the forces of law and order getting decidedly the worst of it. Both of them were peppered with No. 5 shot, and when they retreated they had to walk five miles to their boat, row a considerable distance, and then drive 25 miles before they could get medical attention.

## Nazimova Seeks U. S. Citizenship

**Alla Nazimova, vaudeville, screen and stage star in the United States for many years, has taken steps to become an American citizen. The news is coupled with a report that Alla and Charles Bryant, whom she married 18 years ago, probably will be divorced.**

They are still incapacitated, and their murderous assailants have not been apprehended.

These wardens were more fortunate than one of their fellow officers, E. A. Lindgren, who was shot and killed, while on duty in Iowa, by three Italians whom he was attempting to arrest for violating the migratory Bird Treaty Act. His murderers were arrested, convicted and are now serving life sentences. Lindgren was a young man and had been in the service but a month when he met his death. He left a wife and small child.

There have been other instances in which both Federal and State officers have been fired upon and while the violators of the game laws are perhaps not such resperate characters, on the whole, as are the rum runners and hijackers who provide the casualties of the liquor traffic it has been demonstrated that they are quite ready to use their guns when threatened with arrest. And it is to be remembered that guns are the regular equipment of game bird bootleggers.

### How Hunters Operate.

There is nothing sportsmanlike about these hunters. They are out to get birds in large numbers and they never give the game a chance. They are especially ruthless in going after wild ducks and geese and frequently use guns that are veritable young cannon, discharging a load of shot that will kill a hundred birds and cripple as many more when fired into a large flock. Among the interesting exhibits in Chief Game Warden Lawyer's office is such a weapon huge in size, crude in construction, and deadly in execution.

One of the chief obstacles in the way of enforcing the game law in some sections is the difficulty of securing convictions and the imposition of sufficiently severe penalties. Many judges have manifested the greatest leniency in dealing with the bootlegging gentry, hunters and dealers alike.

In this respect the situation is quite similar to that prohibition enforcement officials are up against. People who do not favor or believe in the law sympathize with the violators and do not think anyone should be punished for evading or breaking the law, and some of these people are to be found even in the courts.

However, many duck bootleggers have been caught, prosecuted and convicted, and Chief Warden Lawyer believes that their numbers are slowly decreasing. A few years ago one of them in Arkansas was fined $500 and sentenced to six months in jail, which is the extreme penalty under the Federal act. This violator was a persistent market hunter and had been one one of the leading figures in the traffic in wild ducks in his state for several years. He also had been before the Federal court previously for violations of the game laws.

In Michigan a dealer was fined $500 for selling 30 wild ducks. That took the profits of a considerable volume of business. For selling and shipping wild ducks in violation of the Migratory Bird Treaty Act an offender in Maryland was sentenced by the Federal court to serve five months in jail. Numerous other fines and jail sentences have been meted out against the game bootlegger and each year he is finding it more and more difficult to carry on his nefarious activities.

Given an adequate force of game wardens and the Feneral authorities say that within a comparatively short time the illicit traffic would be stamped out entirely, but with only 25 officers to cover the entire United States and Alaska it is obvious that the government is at a decided disadvantage. It is never possible to concentrate more than half that force in a given section and ten or twelve men can not patrol a very large territory and make a thorough job of it.

### Not Splitting Fees.

NELSONVILLE, May—Minor court officials of Athens county, who have been busy raiding moonshiners and arresting bootleggers for several years, said they were advised by Anti-Saloon league officials that the new Ohio law prohibiting fee-splitting will not cut their fees. They said they are not splitting fees, but are keeping them all.

# County High School Athletes Set For Lisbon Meet Saturday

## 150 Contenders From Eight Schools Will Vie For Trophy Cup

### Favorites are Scarce and "Dark Horses" Plentiful; Preliminaries Scheduled to Start at 10 a. m., With Finals at 12 O'clock.

Over 150 athletes of Columbiana county high schools will be mobilized tomorrow at Lisbon for the annual drive on the Columbiana County Track and Field association trophy cup, now in the possession of East Palestine high school. The assembly of runners, jumpers and weight heavers will mark the twenty-second annual meet.

Favorites are scarce, although in some quarters Salem is mentioned as having something better than the rest of the field. Coach Arthur Mensforth, of East Liverpool, firmly believes that whether it be Salem or someone else, the winner will have to reckon with the Blue and White.

Wellsville is said to have shown strength in the field and weight events, which is not unusual for that school. East Palestine has lost Waldo Ward and with him their big punch.

The preliminaries are scheduled to start at 10 o'clock tomorrow morning. Five events are scheduled, including the 100-yard dash, the 220-yard dash, the 220-yard hurdles, the high jump and the pole vault. Six contenders in each event will toe the mark in the finals in the afternoon.

The afternoon program will get under way at 12 o'clock, if possible, meet officials announced today.

Eight schools are entered — East Liverpool, Salem, Wellsville, Lisbon, East Palestine, Columbiana, Leetonia and Salineville.

The East Liverpool entries probably will be:

220 hurdles—P. English and Furrer; 100-yard dash—Kreefer and E. English; 220-yard dash—Kreefer and E. English; 440-yard dash—Golden and Kreefer; half mile — Shaffer, Pyles or Howard; mile—Shaffer, Fugate or Pyles; relay — Golden, Kreefer, E. English and Howard; high jump—Howard and Dickey; pole vault—P. English and Howard; broad jump—P. English and McVey; discus —Bennett and Golden; shot—Bennett and Haines; javelin—Haines and Riebel.

## SHOWDOWN ON NURMI CHARGE

### Runner's "Expense" Deals Called Before Rubien.

By Davis J. Walsh.

NEW YORK, May 8. — An official showdown upon the question of whether Paavo Nurmi's daily expenses would keep a buttonhole maker in garlic for the rest of his life or that the young man merely runs for the simple joy of exercise probably will be had this afternoon. It is expected to come during a hearing of the case by Fred Rubien at the national headquarters of the Amateur Athletic union.

Nurmi, with Willie Ritola and Hugo Quist, are due to arrive in town today and will be haled before the one-man tribunal to answer the charges of K. L. Wilson of Drake University, that excessive expenses were demanded by Quist for the appearance of the two stars at the Drake relays.

Wilson's allegation is to the effect that Quist asked $1,000 for Nurmi and $500 for Ritola, it being apparent that Nurmi was to be considered not only a faster runner than Ritola but one who lived twice as rapidly.

The Drake side of the issue will be presented by Mr. Wilson's affidavit only and it may not be enough. An affidavit can only make a statement; it can neither amplify nor argue.

Quist's side of the story is that he met Wilson just once and that the question of expenses did not arise during the interview in question. Neither Nurmi nor Ritola were present, according to the statements of Wilson and Quist. Therefore, it is the general belief that it will be difficult to connect them with the alleged demand.

This, by the way, was based on the theory that Drake University should pay the expenses of Nurmi and Ritola to and from New York and Nurmi's passage back to Finland, according to Wilson. Both runners were no nearer New York than Chicago, Cook county, Ill., when the alleged demand was made.

Secretary Rubien will be aided in his decision by the reports of various committees named to investigate the situation in various cities in which the Finns appeared during their western trip. By way of showing good faith, Rubien cancelled what remained of the junket after Nurmi and Ritola had run in Los Angeles.

Two engagements for Nurmi were permitted to hang fire, however, until the case was settled. One of them is at Worcester, Mass., tomorrow and the other at Pittsburgh on Monday. The odds are 2 to 1 with no takers that Nurmi will keep both.

### Browns Stop Ty Cobb And Detroiters Lose

ST. LOUIS, May 8.—The St. Louis Browns stopped Ty Cobb, who had made five home runs in two games, and gained an even break in their series with the eDtroit Tigers by winning yesterday in the final game, 6 to 5. George Sisler, Brown playing manager, hit safely in his twenty-second consecutive game of the season.

### Cooney Hurls Braves To Win Over Dodgers

BOSTON, May 8.—Johnny Cooney pitched the Boston Braves to a 7 to 3 victory over the Brooklyn Robins yesterday.

In the fifth inning, the Braves bunched four hits off Thormahlen and Hubbell, and with the aid of three errors, scored four runs.

## FISH AND GAME SUPPER MAY 22

### Local Branch of Sportsmen's Body Plans Annual Event.

The East Liverpool Branch of the Columbiana County Fish and Game Protective association will hold its annual fish supper on Friday evening, May 22, in the F. O. E. home, in Broadway.

Plans for the event were announced by Secretary Miller following the regular meeting of the organization last night in the Fowler building in the Diamond.

Over 300 pounds of fish will be ordered for the supper, according to Mr. Miller. Nearly 500 sportsmen are expected to attend.

Plans for the supper will be completed at a special meeting of the branch to be held next Wednesday.

## BOSTON OBSERVES GOLDEN JUBILEE

BOSTON, May 8.—Today was National league golden jubilee day.

Braves Field was the scene of activities. Judge Kenesaw Mountain Landis, high commissioner of baseball; President John Heydler of the National league and scores of old-time ball players were on hand to assist in the ceremony of raising the jubilee flag.

The baseball game was between Boston and Chicago, the only two charter members now in the National league.

## 16 WILL START IN PREAKNESS

### Greentree-Whitney Stable Entry Rated as Favorite.

BALTIMORE, May 8. — Sixteen three-years-old, representing the ultimate in thoroughbred development, will go to the post this afternoon in the eighteenth running of the $50,000 Preakness at the Pimlico track, second only to the Kentucky derby in point of importance. The race will be at one mile and three-sixteenths, an eighth of a mile longer than in previous years.

The early weather was clear and the track fast and with Baltimore's streets fairly overrun with visitors, the track's capacity of 30,000 was likely to be more than strained.

Some hours before the race, the Greentree - Whitney stable entry of Chantey and Backbone was rated the favorite, largely because of Chantey's impressive running here in Maryland. The half brother of Enchantment didn't race as a two-year-old but recently broke the track record for a mile and seventy yards at Have de Grace. His price today is likely to go as low as 2 to 1.

Singlefoot, with the best two-year-old record in the field, was another likely choice at a short price.

Maid at Arms, the only filly to start, had quite a following, thanks to the fact that she won both of her 1925 starts, including the Pimlico Oaks.

Bud Fisher not only contributed the Woodland vase to the winner's prize but also the entry of Swope to the field. The colt's running will be doubly interesting because he will be ridden by Earl Sande and the fact that Fisher won the 1924 Preakness in the mud with his filly, Nellie Morse.

Other favored entries were Almadel, upholding the traditions of the Blue Grass district; Voltac, who showed well in the Woods stakes at Jamaica; By Hisself, son of Mar O' War; Prince of Bourbon, winner of three races this season, and Gifford Cochran's Coventry, the official dark horse of the race.

Much of the event's glamour was diminished by the successive breakdowns of Stimilus and Master Charlie and the recent death by poisoning of Sunnyman.

Reconstruction of railways in Poland destroyed in the war is expected to be completed within ten years.

### Indians Climb Into Tie for First Place

CLEVELAND, May 8.—Cleveland batted two Chicago pitchers hard enough yesterday to defeat Chicago, 7 to 5, and climb back into a triple tie with Philadelphia and Washington for first place in the pennant race.

Smith blanked the Sox for five innings, but was hit hard in the sixth and seventh, errors also helping Chicago. The score:

### Tagging The Bases

Going into the ninth inning five runs to the bad the Giant attack broke loose with the fury of a woman scorned, drove in nine runs and beat the Phillies, 11 to 8. Ring, Decatur and Couch were driven from the premises by the bombardment, the feature of which was Wilson's pinch homer with two on.

Glenn Wright took his place with Neal Ball and Bill Wambsganss by retiring the Cardinals in the ninth with an unassisted triple play. He clutched Bottomley's liner, touched second, doubling Cooney, and tagged Hornsby coming into the bag. And still the Pirates contrived to lose, 10 to 9.

Sisler hit safely in his twenty-second consecutive game, getting three for good measure, as his Browns took a fall out of the Tigers, 6 to 5.

Successful drop kicks by Johnston and Mitchell and indifferent pitching by Thormahlen staked the Braves to a 7 to 3 decision over the Dodgers, Cooney being parsimonious in the pinches.

The Indians edged back into a triple tie for first place by beating the White Sox, 7 to 5, in spite of the fact that Smith's left hand yielded fourteen hits.

### Giants Hamer Three Phil Hurlers to Win

PHILADELPHIA, May 8.—Trailing by six runs when they entered the ninth inning the New York Giants pounded three Philadelphia pitchers out of the box and scored nine runs in eleven hits, nine of them in a row, to win by the final count of 11 to 8 yesterday.

Ring, Decatur, Couch and Pearce went against the Giants, while Nehf, who was knocked out of the box in the fifth inning by the Phillies, was followed by Greenfield, Huntzinger and Scott.

### Cardinals' Rally in Eighth Beats Pirates

PITTSBURGH, May 8.—St. Louis came from behind yesterday and, scoring six runs in the eighth, defeated Pittsburgh, 10 to 9. The feature of the game was a triple play, unassisted, by Glenn Wright, Pittsburgh shortstop, in the ninth inning. With Cooney and Hornsby on base, Bottomley hit a liner into Wright's hands. He touched second, retiring Cooney, who had started to third, and then touched out Hornsby, who had dashed for second.

### SCOTT MEMORIAL RACE FEATURE

CLEVELAND, May 8. — The Xen Scott memorial handicap—in memory of a Cleveland newspaperman and authority on horse racing—will be one of the features of the opening of the 1925 season of the Ohio Jockey club at Maple Heights tomorrow. More than 800 horses have arrived for the heet.

### SARMIENTO AND TREMAINE MEET

CLEVELAND, May 8. — Carl Tremaine, Cleveland's candidate for bantamweight honors, is carded to meet Pete Sarmiento of Manila, in the 12-round feature bout of the public hall boxing show here. Kid Carlin, of New Orleans and Tommy Hughes of Detroit will meet in the eight round semi-final.

**Stribling Beats Rojas.**

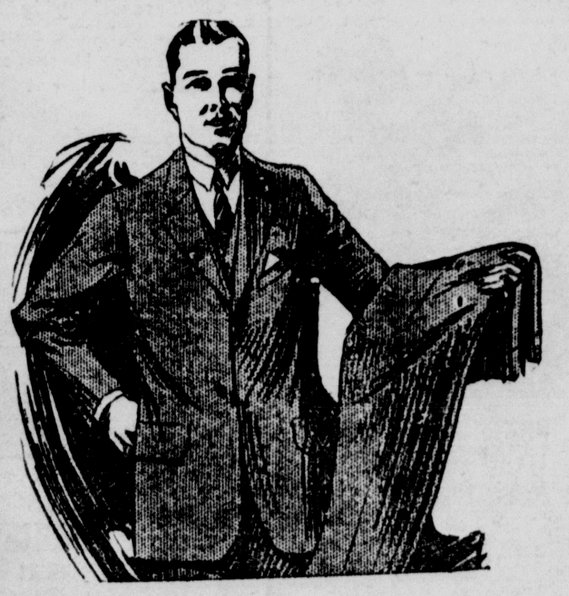

BOSTON, May 8.—Young Stribling, 20 years old, of Macon, Ga., was in the heavyweight class today, having defeated Quintin Romero Rojas of Chile last night. The Georgia boy punished the Chilean so severely that the battle was stopped after three and a half rounds.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan. Maxwell dealers and superior Maxwell service everywhere.

The fast-increasing number of new good Maxwell cars on the streets is causing widespread comment. It is a perfectly logical happening, for no other four delivers the Maxwell combination of 58 miles an hour, 5 to 25 miles in 8 seconds, and 25 miles to a gallon of gasoline.

But there are still greater satisfactions for the Maxwell owner. The car is completely manufactured within its own great plants. This is an advantage of genuine importance to the buyer. In no other way could you be assured of the quality that distinguishes the new good Maxwell from all other fours.

It is this high quality that accounts very largely for the dependable nature of Maxwell performance, the car's durability and, above all, costs of operation and maintenance so low as to create a new standard of economy.

We are always eager to demonstrate the new good Maxwell, for a ride in the car proves at once that it offers more fine motoring than was ever before available at the price.

# WHAT WILL EAST SEND TO DERBY?

## Dopesters Expect to Find Answer in Pimlico Event.

By THOMAS TEMPLE HOYNE.

LOUISVILLE, Ky., May 8.—What thoroughbred stars are coming out of the east to pit their brilliance against the bright lights of the western turf in the Kentucky Derby a week from tomorrow?

That is what the dopesters, talent and general public are concerning themselves with just at present, and they expect to be furnished with something like a definite answer in the running of the Preakness stakes at Pimlico this afternoon.

Sixteen three-year-olds are carded to start, and an even dozen of them are eligible for the Derby. Only one, Maid at Arms, is a filly. She is in with 121 pounds. All the others will carry 126 pounds, their Derby weight.

The 12 probable starters that are Derby nominations are Swope, Back Bone, Gold Stick, Prince of Bourbon, Almadel, Chantey, Singlefoot, Marconi, Voltaic, By Himself, Claudland and Finland.

Swope is Bud Fisher's colt—Fisher of Mutt and Jeff fame—and is regarded highly by some. The great Sande, it is said, has been transported from New York to ride him.

As a two-year-old Swope started in 22 races, and vidided his efforts fifty-fifty between being in and out of the money. He won only one race, was second six times and third four times.

The quartet to watch particularly, the race-wise believe, are Chantey, Almadel, Singlefoot and Prince of Bourbon. Back Bone has performed well this year, but he will have to prove today that he is better than the quartet emphasized to get the call over them for the Derby.

TROTTER'S

**Two Suits Settled.**

GLENCOE, May — Two suits, directed against Ernest Long, local farmer, as a result of the latter firing into a tree in his orchard, it was claimed, were settled before reaching trial in the Belmont county common pleas court. It was charged that one of the bullets hit Alex Imrie. The boy's father, John Imrie, received $150 for medical and hospital attention and the lad was given $100. Long was convicted of assault, following the alleged shooting. He claimed his apples were being stolen.

As an effect of the unsettled political conditions in North China, it is reported the only business activity is the sale of automobiles to New China officials.

## Divorced Frenchman Bites Wife's Nose Off; Her Condition Serious

PARIS—Camille Lalei in a fit of rage bit off his wife's nose and so severely maltreated her that she is in a serious condition in the Charity hospital. His wife had frequently complained to her parents that her husband was excessively brutal and she decided to demand a divorce. It was granted soon after and she went back to her parents to live. One night in the secluded darkness of her hallway her husband seized her. He is in the Paris tombs awaiting trial for attempted murder, while she is in the hospital.

## The *Registering* Piano

## Why You Get Your Money's-Worth and More, in a Gulbransen

You get your money's-worth out of your piano investment only if everybody in the house can play it.

Own a Gulbransen and your home is enriched with *a real musical instrument.* You have a piano *everybody* enjoys because everybody can play it, and with rare *feeling* and *expression!*

Piano quality? Yes. 100%. The Suburban Model, for instance. A particularly carefully made instrument. Good tone. Easy keyboard touch for hand playing. Fine veneers. Excellent finish. Handsome. Easy to play. Price only $530.

Gulbransen is known everywhere for quantity production. That's why we can build and sell so high-grade an instrument, for so little money.

Gulbransen has also made it possible for anyone, whatever his circumstances, to own a genuine Registering Piano and pay for it in two years, if you wish. Prices range from $450 for the Community Model to $530 for the Suburban Model, $615 for the Country Seat Model and $700 for the White House Model, the finest musical instrument that skill, the choicest materials and over 50 years' experience can produce.
